MINUTE BOOK "C."

MINUTE BOOK OF PROPERTY COMMENCING ABOUT THE YEAR 1685, BOOK C. IN THE SECRETARIES OFFICE.

William Penn, Proprietary and Governor of the province of Pennsylvania and Counties annexed, &c.

WILLIAM PENN:

To my trusty and loving friends William Markham, Thomas Ellis and John Goodson, or any Two of them I heartily salute you.

For as much as there will be Occation to Dispose of Lands, both to Purchasers and Renters, as they are commonly Distinguished, and that the former Commissioners for that Service have served in that Charge a Sufficient Time, and Reposing Special Trust and Confidence in your care, prudence and Integrity, I Do hereby Impower you, or any two of you (my Secretary being one) in my Name and for my behoof, to grant warrants and Survey Land, and Pass Patents for the Lands so surveyed, so as it be according to Custome and the regulation formerly settled and observ'd, hereby revoaking all other Commissions of this Nature heretofore Granted, Requiring all Persons to yield you the regard and respect that belong to the trust I repose in you, and so I recommend you to God's grace and protection and bid you heartily farewell.

Given at Worminghurst Place in old England ye 21st of the 11th Month, 1686.

A Proclamation concerning the Caves of Philadelphia, By William Penn, Proprietary and Govern'r, &c.

WILLIAM PENN, *P. G'r:*

Whereas I did at first, in regard of the infancy of things and specially out of tenderness to the poorer sort, permitt divers Caves to be made in the Bank of Philadelphia, fronting Delaware River, for a present accommodation, and perceiving that

hey are commonly disposed of from one to another as a kind of Property, and taking farther notice of the great Detriment that is like to insue to the Street by the continuation of them, as well as the Disorders that their great Secresy hath given occasion to loose People to commit in them, I do hereby desire and strictly order and warne all the Inhabitants of the said Caves to depart the same within two Months after the Publication hereof, And require my trusty and loving friends and Commissioners, William Markham, Thomas Ellis and John Goodson, or any two of them. to see that the same be accordingly effected. And that no Damage may redound to the Publick by my former Indulgence; the said Commis'rs are thereby ordered to cause a Survey to be taken of the State of the Said Caves that such who have lived in them may be obliged to secure the Bank and Street from any Damage that may happen from them. It being but a reasonable thing that those who have had the benefit thereof should Indemnifie the Publick, of which all Persons concern'd are to take notice and yield their due obedience as they will answer the contrary at their Perrill.

A Proclamation concerning cutting of Timber and clearing of Lotts in Philadelphia and Suburbs, By Wiliam Penn, Proprietary and Governor, &c.

WILLIAM PENN, *P. G'r:*

Since Justice in all things ought to be observed, It ought not for that reason in the least thing to be neglected, and for that end I took great care whilst I was in the Province among the rest to prevent peoples cutting Wood. and especially Timber off from other men's Lotts; and foreseeing the Scarcity that would quickly follow, I did appoint a Woodman, who was instructed to grant such trees as belonged not to any private Person, and in such number as the case deserved, and for his paines to receive 6d pr. Tree. Now inasmuch as I am credibly informed that some of the People of Philadelphia have been very Irregular and Injurious herein, I do hereby desire and strictly Order my loving friends and Commissioners, William Markham, Thomas Ellis and John Goodson, diligently to inspect this matter and to cause such as shall from time to time, be found offenders, to be effectually and Impartially presented according to Law in that case provided. And because one of the evil consequences of destroying the Timber so irregularly, has been the growth of Underwood, which does

not only hinder the Towne Stock of the benefit they might else have and render the Town more a Wilderness, but if not cleared and prevented may become a common Nusance by being a covert for Vermin, and too often for loose and evil Persons. I have thought fit to require my said Commissioners, and they are hereby ordered to present this to the Inhabitants of the Town whose accommodation has been for the most part the cause of this Inconveniency; And they also are hereby required to take some effectual course to clear the ground of such Under-Woods with all convenient speed.

A Proclamation concerning Seating of Land, By William Penn, Proprietary and Governor, &c.

WILLIAM PENN, *P. G'r:*

Since there was no other thing I had in my Eye in the Settlement of this Province next to the advancement of Virtue, than the comfortable Situation of the Inhabitants therein and for that end, with the advice and consent of the most eminent of the first Purchasers, ordained that every Township consisting of five thousand Acres should have tenn familys at the least, to the end that the Province might not be like a Wilderness as some others yet do by vast vacant tracts of Land, but be regularly improved for the benefit of Society in help, trade, education, Government, also Roads, travill, Entertainment, &c., and finding that this single constitution is that which eminently prefers the Province in the esteem and choice of Persons of great Judgment, Ability and Quality to embarque with us and second our beginnings. I do hereby desire and strictly order my trusty and loving friends and Commissioners, William Markham, Thomas Ellis and John Goodson, or any two of them, that they inspect what Tracts of Land taken up lye vacant and unseated and are most likely to give cause of exception and Discouragement to those y't are able and ready to seate the same and that they dispose of, if not seated by the present pretenders within Six Months after the Publication hereof, provided always that the usual time allowed for Plantations be already expired and that this extends not to those persons that have forfeited their Lands in the Annexed Countys to whom I a year and an halfs time after my arr[illegible]

served towards all in the disposal of Land, as well in reference to quality as quantity, that what is Right in the Sight of God and good men may always be preferred, for it is the best and lastingest Bottom to act and build upon.

A a meeting of ye Commissioners ye 13: 3mo., 1687. Present William Markham, Thomas Ellis and John Goodson.

The Governor's Instructions was read which was directed to William Markham, Thomas Ellis and John Goodson, which follows Verbatim:

W. PENN, *P. G'r.:*

Trusty and well beloved friends I heartily salute you; I have thought fit, having made you my Proprietary Deputies or Commissioners, to let you know my mind about the Execution of that Trust I have reposed in you which you shall receive in these following Paragraphs and doubt not your strict, faithful and diligent execution of my Will and Pleasure in ye same from time to time.

1st. That no warrants of resurvey be granted by you for Land within five Miles of the River Delaware, or any Navigable River.

2dly. That all over plus Lands upon Resurveys granted by the former Commissioners not already granted finally or not patented be reserved to my use and Disposal.

3dly. That you take especial Care that where the Timber of mine or my Childrens' Lots is not cut down it be carefully preserved. And for as much as I am informed y't ye great Oake on ye left hand of ye Center in my Son's Lott or no Lott and so mine is felled, That I so often and solemnly warned People not to fell. I Desire and require you to inform yourselves who did it and Indict him for the same to ye utmost rigour; and hearing, that a Windmill is setting up in the Town of Philadelphia which is my Royalty to the Prejudice of Water Mills before they have half paid their Charges, which is unjust and Detri-

[illegible]ers of the Water Mills, and that the [illegible]onsidered, I do hereby ord[illegible]
[illegible]ill at least till furt[illegible]
[illegible]y granted

Thousand Acres for the Welch People to lie contiguous on the West side of ye Schoolkill, And that I am informed incursions have been made upon those Lands contrary to Equity, As also that Charles Ashcome refuses to make regular returns To Thomas Holme, Surveyor General, or pay him his old dues, which was one-third from the first of his serving under him. These are to will and require you to look into the same, and to do Justice both to the Welch and to ye Surveyor General. Charles Ashcome promiseing me to pay ye said one-third Part of ye Money for survey to the said Thomas Holme, and in Case the said Charles Ashcome shall be disorderly or refractory you are hereby impower'd to displace him, otherwise to continue him in his Imploy.

5thly. No Lands to be laid out next or Adjoyning to y't Inhabited and that in every Township one Share be reserved for the Proprietary with all ye Indian Fields that are in the said Township.

6thly. That wherever you have any Knowledge of Mines of any Sort or but a probable report of the same you do not offer to grant the same to any Person whatever without my express warrant for the same, and therefore that you put a stop to ye Irregular grant that was made to Charles Pickering and John Gray, alias Jathan (now discovered to be a Benedictine Monk of St. James's Convent, as they call it, commanded over by ye King), and their Adherants. And that in my Name you warn them all to desist as an Irregular Survey, for which Thomas deserves from a Surveyor General to loose his Office if I am rightly informed. And also that you send me of the best you can get of ye said Mines by ye first opportuntiy.

7thly. That you make a Schedule of my rents and Call my Steward, James Harrison, before you and Inform him of my Right by giving him a Copy of the said Schedule, and that you take Cognizance of his Receipts and Disbursements as my former Commissioners for my little Revenue were Impowered to do. And for the same y't you Receive as a fee ten Bushels of English Wheat Each of you yearly, remembering that the last day of ye year Eighty-five my New Rents were due and I desire and order you to see that they are paid by inferior Servants that James Harrison, my loving Steward, Employs in that Service, that so my family may be maintained, my Improvements go on and what is owing Dischraged; the last day of this Month there will be two years due, which I expect to a farthing, for that is like to be my supply at last. And because my new Rents are to be paid in Money or Silver, not in Produce, I do hereby order you to tell my Steward and under Stewards so, to whom you are on behalf of the whole of my In-

come Inspectors or over Seers. For the Proclamation concerning the Caves I would have it forthwith Published, for y't of the Land being seated use your Discretion so that ye Time may not exceed three Months after its arrival, I mean for its Publication; the other Proclamation relating to Timber and underwood ought to keep Company with that of the Caves of which pray take effectual care.

Lastly be careful that the Surveyors Intrench not upon any of my manners nor my Childrens' or Kindred's and y't in all things you be meek yet Just, Ready to hear yet set your Times and keep them exactly and I beseech ye God of Wisdom to direct and protect you, and leaving you to his grace, I bid you heartily farewell.

Given at Worminghurst Place in old England ye 1st day of ye 12th Month, called February, 1686.

Ordered y't ye Secretary Draw up an Instrument for ye Commissioners to sign to put in Execution the Governor's order about ye Welch tract.

And they being asked by the Commissioners whether the Welch friends were consenting thereunto and willing that ye 4000 Acres should be confirmed unto Thomas Barker and Company, they denyed that any of them had given Such consent and did unanimously desire in ye behalf of themselves and of the rest of the friends Concerned in that Tract that it might not have Confirmation. Information being given to ye Commissioners that one, ——— ———, that lives upon a tract of Land between the North End of Philad'a and the Proprietary's Mill, ye w'h tract is held by him for one hundred Acres and y't he, ye said ——— ———, is disposeing or hath disposed of several small Parcels of ye said Land before ye over plus (of w'ch ye Commissioners are informed there is a considerable quantity) is taken out thereof. It is therefore ordered that a warrant be forthwith made for ye Surveyor General to resurvey ye said tract of Land in order to accommodate ye Governor's Mill with the Over-plus.

WILLIAM MARKHAM,
THOMAS ELLIS.

WILLIAM PENN, *P. G'r.*:

I heartily salute you on contrary winds giving further time both of Information and Consideration in Reference to the things I have already writ to you about. I have thought fit to let you know that for as much as some of ye Buildings in ye Bank, as Benj'n Chambers, &c., have been more costly than ordinary, tho' Irregular and his particularly without leave, and y't some may interprett Such Buildings in the Bank unconcern'd in ye word Caves in ye Proclamation, Know y't even in such Cases you permit none to stand with out at least one hundred pound security for good behaviour in them and preservation of ye Bank, and Rent at half ye Value (real) yearly of ye same, to be yearly paid to me or my order so long as I shall permit them to reside there and y't this Indulgence extend to none ye Building of whose Caves is not worth Thirty Pounds and that are not of Sober Conversation. In ye next Place, Since my last by ye same Conveyance I am informed of high Discontents in several, especially New Comers, That those Purchasers that are already there, have taken up their proportions next to y't w'ch is planted, and have not, nor are not yet able to seat the same but keep it for market and y't at a much higher price than I set, to the great discouragement of such as are come there, w'ch must End with prejudice to ye Publick. I do therefore, hereby most Earnestly desire and Strictly charge you, y't you allow not one day's Time after ye Publication of

ye Proclamation for seating Land, and y't you publish it ye next Day after ye Receipt thereof, with this Limitation in practice, y't you reserve to present pretenders half of their Proportions till further order; and though I doubt not but you may meet with contradictions from some of the greater Purchasers, Govern not yourselves by that for 'tis just, 'tis wise 'tis equal; and having had so many Years instead of one to perform the Regulation in, if they forthwith comply not with it prosecute your Instructions to the full. The whole world of Sober Men will Justifie our proceedings therein. And in Case any should stand upon their Terms and go to Law, you are my Court for Land and I need not submit to ordinary Courts, whether I am Proprietor of my own Land or not; however if you think it safe to ye Regulation and my Just Interest to Refer it to a Jury you may, for Surely Such Engrossings must needs go for a Grievance and that cannot be popular. But when I consider 'tis no law but a Custom and Original Settlement Proprietarily made by me at first, I don't see the need of Submitting it to such a Tryal; if you should, I say you are my Commissioners of Property and that they have is theirs by my Regulation, Even Purchasers, for by English Deeds no place is fixed to them. This Manage with Zeal and Wisdom, persuade ye parties, if y't succeeds not, Command ye Surveyor, and fix the familys that Present, For the province shall not wait the Leisure of their Ability to seat it, Nor shall it be a wilderness for any man's humour or covetousness; they shall not stand between me and ye Province, and both, And the People that would settle it; and because that I would y't my Relations should comply with the Publick regulation so far set forth as they can, being infants, propose if they have ten Thousand Acres in a Place a Thousand to ten poor familys to settle the same, if but five Thousand then five Hundred to five familys to settle the said five Thousand Acres. For being Children, and I on the Publick account here, and having exhausted myself much there, and not supplyed by the Publick and Proprietary to boot, I think I may be excused, both as to me and mine. If any seat their Land let Care be taken that they have not the best places, and that for Nearness of the Land and goodness they pay some acknowledgement after three Years, that is more than Ordinary; I leave that to you especially ye Secretary to effect. If you can get them for less land 'twere better, I mean of Inheritance, tho' you add on a Lease of 7 or 11 years a hundred Acres apiece, w'ch might be 150 Acres for each family. What holes had I made if I had taken up for my relations and self near the Town or next to the old Planters, or according to Agreement, the tenth Part for myself. You may do as much for my relations

by my Wife ye Penningtons I mean. I do also hereby order you to take up in the most convenient Place, y't is to say the Canoable branch on the west Side of ye Skoolkill, about Thirty Miles from ye Town, Ten Thousand Acres for my Daughter Gulielma Maria Penn, ye Younger, get a Patent past for the same; 'tis that which goes towards the Susquehanna, by which they rode when R. Fretwell went to view that River, and seat it after the same manner, 50 acres Inheritance and 100 on Lease for 11 years for each family, or rather than not encourage ye poor give them half for an acknowledgement and half upon Lease of ye 150 acres, but so as their settlements be regular, and after ye exacted Methods of Townships and tryed to do service to their respective Mannors, when held according to patent. For my Brother Lowther's Children Advance backwards and add 2,000 acres more, w'ch makes 4 Mannors at 3,000 acres to a Mannor for his 4 Children, Margarett, William, John and Anthony, and on each 4 Familys as before. I do further strictly order you to inspect all former grants and surveys that no Irregularities may pass without your Scrutiny and Censure, for I am informed that in some Places Lands have been squandered away to nobody knows who for fees, and y't Warrants go to Markett, which is a most disorderly and condemnable thing. Whatever is Irregular vacate; for I shall be very strict. So recommending you to the protection of ye Almighty God I bid you heartily farewell.

Given at Worminghurst Place in old England ye 8th of ye 12th Mo., 1686. For my trusty and loving Friends and Companions, William Markham, Thomas Ellis and John Goodson, In Philad'a.

At a meeting of the Commissioners in the Council Room at Philad'a ye 25th of ye 5 Mo., 1687. Present: William Markham, Thomas Ellis, John Goodson. According to Notice given ye last sitting of ye Commissioners there appeared of ye Inhabitants of ye Caves on the Bank:

Nath. Allen.	Hen'y Hughes.
Hugh Marsh.	Tho. Roberts.

Samuel Hersent appeared in the behalf of John Swift and Jere Elfrith.

John Otter, Benj. Chambers, Nathaniel Allen and Alse Guest, their Caves were esteemed to be worth the Building, thirty pounds, and the Commissioners treated with them ac-

cordingly; the rest desired they might have more time allowed them that they might provide habitations for themselves. It was granted till ye 19th of ye 7th Month next provided, they sign to a Writing (should be drawn) ye next sitting of ye Commissioners, w'ch will be ye 29th Instant.

John Otter and the rest were appointed to come the same time and sign a writing which shall be prepared about their ———.

Upon the Petition of Walter King it was ordered that (seeing he had a Warrant from the Proprietary for 700 Acres of Land to be laid out at the place he now lives, and tho' on the neglect of Thomas Fairman in not finishing his Survey before he had placed several others so near him that when he had finished the same he found left but 500 Acres for the said Walter King, the which was returned unto the Surveyor General's Office by Thomas Fairman; And also the said Walter King making it appear unto the Commissioners that he had due to him one hundred acres of Land more than he had yet surveyed to him, and desiring it might be compleated within the said Tract returned by Thomas Fairman for 500 Acres, if upon a resurvey it should appear so much therein to be) a warrant to be granted to resurvey ye said tract to accommodate him accordingly.

Ordered y't Richard Mason have a warrant for 500 Acres of Land in ye County of New Castle upon Rent in Lue of a warrant he had formerly for the same quantity in Chester County; he being a man able to seat the same.

This day was signed the Instrument that was ordered to be drawn the 13th of ye 3d month last about the Welch Tract which follows Verbatim:

We, the Proprietary Deputies, having taken into consideration the request to us made by several persons, both in the behalf of themselves and others, concerned in a Tract of Land about forty Thousand acres w'ch was laid out by vertue of a warrant from the proprietary and Governor bearing Date ye 13th day of the first month, 1684, for the Purchasers of North and South Wales and adjacent Counties of Herefordshire, Shropshire and Cheshire. Wherein they set forth y't after the Legal Execution of the said Warrant several Incroachments have been made within the bounds of the said tract of Land by others that had not Right therein, and also then having produced to us a ceritficate from under the Surveyor General's Hand, y't he hath not by any order, directly or indirectly caused the said Warrant to be violated or Infringed. And what Land so ever hath been surveyed and laid out by Charles Ashcome or any other of his Deputy Surveyors within the said

Tract of Land was not done by order from him, Against which Incroachments the Persons concerned in the said tract have craved Justice from us that their Rights might be Maintained according to the true Intent and meaning of the aforesaid Warrant granted them by the proprietary and Governor.

We having therefore well weighed the Matter, truly considered the case and rightly understanding the Governor's Intentions in granting the said Warrant, Do by vertue of the Authority granted us, Publish and declare that what Land so ever hath been surveyed and laid out within the Tract of Land aforesaid (as it is bounded, Beginning at the Skoolkill thence running West South West on the City Liberties two thousand two hundred fifty-six Perches to Darby Creek, thence following up the several courses thereof to New Town nine hundred Eighty-eight Perches to a Corner post by Crumb Creek, Thence down the several Courses thereof four hundred and Sixty Perches, thence West and by South by a line of Trees two thousand and Eighty Perches, thence North North West by a line of Trees nineteen hundred and twenty Perches, thence East and by North by a line of Trees Three thousand and forty Perches, thence East and by South one thousand one hundred and twenty Perches, thence South South East two hundred fifty-six Perches, Thence East North East Six hundred and forty Perches, Thence South South East one thousand two hundred and four Perches, thence East North East Six Hundred Sixty eight Perches to the Skoolkill, thence down the several courses thereof to the Place of beginning) (otherwise than to the Purchasers Concerned therein as aforesaid, viz: ye Purchasers of North and South Wales and adjacent Counties as Herefordshire, Shropshire and Cheshire), to be Illegal, Irregular and not according to Proprietary Method (except such Land as was Survey'd before the said Tract was laid out), and therefore do forewarn all persons Concerned who pretends to Land which hath been Surveyed or laid out within the said Tract and not qualified purchasers as aforesaid or whose Land was not Surveyed or laid out to them before the Tract aforesaid was laid out, to forbear seating or any wise occupying the Land so Illegally & Irregularly laid out. All which Illegal and Irregular proceedings we do in the Proprietor's name, reserving to himself his future Orders, thereby Condemn, Disanull and Make voyd. And all People concerned therein is to take notice hereof, as they will answer the Contrary at their Peril.

Dated at Philadelphia ye 25th day of ye 5th Month, 1687.

William Markham,
Tho. Ellis,
Jo'n Goodson.

The Commissioners upon Reading ye Proprietaries Instructions bearing Date 8th of ye 12th Mo., 1686, w'ch ye Proprietary expected should have come with the Proclamation brought by Ed. Blackfann, fell into Consideration about the Proclamation for the Seating of Land. For having by a former Instruction Received with the Proclamation three Months Time allowed their Discretion and not to exceed it to publish the same in, and that in the Proclamation Six months Time after Publication thereof was allowed for Seating ye Land, and having before given out amongst the Purchasers that there was such a Proclamation, with the whole Tenor thereof, and that there was such great Expectations of its Coming forth in Manner and Form as it was, And would create great Animosities if altered. They therefore concluded that a Proclamation should be drawn answerable to that of the proprietaries without allowing any of that Time which was allowed by the proprietary for their Discretion to publish it in, but only to allow in it so much Time as if the Proprietor's Proclamation had been published the Day of the Receipt thereof.

A Proclamation by the Proprietary Deputies.

Since the Proprietary had no other thing in his Eye in the Settlement of this Province next to the advancement of Vertue, than the comfortable Situation of the Inhabitants therein, and for that End with the Advice and Consent of the most eminent of ye first Purchasers, Ordained that every Township consisting of five Thousand acres should have ten familys at the least to the end the Province might not be like a wilderness as some others yet do by vast vacant Tracts of Land, but be regularly improved for ye benefit of Society in help, trade, Education, Government, also Roads, travel, Entertainment, etc., and finding that this single Constitution is that which eminently prefers the province in the esteem and Choice of Persons of great Judgement, Ability and quality, to embarque with us and second our beginnings. We thereby publish and give Notice y't ye Commissioners will inspect what Tracts of Land Taken up, lye vacant and unseated, and if any of the said Tracts, lying vacant and unseated, shall not be seated according to the Regulation aforesaid, within Three Months after the Date thereof, provided the usual Time allowed for seating the same be already expired, The said Tract will be disposed of to Those that are able and ready to seat the same. Dated at Philadelphia ye 26th Day of ye 5th Mo., in the 3d year of the Reign of King James ye second, and 7th of ye Proprietary's Government, Anno Dom., 1687.

William Markham,
John Goodson.

Wee, the Inhabitants of the Welch tract in the Province of Pennsylvania, in America, being Descended of the Antient Britains, who always in the land of our Nativity under the Crown of England have Enjoyed that liberty and priviledge as to have our bounds and Limits by ourselves within, the which all cause Quarrels, Crimes and Tittles were tryed and wholly Determined by officers, Magistrates, Juries of our own Language which were our Equals, Having our faces towards these Countrys, Made the Motion to our Gov'r that we might Enjoy the same here, which thing was soon granted by him before he or we ever came to these parts, and when he came over he gave forth his Warr't to lay out 40,000 acres of land to the intent we might live together here and enjoy our Liberty and Devotion in our own Language as afore in our Country, and so the 40,000 acres was Surveyed out and by his own Warr't, Confirmed by several orders from the Commiss'rs of ye Propriety, and Settled upon already with near four score Settlements, and as we have good grounds to believe if the way had been Clear from troubles there might had been so many Setlers upon it by this time as

in Reason it could Contain, and besides as it is well known there was Several Scores of our men Serv'ts who was very desirous to have out their head land according to promise, but could have none with any convenientcy that was worth to settle upon, whereby many are like to Desert the province and to go to other Countrys, also some of our Friends that have Concerned themselves with the first that came to this country have lived a while here and Returned again for their families, Friends and Relations, that had Disposed themselves to come over with all speed if Providence had permitted, and as far as we are given to understand are Still waiting for the oppertunity to their great Dammage, and now to Deprive these of their lands and Libertys which they Depend upon when Coming here (and that in their absence) Wee Look upon it to be a Verry Unkind Dealing, like to Ruining many Families as also a Subtill undermining to Shutt that Door against our Nation which the Lord had opened for them to come to these Countrys, for we can declare with an open face to God and man that we Desired to be by ourselves for no other End or purpose but that we might live together as a Civill Society, to endeavour to deside all Controversies and debates amongst ourselves in a Gospell order, and not to entangle ourselves with Laws in an unknown Tongue, as also to preserve our Language, that we might ever keep Correspondence with our friends in the land of our Nativity. Therefore our request is that you be tender not only of Violating the Governor's promises to us but also of being Instrumentall of depriveing us of the thing which were the chief Motives and Inducements to bring us here, and that you would be pleased as far as in you lies to preserve us in our properties by removeing all such incroachments as are made upon the Lines and Boundarys of our said tract, and by Pattent or otherwise in Due form of Law to Establish and Confirm the same unto us, so that we may not by any further pretences be interupted in the peaceable Enjoyment thereoff, according to the Governor's true intent, and then we shall with all readiness become responsable for the Quitrent accruing to the Proprietor. the Commencements whereoff we shall referr and submitt to his Consideration, and if these our reasonable Desires be not answered but our antagonists Gratifyed by our being exposed to those uncertainties that may attend, wee shall choose rather than Contest to suffer and appeal our Cause to God and to our friends in England.

Whatever the Proprietor hath promised, we Question not but he will perform, and in whatever he has given us power we are Ready to doe, and when you please to Demand willing to Confirm to you the said tract by Pattent as we doe unto other purchasers according to the warr't and Survey, the which if you Refuse, and others accept, You Cannot think it hard if we grant your Refusal to them who have Equal right with you by purchase to take up land. Will'm Dyre by said William Clark produces a copy of a Certificate of the Survey of a Tract of Land called Walker's Choice, situate on the South Side of prime-Hook, laid out June, 1681, by Cornelius Verhoofe, Surveyor, in pursuance and by Vertue of a Warrant from Whoorkill Court (as it said, no Date mentioned), for one thousand acres to Nathaniel Walker, on which Certificate is also subscribed the following Words:

"At a Court held at Deal, by the King's Authority, the above Survey is certified to be in part sealed, signed Luke Watson, and is also certified to be a true Copy from Cornelius Verhoofe's papers signed, Norton Claypoole, Clerk."

Also the Copy of a Deed poll under the Hand and Seal of John Winder, dated the 12th March, 1686, certified under Norton Claypoole's Hand, Clerk of the County of Sussex, to be a true Copy conveying from the said John to Nathaniel Walker all that Tract of Land in the said County Called Winder's Neck, containing eleven hundred Acres of Land, granted to the said John by the Name of Robert Winder by patent from N. York, dated 25th March, 1676.

Also a Copy of the said Nathaniel Walker's last Will, dated 7th April, 1683, in the second part of Codicil annexed to which the said Nathaniel devised and bequeathed all the said Land to s'd William Dyre in the following Words, vizt:

"Know all Men that I, the aforesaid Captain Nathaniel Walker, do give, will and bequeath unto my loving Brother in Law, Captain William Dyre, all my Lands and Tenements now in the Government of Pensilvania, lying and being at the

Whoore-Kill, a place formerly so called, since New Deal, and now called Lewis, either by purchase, Grant, Warrant, which Copy is attested under the Hand of Daniel Neech, Clerk, Com., North'ton, Virg'ia, where said Walker lived and seems to be a probate according to the form of that Colony.

Also, A Copy of the last Will and Testament of the above named Capt. William Dyre, dated 20th Ffeb'ry, 1687–8, attested under the Hand of Neh. Ffield, clerk of the County, and the County Seal, in which the said Land is devised in the following Words: ("Item, I will and bequeath unto my eldest Son, William Dyre, now at Boston, in New England, all my plantation or Land, situate and lying and being in the Broad Kill in Sussex County aforesaid, now called Rumble's place, containing two thousand Acres, be it more or less.") William Rodney having petitioned the proprietary That whereas he had obtained Warrant from the Court of Kent for 500 Acres also bought of John Inians a Warrant from the same Court for the like Quantity and the said Warrants not being executed he requests a New Warrant to take up the said Land. On which petition the proprietary in his own Hand indorsed the following Words: ("I grant this to William Rodney but not for a presedent those Orders not executed being precarious. W. Penn.") But by this Endorsment it appears the proprietary designed only five hundred Acres which he promised in the hearing of Edward Shippen as he Attests and thereupon requests a Warrant to take up the same on old Rent.

Ordered that a Warrant be drawn to the said William Rodney for 500 Acres of Land in Kent County to be seated within two Years after the Date of survey.

At a Sessions of the Commissioners at Philadelphia the 26th 9ber 1701, A. Merid.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan.

Robert Burton, in a Petition to the Proprietary, given in at Sussex, having set forth that he purchased of Andreas Dirrickson a Tract of Land in the Bottom of Angola Neck in Sussex, granted by the Proprietary's Patent to William Kanning for

four hundred Acres (and Rent has been accordingly paid for it), but upon a Resurvey 'tis found there is not much above one-half of the said quantity of land within the Lines of the Patent, great Part of it falling upon the Water. He requested a Resurvey and Compensation for the Deficiency of his Land out of what other Land is to be found adjacent, which Samuel Preston, appearing for the said Robert says, the Proprietary was then pleased to promise and thereupon the said Samuel requests a Resurvey with an Order to include his Plantation left out in the Patent and what other vacant Land may be found to make up the said Quantity of four hundred Acres.

Ordered that a Warrant of Resurvey be granted on the said Land according to its true first Bound of Survey, and in Case there be any Vacancies to be found and the other prove defi cient the said Deficiencies be made up out of the same, he having paid rent.

Wm. Fisher Producing a Copy of a Return of Survey out of the Surveyor's Office for a lot of twenty-five ffeet on Delaware ffront, laid out to William Powell, Purchaser of 1,250 Acres, in Pursuance (as is said) of the Proprietary's Warrant, dated 29th 1st Mo., 1684, Survey Dated 16th 10th Mo., 1692, the Return is by the Deputy only not subscribed; this Lot William Powell sold to Thomas Wollaston by Deed dated 1st 2d Mo., 1697, who conveyed it to the said William Ffisher by Deed dated 22d 7 Mo., 1697, who built a Brick House upon it about four Years agoe and requests a Confirmation.

Upon search 'tis found that William Powell's Lot fell on Skuylkill Side and is No. 16 in the ffront there by the Prints, the Proprietary's original Warrant is not to be found but a Copy of it in one of the Books in the Surveyor's Office (wrote as E. Pennington informs in Thomas Jenner's Hand, in which Warrant are the following Words): ("At the Request of William Powell, Purchaser of 1,250 Acres, that I would grant him to take up his Lots in the City both in the ffront on Delaware and in the High Street these are to.") The lot on which the said Warrant is executed seem to be Part of No. 38 in the Print, viz't: that Part of the said Lot on which Henry Maddock is placed and the said Maddock has taken up his Lot in another Place, so that there seems none wronged by it. All which being duly considered specially the Governor's special Warrant and that the man paid the full Value for it and has built and improved it, and if disappointed would be ruined, having a ffamily of Children, 'tis therefore ordered that a Patent be granted, provided it shall not be made a presedent.

Thomas Parsons, first Purchaser, producing Deeds of Lease and Release dated 23d and 24 of May, 1682, from the Proprie-

tary to himself and his Brother Richard Parsons for one thousand Acres of Land, one Moiety of which he has taken up and has a Warrant for the Remainder, the Liberty Land to be deducted. He requests a Warrant to take up the same.

In the List of the first Purchasers, Thomas and Richard Parsons have but 500 Acres in the whole, and the above mentioned Deeds are all rased as often as the Words (one thousand) occurs and also the Sum or Consideration Money, both in the Deed and Receipt, But the said Thomas producing several good Arguments that the said Rasures were made before and not after signing, and the Proprietary himself (who was well acquainted with the Purchase and had the Deeds in his keeping at Worminghurst 'till his last coming away) having under his Hand and with his Knowledge signed Warrants for the Woodland, 'Tis upon the whole thought reasonable that it should be Ordered that a Warrant be granted to the said Thomas for twenty Acres of Liberty Land, his Lott falling on Skuylkill Side.

Richard Parsons, by Deed under his Hand and Seal, dated 29th June, 1685, released and transferred all his Right in the said purchase, therein called a thousand Acres.

David Lloyd and Isaac Norris, Executors of the last Will of Thomas Lloyd, having by Petition remonstrated to the Proprietary several Hardships they lye under in respect to the said Thomas's Estate and among other Things, particularly requesting that there might be granted to them one thousand Acres of Land in the Province in lieu of the like Quantity which belong to the Testator upon Indian River in Sussex, lately entered upon by the Mary Landers.

In answer to which the Proprietary in his own Hand on the other Side wrote the following Words: ("I allow that the thousand Acres may be granted elsewhere in lieu of that upon Indian River, and thereupon the said Executors request a Warrant to take up the same in the County of Philadelphia or Chester.

Ordered that a Warrant be accordingly drawn and a Patent thereupon when required.

John Ffurnese, of Philadelphia, Barber, producing a Certificate under the Hands of Samuel Carpenter, dated 8ber, 13th, 1701, and Joseph Ffisher That Robert Turner, late of Philadelphia, deceased, transported Servants by Indenture, Henry Ffurnis, John Ffurnis, Mary Ffurnis, Sarah Ffurnis, Rachel Ffurnis, Joseph Ffurnis and Daniel Ffurnis from the Port of Dublin to this Province of Pennsylvania, in the Ship called the Lyon of Liverpool, John Crumpton, Mas'r, and were landed at Philadelphia aforesaid 8th 8 Mo., 1683, for which said

Servants and in their Right purchased of them by the said John Ffurnes, he requests to take up their head Land, being in all three hundred and fifty Acres at a Halfpenny, Sterling, per Acre.

Ordered that a Warrant be drawn for the said John Ffurnese to take up thesaid Quantity of Land in the Township, of 6,000 Acres, ordered to be laid by a warr't from the Proprietary for Servants that came in the years 1682-83.

Also a Deed from Jerem. Powel, dated 7th 7th Mo, 1697, conveying the said 45 ffoot to Thomas Langston, which Deed recites that the Attornies of the said Richard Davies had by a Deed duly executed bearing Date 16th 6 Mo., 1692, conveyed the Premises to him, the said . . . . . Thomas Langston sold it to William Southby and obliged himself to make a Title, in order to which the said John Walker requests a Patent of Confirmation.

The Deeds for the whole 5,000 Acres were to Davis, but Row-

land and Ellis and Owen, with some others, were joint Purchasers, and had Deeds of Partition signed by Davis from the other great Deeds for the whole 5,000. These under Purchasers, at least several of them, have had their Lots, so that this ought to be inquired into, but the Surveyor General himself having signed this,

Ordered that a Patent be granted.

John Barnes having produced into the Secretary's office 15th 1st Mo., 1700-1, a Return of Survey under R. Longshore's Hand dated 12th 11th Mo., 1688, for 242 Acres laid out 1st 12 Mo., 1685, in Pursuance of a Warrant from the Proprietary dated 29th 3d Mo., 1684, granted to himself in part of his Purchase of 500 Acres, and desiring a Confirmation, had a Warrant of Resurvey, dated 3d 2d Mo., 1701, upon the said 242 Acres, which being executed it was found to contain 281 Acres, that is 39 Acres above Measure out of which allowance being made for Roads, Everard Bolton, to whom John Barnes has bargained the same at £14, P. C't desires to purchase the said Overplus.

Ordered that a Patent be drawn to John Barnes for the whole Land, Everard Bolton paying three Pounds for the odd Acres.

Signed a Warrant to Thomas Parsons for 20 Acres Lib. Land, ordered 26th ulto.

Post meridiem.

William Garret, of Chester County, having several times made application to the Proprietary (as the Secretary Remembers) for a Confirmation of a Tract of Land laid out to him in Right of John Love, purchase within the Bounds of the Welch Tract, and being at last referr'd by the Proprietary to his present Commissioners, they thought it necessary to have that whole affair between the Welch and the English of Chester first considered, and being discoursed, 'tis Ordered that some of the principal Men of the Welch be spoke to and desired to appoint Deputies with full power to manage that Affair before this Board, and that in order thereunto they first prepare an exact acco't of what Number of Acres the Welch, for whom that Tract was designed, have a Right to by their original Purchase and how much thereof is laid out and to whom, also who is yet deficient and that the Account of the Lands laid out be by Estimation unless there be a suspicion of Deficiency, in which Cases that a Resurvey be made.

John Dinzy, of Philadelphia, producing a Warrant under Wm. Markham and S. Carpt's Hand for a Lot in Strawberry Alley, dated the 4th 4th Mo., 1690, to be at the same Rent with others granted there.

The Lot he affirms was accordingly at that Time laid out

and fenced in. John Dinzy, by Deed dated 7th 10ber, 1697, sold his Right in the said Lot for £9 to Thomas Pritchard, whose Son Mathew, his Heir or Executor, by Deed dated 10th 2d Month, 1700, sold it with a House built thereon about 2 Years agoe to Christopher Blackburne, who request a Confirmation of it to himself.

Ordered that seeing there is no regular Return for Certificate of the Survey to be produced a Warrant be granted for the Survey or Resurvey of the said Lot, of the same Breadth and Length with the Rest and a Patent upon the Return at the yearly Rent of three shillings Sterling p. Annum, the usual Rent there.

The Commissioners of Property having by their Warrant dated 15th 12th Month, 1689-90, granted to John Day, first Purchaser of 1,250 Acres, 33 ffoot of the Bank of Philadelphia, over against or a little below his Lot of 25 ffoot in the Front Street, on which a Survey was made the same Day of the Date of the Warrant and returned the 15th 11th Mo., 1690, into the Secretary's Office, as by Copy of the said Return under the Surveyor General's Hand appears, The Executors of the said Day, viz't: John Parsons and his Relict, Han'ah Day, by Deed Dated 5th 7ber, 1698, conveyed the said Lott to Joshua Tittery, who requests a Patent thereupon.

Ordered that a Patent be accordingly granted according to the said Return at the usual Quit Rent and Terms.

Thomas Harley, Esqr., of London, having purchased of the Proprietary 5,000 Acres of land in this Province, as P. deeds of Lease and Release bearing Date 3d and 4th of July, 1682, which said 5,000 Acres the said T. Harley, by Deed Poll dated 15th Aug't, 1699, conveyed to Thomas Ffairman, The said Thomas Ffairman, by Deed dated 1st Day of 10ber, 1701 (viz. this Inst.), sold 2,500 Acres; one Moiety of the said Quantity to John Morris, who requests Warrants to take up the same in one Tract, designing to settle it all forthwith with some of his ffriends expected from Wales.

To which objection being made that the Proprietary would never grant above 500 Acres to any one person and no faster than it could be improved.

But the said Morris making it appear that his only Design was to have a sufficient Tract together for the accomodation of such whose only Inducement would be to have the Society of Neighbourhood.

Ordered therefore that in consideration of the Premises he shall have five several Warrants for 500 Acres, each to be settled within two Years after the Date of Survey, otherwise the Survey to be void, which is to be expressed in each Warrant.

Richard Cantrill, Brickmaker, requesting to take up for the carrying on of his Trade three Acres of Land within the Bounds of the City between the 6th and 7th, or 5th and 6th Streets from Delaware, on the Southernmost End and upon the furthest Street of the City or thereabouts, where the best Clay is, for 21 Years, at a certain Rent p. To Thomas Parsons for 20 Acres Lib. Land.

———

At a Sessions of the Commissioners at Philadelphia the 3d Day of the 10th Month, A. M.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan.

The Proprietary by Lease and Release dated 2d and 3d March, 1682 (it must be 1681-2), granted three thousand Acres of Land in the Province to Lewis David.

Lewis David, by Indenture dated 11th, idim, granted 1,000 Acres thereof to Henry Lewis.

Henry, Son and Heir of the said Henry Lewis, by Deed Poll dated 11th Mo., 1693-4, conveyed his Right to 20 Acres of Liberty Land app't to the said 1,000 Acres to Jonathan Ducket Who, by Deed Dated 5th 10ber, 1694, sold his Right to the said 20 Acres to John Ball.

John Rowland, first Purchaser of 1,350 Acres of Land by Deed dated 12 1st Mo., 1689, granted his Right to 25 Acres of Lib'ty Land appurtenant to his said Purchase to Jonathan Ducket aforesaid, and the said Ducket by the same Deed with the afores'd twenty Acres sold his Right to the said twenty five Acres of Liberty Land to the said John Ball, who Requests a Warrant to take up the said two Parcels in one.

The Right under Lewis David's Purchase appears clear, But by a Warrant in the Surveyor's Office it appears that

John Rowland had sold his Liberty Land to Charles Brigham, who took out the said Warrant for the same, dated 19th 5 Mo., 1684, so that no Warrant can be granted for that 'till John Ball give further Satisfaction concerning it to this Board. 'Tis therefore Ordered that the said John have a Warrant granted for the first 20 Acres, but that the other be deferred for the reasons Aforesaid.

The Proprietary by Lease and Release dated 18th and 19th 6 Mo., 1681, granted to John Day 1,250 Acres of Land in this Province; in Part of which the Surveyor General by Warrant dated 7th 8th Mo., 1682, ordered 500 Acres to be laid out to the said John Day, together with other Land to John Mason. But the Land in that Place where the said Warrant was to be executed falling short, there fell only 210 Acres to the said Day's Share.

John Day, by his last Will and Testament, dated , devised the said 210 Acres to Han'ah, his Wife, making the said Han'ah and John Parsons his joint Executors, who by Deed dated 4th 5 Mo., 1696, sold the same to David Haverd, deceased, giving Bond to make the said David a Title thereto.

David Haverd dying intestate, left his Son John Heir to the said Land, to whom Mary, his Mother, Relict of the said David, together with the said Hannah, Relict of John Day, and now Wife to James Atkinson, requested it may be confirmed by Patent.

Ordered that a Patent be accordingly granted for the same in Case they produce a regular Return of Survey or Resurvey thereon, which they are to do.

The Proprietary by Lease and Release dated 13th and 14th April, 1683 (by a Print Signature), granted to Sypke Aukes, of Ffriesland, 300 Acres of Land under 1 Sh'l. Sterling p. 100 Acres p. Annum.

By a Deed dated 14 April, 1683, the said Sypke Aukes purchased off the said Quit Rent from 3s Sterling to 3d and $\frac{3}{4}$ of a penny Sterling per Annum for the whole.

John Carver having purchased of the Proprietary by Deeds of Lease and Release 500 Acres of Land (formerly produced) had

the same laid out in the Year 1682, or thereabouts, upon Potquessing Creek, in the County of Philadelphia, which not being duly confirmed to him, he obtained of the Prop'ry a Warrant of Resurvey dated 15th 6 Mo., 1700, by Vertue of which the said Tract was resurveyed by Order of the Surveyor Gen'l 15th 5th Mo., 1701, and returned into the Secretary's Office 11th 6 Mo., 1701, for 590 a's being found to contain so much.

William Hibbs having purchased of Thomas Ffairman a Tract of Land contiguous to the above; there has been for some Time past a Contest between him and the said John Carver and his Brother William Carver about a Corner Post which Hibbs complains has been taken away and thereby the Bounds altered, upon which the said W. Hibbs put a Caveat into the Secretary's Office against the Confirmation of Carver's Land by Patent, and thereupon the said Patent was stopt and after some Debates this Day assigned for a Hearing of both Parties by a Summons signed by the Secretary accord'g to which they appeared.

William Hibbs being demanded the Reason of his Caveat and his Objections gave them to this Board, which being considered it was resolved that seeing the Proprietary's Warrant of Resurvey ordered Carver's Land to be Resurveyed according to the old Bounds and first Lines of Survey, which the Surveyor General being present affirmed he had executed to the utmost of his Power, being present himself at the Survey; it was to be presumed the Lines as returned were the true ones, unles it could be made appear to the contrary, which William Hibbs was not sufficiently able to do.

Yet for a further Trial of the Case it was proposed to the said Hibbs to take out a Warrant of Resurvey on his Land also, and the Neighbourhood being met at the Execution thereof the Surveyor General, who by the said Warrants would be obliged to return the true Lines between them, both would be able fully to determine the Difference by his Return being regularly made and by Authority.

But the said Hibbs declining to join with this Proposal, the only Expedient to satisfy him that could be thought of, and J. Carver hav'g proceeded regularly in order to a Determination, It is Ordered that J. Carver's Patent be no longer delayed but be granted forthwith according to the Return of Resurvey, and that he pay 10s per Acre for the Overplus, according to Agreement with the Proprietary, which was then reputed 60 Acres, and for 8 Acres more sold Rich. Waln.

John Carver having by Deed dated 30th 2d Mo., 1700, sold to N. Waln 8 Acres of Liberty Land appurtenant to his above said purchase, Requests a warr't to take up the same.

Ordered that a Warrant be accordingly granted, it being uncertain whether Carver's Land was laid out for 492 or 500 ac's, that it be reputed 492 A's, and that J. Carver pay for those 8 Acres as Overplus.

This Land being laid out in Plymouth Township or adjoining, or adjoyning to it on Skuylkill over against the Barbadoes Island on the Land reputed Wm. Penn Junior's Manor, the Proprietary scrupled to confirm the same to the Claimers, but

Jona. Hayes soliciting the same before the Govern'rs Embarquem't, obtained a Paper all in his own Hand in the following Words:

26th 8ber, 1701.

"Let Benjamin Chambers and Jonathan Hayes be satisfied with 1,100 Acres in lieu of that surveyed on Skuylkill out of my Son's Manor, and if the Quantity cannot be had to their Satisfaction, that the s'd 1,100 Acres continue as surveyed, tho' I much desire it might be otherwise."

WM. PENN.

To the Commissioners.

Jonathan Hayes, who is invested with the whole Right of the said 1,100 Acres, requests a Confirmation of the said Land, remonstrating that he despairs of finding any in the Province besides that will be satisfactory to him in lieu thereof.

'Tis proposed to the said Jonathan notwithstanding that seeing the Prop'ry shewed his desire by that Paper of having other Land found for him in lieu of that already surveyed, the Commissoners would be deficient of their Duty if they should not endeavour it, and therefore Tho. Ffairman is ordered to shew him some which he acquiesces to go and view, and is to report his Mind at another Sessions.

The Proprietary by Lease and Release dated 22d 1 Mo., 1691, sold to Jos. Powel 250 Acres, to whom there was laid out in Part thereof 125 Acres in Providence, in the County of Chester, by a Warrant from the Surveyor Gen'l, dated the 9th 7th Month, 1682.

Marl, as by Deed dated 6th 1 mo., 1683, to whom it was laid out upon Rent by the Propr'y's Warrant jointly, with 300 Acres more to several other Persons, dated 24th 11 Mo., 1682, But the said Tho. Marl bo't off the Rent of the Prop'ry for £5, as by a Mem'dum under Philip Lehmmain's Hand Appears, dated 20 12 Mo., 1683, produced to the Secret'ry as by a former Minute of his Office appears.

The said Will m also purchased of John Duncan and Wm. Bryan 170 Acres as by Articles and Bond dat. 31 3 Mo., 1697, from Duncan, and 2 16 Mo., 1697, from Bryan, the whole of which was first laid out to the said Bryan by a Warr't from the Prop'ry (which cannot be produced) on Rent, his Name however is in the Map and 'tis credibly affirmed by his Neighbours.

On these two Tracts the said Wm. Paxon took out a Warrant of Resurvey from the Proprietary dated 1st 12 Mo., 1700, which being executed 17th 2d Mo., 1701, there was found in both the said Tracts 330 Acres and 93 Perches by the Survey'r's Return dated 23d 5 Mo., 1701, for which he requests a Patent and to buy off the Rent.

Ordered that a Patent be granted for the whole said 330 Acres, he paying for the Overplus and 20 Year's purchased for the Rents.

The two Tracts ought to contain but 270 Acres, on which there being allowed according to Law, 10 P. C't, that is 27 Acres there is of Overplus, 33 Acres for which he has to pay 10£. and for the Rents 11£., P. C't, i. e. 18£. 14 s. at the signing of the Patent.

Joseph Wilcox, Heir to his ffather, Barnabas Wilcox's Estate, in this Province, informs this Board that his said ffather and

himself coming into this Province about the same Time the Prop'ry first did in order to view the Encouragem'ts of it, his ffather proposed to purchase of the Prop'ry 800 Acres of Land, but the Prop'ry advised him to buy a whole thousand, promising him for an Inducem't the priviledge of a first Purchaser, that is 20 ffoot for a Lott in the ffront Street and proportionable in the High Street, to which Barnabas agreed, and thereupon went over with his Son Joseph to Bristol to bring over his ffamily, having first seen his Lots surveyed to him in the said Streets and in convenient Places, but upon his Return the next Year found the Lotts Surveyed to him before his Departure laid out to and in the Possession of others who had begun to improve them, Upon which making Application to the Proprietary for Redress, then making beginnings of a Settlement at Skuylkill, the Proprietary advised him to rest satisfied 'till his Return from England (being then shortly bound thither), which he designed should be speedy, promising Lotts to better Advantage on the said River where he intended the chief Settlement of the City should be. But the Proprietary not returning (as intended) for 15 Years, they had all that Time rece'd no manner of satisfaction. Sometime after the Proprietary's Return, Joseph making Application to him for Redress by a Letter deliv'd by Tho. Story in which he had recited so many Particulars as brought the whole Matter to the Prop'ry's Rememb'nce he obtained a Warrant and Patent for 50 ffoot on the 2d Street, adjoining on the Lot where he now lives on the Southermost Side thereof. But the Proprietary having promised upon his first Applications that he would rather, over than under, doe in compensation for his ffather's Disappointm'ts, and Joseph thinking the said Lott to be in no wise an Equivalent to the two other first laid out to them, he renewed his Suit to the Proprietary by a Second Letter acknowledg'd his ffavour in the said Grant and further requesting that he would yet still consider his promises, Exhibiting that he would not insist on them to the Utmost nor above one-half, but that if the Prop'ry would grant him fifty foot to be added to the fifty ffoot he now holds at the North End of Delaw. ffront Street used by him for a Rope Walk to extent to the 2d Street, at the common Rent of a ffront Lot in the City and remitt him his part in the last Tax which amounted to something above £4; he would be satisfied therewith and cease all further Demands.

To this the Prop'ry demurr'd, being unwilling to part with any Lots in the said Place being Land laid out for Lots for the Use of his own ffamily, and Joseph by a 3d Letter making further Application he was referred to the Commissioners and

his Requests given in Charge to the Secret'ry the Morning before he left Philadelphia, Upon all which he applies here that his said Requests may be granted.

Resolved that seeing the Proprietary could not think w't he demanded proper to be granted forthwith if at all, 'tis fit this Board should consider of it more fully than Time will now permit, and endeavour by saving the said ffront to the Proprietary, to find some other Way of compensation if it may be effected, and 'tis referred to further Consideration.

At a Sessions of the Commissioners at Philadelphia, 10th 10ber, 1701.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan.

Philip England having been settled (at the first founding of this City) by the Prop'ry at the End of the High Street on the River Skuylkill, in order to keep a fferry over the said River, for an Encouragem't to which the Proprietary had granted him some Acres Land on , but not being sufficiently settled, Wm. Markham (because the other Commissioners refused to act therein), by Indenture of Lease bearing Date 30th Aug't, 1693, demised to the said Phillip the said fferry for 10 Years, together with eleven Acres of Land adjoining thereto, bounded to the North Eastward (as in the Lease) with a small Run, and vacant Land to the North Westward, with the River Shuylkill, to the South Westward with Wm. Bolding's Lott, and to the South Eastward with Skuylkill ffront Street, as also twelve Acres of Land on the West Side of Skuylkill formerly laid out to the said Philip England as Land to the said fferry belonging and the Priviledge of an Ordinary for all which the said Philip was to pay the yearly Rent of £7.

But soon after other fferries being set up over the said River, and Philip being thereby deprived of the Benefit of his said Lease, the Comm'rs, upon Application made to them by him at a Meeting held at Philadelph'a, 29th 7 Mo., 1694, Present, Robert Turner, Tho. Holme, Jno. Goodson, Samuel Carpenter and Ffrancis Rawles, remitted the aforesaid Rent both for the Time past and to come, except he could have the proposed Benefit of the fferry or 'till the Prop'ry's Pleasure should be further known, as appears by a Minute of the said Commissioners, sign'd by John Wilkinson, Clerk.

Upon the Proprietary's last Arrival, Philip frequently applying to have that Business settled, after great Importunities, at last obtained an Answer from the Prop'ry to a Request of his in the following Words in the Govern'rs own Hand: ("I allow

thee the Land thou hadst in Lease at Skuylkill for 31 thirty-one Years at such Rent as the Commissioners of Property shall allow. Wm. Penn.")

Upon which 'tis ordered that a Lease be granted for the said Quantity of Land and Time to the said Philip, his Ex'ors, Adm'ors and Assigns, at the yearly Rent of 20s, without other Priviledge, and all former Grants to be void.

The Proprietary by Lease and Release, dated 21 and 22 April, 1682, sold to Sarah Woolman 250 Acres.

The said Sarah, by her Letter under Hand and Seal, dated 24th Ffeb'ry, 1686, constituted Will'm Carter, of Philadelphia, her Attorney to sell and dispose of the said Land for her Use.

The said William produces a Draught under T. Ffairman's Hand of 246 Acres situate on a Branch of Neshamineh, adjoining on Samuel Carpenter's Land, in which he informs the Warr't is not by which it was laid out, but that it was executed 26 6 Mo., 1684.

Requests a Patent or Resurvey on the said Land.

Ordered that a further Inquiry be made whether there ever was a Warr't granted for S. Woolman's Land, and that the Draught be further considered.

William Beaks purchased of the Prop'ry, in England, 1,000 Acres of Land in this Province by Deeds of Lease and Release (dated as in Jenner's Deed hereafter mentioned is recited), 26th and 27th July, 1681, In right of which Purchase the said William obtained from the Prop'ry a Warr't dated 22d 5 Mo., 1684, for laying out his Lots in the City, and Proportion of Land within the Liberties.

In the printed Draught of the City, Wm. Beaks' Lott fall on Skuylkill side, But there is produced a Return of the said Warrant under T. Holme's Hand dated 5th 10th Month, 1692, for 20 ffoot in the ffront of Delaw., bounded Northward with Th. Callowhill, and Southw'd, ('tis said) which vacant Lots being above Griffith Jones' about 200 ffeet above the High Street, survey'd unto Wm. Beaks, 28 9th Mo., 1691.

William Beaks (as is recited in Jenner's following Deed), by a Deed dated 16th Aug't, 1697, and acknowledged in Court at Philadelphia 10th Sept'r, 1697, conveyed his Liberty Land and Lotts to Thomas Jenner.

The said Jenner by Indenture, dated 1st 10br, 1697, (wrote and witnessed by Pat. Robinson), for the Consideration of forty Pounds, sold the said ffront Lot to James Stanfield, his Heirs for ever.

James Stanfield, by his last Will and Testament, duly proved, bearing Date 1st 7br, 1699, appointed his Brother, Ffrancis Chads, of Chester, Com., in this Province, Ex'or thereof, with

a special Power to sell, dispose of and alien in ffee or otherwise, all his Lands, Lotts, and convey the same as he shall think fitt for the Payment of his Legacies and Bequests.

Ffrancis Chads, for the said purpose, having sold the said Lot to , requests a Patent on the aforementioned Return in order to make a Title for the Performance of, which William Beaks' Lotts falling on Schuylkill Side, in the Print occasions a Demur, and Th. Jenner being concerned, encreases it.

But T. Holme's Return, signed by him in 1692, seems to clear Jenner; 'Tis located on a Vacancy found between Griff. Jones and Tho. Callowhill, whose Lotts in the Print join, so that none seems wrong'd by it.

Referred, however, to further Consideration, and Wm. Beaks' Deed to Jenner, ordered to be produced.

Signed a Warr't for 3 acres to R'd Cantrill, order'd the first Inst't.

Signed a Warr't to John Richardson, jun'r, for about 100 Acres vacant Land near Christina, ordered the 8th inst't.

resurvey, who, in the Acco't of it under his Hand, gives it for 224 Acres.

The s'd Joseph requests a Confirmation of the said Land and is ready to pay the Money.

There is no Trace of a regular Survey appears to ground a Patent on nor any Warrant produced or mentioned to have ever been granted, 'tis therefore thought fitt to propose this and other like Cases to the Surveyor General to consider of some Means to save the Charges of Survey to the People when both the Proprietary or his Comm'rs are well satisfied about the Measure and only want some fform to ground a Patent on, But in the mean Time, "Tis Ordered that the said Joseph Stay no longer for his Patent, and but that it be drawn according to D. Powel's Draught and that he pay 50s for the Overplus over and above the said £30 of which there is allowed 9 Acres for Roads.

In Part of this, the said Thomas hath taken up 500 Acres, the Liberty Land deducted for the whole by a Warrant from the Propr'ry dated 21st 1st Mo., last, located near or towards Brandywine which he appropriates to himself, and requests a Warrant to take up the remaining 500 Acres for his Children.

Ordered that a Warrant be accordingly granted.

tained, 120 which they sold to John Ball since the Proprietary s Arrival, did further obtain a Warrant for the remaining 80 Acres which the said Daniel, together with Joannes Kelpius and Joannes Jawert, had sold to Robert Nailor, and therefore requested that the Warrant which bore Date the 13th 11 Mo., 1700, should be granted to the said Robert, and be located near Indian Creek adjoining on Geo. Collet in the said Liberties, But this Location being mentioned in the Warrant by an Imposition the Place having been before granted to Hugh Roberts who had a Right to 100 Acres in right of Purchaser of 5,000 Acres, At the Request of the said Hugh the Proprietary issued an Order under his Hand and Seal, bearing Date the 1st 12 Month, 1700-1, countermanding and vacating the said location, but confirming the Grant of the said 80 Acres in all other Respects, Upon which Robert Nailor recanted his said Bargain, the said Alteration not suiting with his Exigencies; The said Daniel therefore, because the said Warr't was to Rob't Nailor, requests another Warr't from the Comm'rs for the said 80 Acres, to be granted to himself in Right of his Constituents, the said German Purchasers.

Ordered that a Warrant be accordingly granted.

The Propr'ry having, by Deeds of Lease and Release, dated 21 and 22d of the 1 Mo., 1681, sold to Peter Worral 500 Acres of Land, of which the said Peter has taken up only 300, in the County of Chester, he requests a Warrant for the remaining 200, and that it may be granted to Jno. Willis, who this Day has purchased his Right to the same.

At a Sessions of the Commissioners at Philadelphia the 22d of 10br., 1701.

Present, Griffith Owen, Thomas Story, James Logan.

The Proprietary having sold to John Sharpless, original Purchaser in England, 1,000 Acres of Land, there was laid out to him in Right of the said Purchase 24th 8 Mo., 1682, 330 Acres of Land by a Warrant from William Markham, dated 7th 6 Mo., 1682, and confirmed to the said Jno. by Patent from the Propr'ry, dated 28th 5 Mo., 1684, situate in the Township of Providence and County of Chester, which said 330 Acres, the said John deceasing, Jane Sharpless, his Relict and Adm'rx, and John Sharpless, his Heir, by a Deed dated 9th 4 Mo., 1696, conveyed to James Sharpless who requests a new Patent for it under the Great Seal, and offers to give Bond to admitt a Resurvey any Time within seven Years, which is granted and a Patent ordered.

Thomas Cooper having on presumption settled on a Tract of Land within the bounds of the Manor of Rocklands about two Years ago, requests a Grant of 200 Acres in the said Place for which he agrees to pay £25 p. 100, and two Years Arrears, one-half of the Money to be paid the 25th of the first Month next, and the Remainder the 29th of Sept'r next following, and afterwards one Shill. Sterl., Quit Rent p. 100, to give good Security when he takes out his Patent.

Ordered that a Warr't be granted according to the aforesaid Agreement and a Patent on the Return.

John Chaffan having seated on a Tract adjoining to the preceeding about two Years ago, requests a Warrant for 250 Acres on the same Terms with Thomas Cooper.

Ordered that a Warr't be accordingly granted vid: the foregoing.

James Chevers having seated about 3 Years on a Tract in the Manor of Rocklands, joining on Nathan'l Newlin's Land and Concord Line, requests a Grant of two hundred Acres in the said Place on the same Terms with Thomas Cooper and John Chaffan, only that he shall pay three Years Rent at a Penny p. Acre, which is granted.

Which is granted and ordered that a Warr't be drawn and signed.

Henry Gunston being seated on 50 Acres of Land in Burmingham in the County of Chester adjoining on the Line of the Manor of Rocklands, and finding the same too strait and small for a Plantation, Requests a Grant of one hundred Acres in the Manor adjoining to that he possesses, which is granted upon Agreement that he shall pay £30 for the same the 25th of the first Mo. next, and Tho. Cawdry, his Neighbour, offers to be his Security.

Ordered thereupon that a Warr't be granted and a Pat. on the Return.

Hugh Roberts, of Meirion, produces a Warr't of Survey under the Hands of Wm. Markham and John Goodson dated 1st 4 Mo., 1688, for two hundred Acres of Land to be taken up in the Welch Tract, purchased by the said Hugh of the said Commissioners of which he sold one hundred to Katherine Thomas, Relict of John Thomas, which being never executed he requests another Warr't from this Board for 100 to himself, and another for the other 100 to Thomas Jones, eldest Son of the said Katherine.

Inquiry being made into the Payment of the Consideration Money, Benjamin Chambers appearing, affirms that the Pennsylvanian Society Trade being in Hugh Robert's Debt and the Proprietary in the Society's Debt, the said Benjamin by the Comm'rs order, gave the Propr'ry Credit in the Society's Acco'ts (whose Agent he was) for £10, the sum agreed on for the 200 Acres.

Upon which 'tis ordered that Warr'ts be granted according to Request.

Nicholas Lockyer, of the County of New Castle, producing a Return of Survey under Henry Hollingsworth's Hand, formerly deputy Surveyor of the said County, for 86 Acres of

Land near New Castle Town, survey'd 7th 12th Mo., 1689, in pursuance of a Warr't from the Proprietary, dated 20th 12 Mo., 1682 (as is recited), said to be for 100 Acres, granted to Cornelius Johnson, but the said 86 Acres laid out to Elizab. Priestner, his Relict and Widow, also of John Priestner for which the said Nicholas, her present and 3d Husband, requests a Patent.

It being objected the Land was his Wife's and not his, James Claypoole being present certified that the said Elizabeth, after her intermarriage with her present Husband, did in their Court (of which he is Clerk) resign and give up all her Claim, Title and Interest in and to that and all her other Lands to her said Husband in Cons'rtion that he should give her the Priviledge to dispose of £100 at, her Death to her Relations. The Rent also being discussed of, 'tis affirmed that the said Land has been taken up these 30 Years past, that his Wife's Mother (being also Adam Peterson's) was killed in a House standing on it by the Indians, and that their Writings being burnt they applied to the Proprietary at his ffirst arrival for a Title in order to which the said Warrant was granted, but that it lay dormant in W. Welch's Hands, which occasioned the Survey to be delayed. All which being considered,

A Patent is ordered on old Rent.

The Proprietary having, at his Departure from Newcastle promised Dorcas, present Wife to Geo. Hogg, 200 acres of Land, where she could find it vacant in the said County, for the Use of her Son Henry, Land by her former Husband; Land in Consideration of some Services done for the Publick and Losses sustained thereupon by her said fformer Husband, in the Presence of Edward Shippen, Griff. Owen and R'd Halliwell, whom he desired to be Witnesses for her upon her application to the Comm'rs.

And she, by her Letter, accordingly applying, and R'd Halliwell under his Hand, and E. Shippen and Griff. Owen, present, testifying as aforesaid.

Ordered that a Warr't be granted to the said Henry, Land for 200 acres in the said County where not already granted nor appropriated.

Richard Halliwell and Joseph Wood, in behalf of themselves and the rest of the Inhabitants of Newcastle concerned, presented to the Propr'ry a Petition at his last Departure from that Place in the following Words:

To the honourable William Penn, Esqr., absolute Proprietary and Governor of the Province of Pennsylvania and Territories:

May it please your Honor, That whereas the Members of assembly for the Lower Counties did request your Honour in

behalf of the Inhabitants of this Town that you would be pleased to grant the Bank to such Persons as have Lotts fronting the River at the yearly Quittrent of one Bushell of Wheat for each sixty ffoot in Breadth and six hundred foot in Length from the New ffront Street, they improving the same with good Wharfs in seven Years after the Date of the first Grant, or else the same to revert to your Honor to be granted to such Persons as will comply with the same in the Time prefixt (which your Hon'r was pleased to promise should be done.)

We therefore, in behalf of our selves and the rest of the Town concern'd do further request that the same may be confirmed by some Order or writing under your Hand to your Commissioners that Warr'ts may be granted and the same to be laid out and Patented to such Persons as shall desire the same, and we shall as in Duty bound ever Pray, etc.

RICHARD HALLIWELL,
JOSEPH WOOD.

Undersign'd by the Gov'r thus:
Granted as here requested 31st 8 br., 1701.

WM. PENN.

In pursuance of which Petition and grant thereupon Joseph Wood, being possessed of a Lot in the said ffront of Newcastle, requests a Warr't for the Bank fronting his said Lott on the Terms mentioned in the Petition aforegoing.

Which is granted and ordered that a Warrant be drawn accordingly.

That in as much as the Welch Purchasers of the Propr'ry were, by large Quantities of acres in one Pair of Deeds, granted to one or two Persons only, under which several other Purchasers had a Share; the Gen'l Deeds of one Purchase should be first brought in with an acco't of all other Persons who had a Share in such Purchase, also an account in whose Possession the Respective Lands of every under Purchase now are, and that because all the Lands hitherto laid out (or most of them) in the said Tract were by Vertue of one Gen'l Warrant; particular Warr'ts of Resurvey should be granted to every Man upon what he now possesses, and that an exact account of all their Titles should be taken in distinct Minutes from these presents, to be kept fair in a Book or Papers for that Purpose, and accordingly the Propr'ry's Deeds to John Thomas and Edward Jones for 5,000 acres were brought in with all such necessary

The Proprietary, by Deeds of Lease and Release, bearing Date the 15th and 16th of March, 1681, sold to Thomas and Samuel Bulkly 500 acres of Land, and Thomas Bulkly, by Deed dated 14th 3 Mo., 1684, released his whole Right in the said Purchase to his Brother, the said Samuel, in right of which Purchase there is laid out to him in the Map a Tract of about the said Quantity between the Branches of Skuylkill, above the Manor of Bilton, not far from Perquiominck, on which he requests a resurvey, vizt: 490 acres, and a Warrant to take up the other 10 acres in the Liberties, together with 5 acres more of Lib. Land sold him by Griffith Owen, being appurtenant to.

Ordered that a Warrant of Resurvey be accordingly granted on the said 490 acres and a Warrant to take up the said Lib'ty Land.

Joseph Hall, by Deeds of Lease and Release, dated 4 and 5th Apr., 1682, purchased 500 acres of Land of the Proprietary, and by like Deeds dated 3d and 4th of Aug't, 1683, conveyed to William Hobson and William Hall 250 acres, Part of the aforesaid for the Use of his Sister, Hannah Overton, and by an Instrument dated 7th Aug't, 1683, appointed Samuel Overton and Henry Maddock his attorneys for the other Moiety.

Hannah applying to the Prop'ry had his Promise under the Secretary's Hand dated 15th 8br, last, for her 250 acres, which she now requests of the Commissioners.

Ordered that a Warrant be granted for the said 250 acres.

The Propr'y, by Deeds of Lease and Release, dated 2d and 3d of Ffebr'y, 1681, sold to William Tanner 500 acres of Land, and by like Deeds of the same Date to John Tanner the same Quantity.

At a Sessions of the Commissioners at Philadelphia the 29th of 10br., 1701.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan.

The Request of Joseph Wilcox, made and stated the 8th Inst., being fully considered and upon several Conferences had with the said Joseph largly debated, 'tis at length agreed between the Commissioners in behalf of the Proprietary and the said Joseph That he shall have in Satisfaction of his ffather's Disappointments in and about the Lotts promised his ffather upon his Purchase of one thousand acres, and in full of all his Demands thereupon twenty-five ffoot on the North side of his present Lott at the North End of the Town, on the Proprietary's Land extending from the ffront to the Second Street on Dellaware, and the same Quantity of twenty-five ffoot from the 2d to the 3d Street, and fifty foot from the End of his present Rope Walk on the East Side of the 3d Street, extending to the 4th Street, the whole with what he is already possessed of to be held at the yearly Rent of seven shillings and six Pence, Sterling, also that his Share of the two thousand Pounds Tax for the Govern'r, amounting to about £4, 3s, 4d, and that he shall further have Liberty to make Use of the Proprietary's Land beyond the granted Premises to the Length of two or 300 ffoot for the carrying on of his Trade, so long as the same shall not be otherwise disposed of or appropriated, in such Cases where the Ropewalk hereby granted, being in Length

about 942 foot, shall prove too short, which Grant the said Joseph accepts in full Satisfaction as aforesaid, and in lieu of all claims or Demands of the Propr'ry (on the said account) whatsoever.

Whereupon 'tis ordered that a Warrant be granted according to this Minute and a Confirmation on the Return of Survey.

A Difference about a ffront Street Lott appurtenant to John Sharpless, his Purchase of 1,000 acres in which William Lawrence and Will'm Bowlin, both of Philadelphia, are concerned, being stated before the Secretary in his Office the 22d of the 12th Mo., last, as follows:

John Sharpless, original Purchaser of 1,000 acres, sold his Right to his City Lotts and Lib'ty Land to Wm. Morgan, but did not convey them. William Morgan obtained a Warrant from the Propr'y dated 29th 12 Mo., 1683, to take up his said Lots in pursuance of which T. Holme, Surveyor Gen'l, made his Return, produced under his Hand, dated 11th 12 Month, 1684, certifying that by Vertue of the said Warrant he had caused to be surveyed to the said Morgan a Lot in the ffront Street of twenty ffoot in Breadth, bounded Southw'd with Anth. Tomkins' Lott and Northward with a Vacancy, also a High Street Lott proportionable, both surveyed 8th Sept'r, 1684.

Robert Longshore purchased of the said Morgan his Right to the said Lotts and Lib. Land. but there being no Deed passed between Sharpless and Morgan for the same, Sharpless, by a Deed dated 6th May, 1692, conveyed his whole Right to both Lotts and Liberty Land appurtenant to his said Purchase to Robert Longshore, making no mention of the Location of the Lotts or the aforementioned Survey.

Robert Longshore being thus invested with Sharpless' Right, not regarding the Survey or Return aforesaid, upon application made to the Comm'rs of Property then in Power, obtained a Warrant dated 29th 7 Mo., 1692, to take up the said Lotts, which he being concerned in, the Surveyor's Office executed on a Lott in the ffront lying much more Southerly and therefore more Valuable, between the Lotts of Richard Davies to the Northward and Rowland Ellis to the Southward, being about 144 ffoot above Mulberry Street (and on another likewise more valuable in the High street), and by a Deed dated 8th 8 Mo., 1692, sold the last mentioned ffront Lott to William Lawrence, who since sold it to Timothy Stevenson, who several Years ago has built upon it.

After R. Longshore's Decease, Tho. Jenner marrying his Widow and by that means having an opportunity to Search the Surveyor's Office, found the first mentioned Return under T. Holmes' Hand, also Sharpless' Deed to Longshore, by Vertue

of which (tho' without any Legal Power, having only married the Widow) he sold the first surveyed Lot in the front to William Bowlin and gave Bond to make him a Title.

Upon which both Lawrence and Bowlin sue for a Confirmation of what they possess, viz: Bowlin for the true Lott without any Right (Longshore having before sold all his) and Lawrence with a full Right but on a wrong Lott that he Claims, properly belonging to Sir John Sweetaple's Purchase.

All which being duly considered, but especially that Lawrence, who has the Right, has by his assigns improved and built on his Lot.

'Tis ordered that the Lot of 20 ffoot in the ffront, now possessed by Timothy Stevenson, by him purchased of William Lawrence, shall be confirmed to one or other of them, that is to say to Stevenson if Lawrence has conveyed it and if not to Lawrence himself.

And that the Lott claimed by Wm. Bowlin shall be granted to S'r John Sweetaple or his assigns.

And that William Lawrence shall pay six Pounds in consider'a'ion of the more advantageous Situation of the said Lot than the fformer, which of Right belonged to Sharpless' Purchase.

Richard Hough producing a Return of Survey, sign'd Edward Penington, dated last past, made in pursuance of a Warrant of Resurvey granted by the Proprietary dated on 250 acres formerly laid out in Right of the said Richard's first Purchase of 500 acres and 50 acres adjoining Part of a larger Tract laid out in the Right of Luke Brinsly's first Purchase, the whole being reputed 300 acres, situate in Makfield Township, in the County of Bucks, but found upon a Resurvey to contain 416 acres, of which there being 30 acres allowed by the Law there remains 86 acres to be purchased, for which he agrees to pay after the Rate of £20 p. 100, viz: £16 12s for the whole, there is also due from the said Richard for 9 acres of Meadow found in a Tract reputed 25 acres, Sold for 10s p. acre, £4, and for 44 acres of Vacant Land granted him by the Proprietary adjoyning to Richard's Land in the Manor of High Lands, at the Rate of £20 p. 100 acres, £8, which two last Parcels were confirmed to him by Patent from the Propr'ry, dated the of 8br., last.

For the whole of which he is to give Bond to the Proprietary, being in all £ 28 12s, payable in six Months, and thereupon he requests a Confirmation of the first mentioned 416 acres, which is granted. For the Particulars of his Title See the Secretary's former Minutes of Property for the said County and Township.

The Proprietary, by Deeds of Lease and Release, dat. 21 and

22d 8br., 1681, sold to Nathaniel Pask 250 acres, who by like Deeds dated 5th and 6 July, 1699, conveyed the same to Thomas Bye.

The Propr'ry also by Deeds of Lease and Release, dat. 10th and 11th of 8br., 1681, sold to Edward Crew 250 acres, who by like Deeds dated 5 and 6 July, 1699, conveyed the same to Thomas Bye, both which Purchases have been taken up by the said Bye since his arrival in this Province.

The Propr'ry also by Deeds of Lease and Release dated 10th and 11th 8br., 1681, sold to Edward Simkins 250 acres, who by a Letter of attorney dated 7th Ffebr'y, 1700, impowered the said Thomas and Margaret, his Wife, to take up and dispose of the same.

Upon which he Requests a Warrant to take up the said last 250 acres, also Warrants for the Lotts appurtenant to the said Purchases, viz: for Pask's and Crew's to himself, and for Simkins to his self.

Ordered that first a Warr't be granted for the 250 acres and afterwards for the Lotts as there shall be occasion; Liberty Land to be deducted.

Philip Howel produces a Warrant under the Propr'ry's Hand and Seal, dated 6th of the 4th Mo., 1684, for a Lot to Cuthbert Hayhurst, proportionable to his Purchase of 500 acres, also a Deed from Wm. Hayhurst, Son and Heir of the said Cuthbert, dated 6th 1 Mo., 1699, conveying all his Right to the Lotts and Liberty Land appurtenant to his ffather's said Purchase to the said Philip.

Cuthbert Hayhurst is a first Purchaser of the said Quantity in the original List, Deeds dated 17th 18 Ffebr'y, '87; the Lott by the City Draught is No. 40, on Skuylkill; the Warr't mentions neither Side.

The said Philip also produces a Warrant from the Propr'ry dated 19th 4 Mo., 1684, for a Lott to Thomas Langhorn, Purchaser of 500 acres, and a Deed from Jeremy Langhorn, Son and Heir of the said Thomas, dated 1, 1 Mo., 1698, conveying (for £5) the Right of all the Lib'ty Land and Lotts appurtenant to the said Purchase to the said Philip, which Deed recites the Proprietary's Deeds of Lease and Release to be dated 7th and 8th of 9br., 1681 The Lott falls on Skuylk., No. 91.

The said Philip also produces a Warr't from the Propr'ry dated 2d 6 Mo., 16 3, to lay out a Lot to Ann Smith, on Delaware or Skuylkill side, where it might be most convenient, proportionable to her Purchase of 500 acres.

Also a Deed from Ffrancis Smith, of Brandywine, her Husband, dated 30th May, 1698, conveying to the said Philip a Lot in the 2d Street on the South side of Wm. Crosdale's, which

At a Sessions of the Commissioners at Philadelphia the 31st 10 br., 1701.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan.

John Ogle, Son of Thomas Ogle, of the County of Newcastle, dece'd, having been long resident in this County before the Proprietary's arrival, and as he alledges suffered much with his ffather and ffamily by the Lord Baltimore's Invasion in the said County, and being yet without any Land of his own, notwithstanding he has twelve Children to maintain, requests a Grant of 500 acres near Whiteclay Creek, where he lately presumed to settle on the same Terms as the New Welch Purchasers in the said County have their Land; he craves being very near their Line.

Ordered that in consideration of the Premises the said John have a Warrant for 500 acres, for which he agrees to pay £62 10s within three Years after the Date of the Warrant, the first year to be clear of Interest, but for the second and third to pay after the Rate of 8 p. Cent., afterwards to be one Shilling Sterling p. 100.

Joseph Moore, of the same County and Place, being upon much the same Circumstances with John Ogle, and having purchased a blind claim from a late Inhabitant there, for about 200 acres, in the Lines of which he supposes there may be 300, requests a Warrant for the said 300 and 100 more upon Abrah. Brewster's Line near White Clay Creek, on the same Terms with J. Ogle.

Ordered that in Consideration of the said Joseph's Sufferings and the Propr'ry's known Respect to him he have a Warrant for 400 acres as requested and upon the same Terms of Payment with John Ogle, as desired.

Ordered at the humble Suit and Request of Jno. Ogle and Joseph Moore that the said John Portman have a Warrant for 200 acres in the said Place, upon the same Terms with the said Ogle and Moore, and that in their Warrants and all others for Land for which a Consideration is to be paid there be one Clause inserted mention'g the agreement and another Clause making void, both the Warrant and the Survey in Case the agreement be not fulfilled and that upon granting a Patent for any such Land before the Money be paid the Land be mortgaged to the Propriet'ry for Security and the Mortgagors or Patentees be obliged to improve.

George White, Purchaser (by the original List) of 2,500 acres, took up in his Life Time, as is recited in the following Deed, 1,500 acres, and had at the Time of his Decease 1,000 acres remaining to be then taken up, which 1,000 acres by his last Will and Testament, dated 9th of 7br, 1687, he bequeathed to his Sons, Will'm, Ffrancis, Joseph and Benja. White, in equal Shares among them, viz: to each 250 acres.

Joseph White, the 3d son, by a Deed dated the 8th of this Inst., drawn by Phineas Pemberton, and reciting the Premises, conveyed his Right to the 250 acres left him by the said Will to Samuel Baker, who requests a Warr't to take up the same.

Ordered that a Warr't be accordingly granted.

John Bittle producing the Copy of a Warrant from the Commiss'rs dated 7th of the 4 Mo, 1690, for a Lot to be laid out on Rent on Chesnutt Street to John Countiss, who on the Back of the said Warrant or authentick Copy assigned all his Right therein to John Bittle, the assignment dated 13, 3 Mo., 1692, having first built on it before the Sale. Requests a new Warrant to resurvey it, granted at 5 Sterl. p. ann.

It lies on the North Side of Chesnutt Street, between 4th and 5th.

Time, and the Propriet'ry delivering the said Joseph's Petition to the Secretary with Orders to answer him, the said Joseph requests the Secretary, as the Propriet'ry's Receiver, to pay the Money, upon which he demurring, craves the Commissioners advice in the Case.

And all things being duely weighed 'tis advised seeing the said Joseph pleads so great a Necessity that he dare not return home, William Grant having an Execution out against him for a Debt, and that the said Grant having given the Proprietary a Bond last Summer for the Payment of 77 Bushels of Wheat for his Quit Rent, which Bond, with six Pounds would answer Joseph's present Exigencies, that therefore the Secretary assign Joseph the said Bond and pay him the said Sum of six Pounds, and take his Bond for fifty Pounds, ten shillings, for the Repayment of £25 10 in Case the Proprietary shall not allow of it and that the Secretary inform him by first Opportunity.

to pay twenty Pounds p. 100 and a Bushell of Wheat Rent p. Ann., the Money to be paid at 3 Payments each, six Months Distance, the last within 18 Mos.

But Dorcas Hogg solicits that the Warr't granted the 22d ulto. to her Son Henry, may be located there, that being the Place designed by him at the Time of her Request it being the nearest vacant to his Brother Ffrancis.

At a Sessions of the Commissioners at Philad'a the 7th of ye 11th Mo'th, 1701.

Present. Edward Shippen, Griffith Owen, Thomas Story, James Logan, Sec'ry.

The Prop'ry haveing, by Deeds of Lease and Release, dated 29th and 30th of Aprill, 1683, Sold to Will'm Puryour one thousand acres of Land in this Province, the said Wm. by Deeds of Lease and Release dated 1st and 2d of 8br., 1684, Conveyed the same to Rob't Fairman, who by his Letter dated 8br.. 3rd, 1684, Constituted his Brother Thomas Fairman his attorney to Enter upon and Dispose of the same.

Thos. Fairman by Vertue of the said Deeds and Power by a Warr't from the Comm'rs (Ja. Clayp. and Robert Turner)dated 24th 12 mo,, 1684, took up out of the Overpluss of Southampton Township (but in ye County of Philad'a) 500 acres, being now John Jones' Plantation, and out of the same by a Warr't dated 2d 12 mo., 1685, he also took up 300 ac's, the War't Mentioning so much, but T. F. says there is only 250 acres laid out by Vertue of that War't, which said 250 acres he by Deed dated 24th 5 mo., 1686, Convey'd to Ann Salter, who by Deed dated 28th 5 mo., 1686, Convey'd the same to To's Lloyd, whose Ex'ors David Lloyd and Isaac Norris, requests a Confirmation of the s'd Land for the Uses of the Testator's Will.

This Warr't for 300 acres Mentions that quantity to be the remand'r of Wm. Puryour's Purchase, and there is another Warr't produced from the same Comm'rs bearing the same date with the Last, Viz: 2d 12 mo., 1685-6, for 200 acres to T. F. in the right of the same purchase, which the said Thomas Fairman informs was laid out in Abington Township, Sold after Location to Walter King and Arthur Powel, now in the Posssession of Peter Taylor.

Ordered upon the said Ex'ors Request that a

John Ball haveing in pa. 15 made application for 25 acres of Liberty land in Right of John Rowland, but for some objections then rising the grant being deferred till further satisfaction could be produced. The said John applying again informs that he has been with John Rowland himself, who has given under his hand that he Never Sold any to Brigham, but that he made a bargain with one, ———— ———, who quitted it again to him, the said Rowland, who was truly invested with the right when he sold the same to Jon. Duckett, and that upon the Utmost Inquiry that can be made there appears no foot steps that ever the said Liberty Land was taken up, He therefore requests a Warr't to take up the said 25 acres. Upon which 'tis Ordered that if John Rowland's whole purchase be not yett taken up, but that there be 25 acres Remaining, a warr't be granted as requested.

John Pierce Seated about 6 years ago upon the Mann'r of Rocklands, on presumption, near the Land of Will'm Tally, requests a grant of one hundred and fifty acres, for which he agrees to pay twenty-five pounds p'r 100 acres, and the arrears of Rent at a penny p'r acre for the time he has been on it, Viz: the said 6 years, afterwards to hold it at an English shilling p'r 100. One Moiety of the said Money to be paid the first of ye 3rd Month Next and the Remainder ye 29th of 7br, following.

Ordered that a Warr't be granted as Requested.

William Simpson being desirous to settle on a Tract in the

S'd Manor adjoining to the preceding, requests a grant of one hundred acres, for which he agrees to pay thirty pounds at the same times that John Pierce agrees to pay his, viz: one Moiety the first of the 3rd Month, the Remainder at the 29th of 7br., following, at 1s sterling p'r 100.

Ordered that a Warrant be accordingly granted. Mem'dum that the price of Land already taken up and Setled by presumption is agreed to be £25 p'r 100 and the arrears of Rent, But land now bought, £30 p'r 100.

Edward Pritchet, having in page 31 entred a Caveat against Walter Faucet's Obtaining a Patent upon the Resurvey made by Isaac Taylor, Surveyor of Chester Coun., in Pursuance of the Prop'rs warr't, and this day being appointed for hearing the reasons the said Edw'd hath to alledge, Both parties appeared, Pritchet with Jno. Moore, Councill for him, and Faucet with several of his Neighbours for Evidence.

The Case appeared thus:

Neals Matson, an old Settler, took up 100 acres of Land Confirm'd to him by a grant from Gov'r Lovelace, dated , 1670, Bounded by the River Delaware, Crum Creek, Claus Andries' Land and a line Running North into the Woods, At a bushell of wheat p'r 100, which was after Confirmed to him by a Patent from Gov'r Penn in 1684. Not long after Matson's Settling there Henry Jacobson Seated himself at Matson's Instance and Desire upon part of the said Tract, each of them improving such parts of it as between themselves they thought fitt, choosing to seat thus Near for their greater Security from the Indians. So that upon the same tract then reputed only a hundred acres, each had his Plantation with distinct feilds and Improvements, Separate from Each other by fences and Known Boundaries and partitions, yet much Lock'd within Each other.

By articles of agreement, in the Nature of a Deed, dated in Feb'ry, 1683, Matson sold to Edward Pritchet his Plantation on Dellaware and Crum Creek in Consideration of £120, but without any other Certain bounds or quantity Specifyed, and by a Deed afterwards drawn, but without date, Certifyed by Rob't Eyres, once Clerk of Chester Court, under his Hand to have been acknowledged in Court (but without the County seal or date as is required by law), Matson further Confirmed his s'd plantation to Pritchet under more Certain Bounds than in the former Deed, yet not sufficient, and without Mentioning the Number of acres, together with which Deed she also Delivered to Pritchet his Patent.

Hen. Jacobson, about the year 1689, being about to sell his Plantation part of the said Tract, but haveing no Manner of

Title to shew from Matson, procured from him a Copy of Gov'r Lovelace's grant for the whole, and Under the said Copy a Deed of Sale or assignment from the said Matson under his Hand and seal dated 19th 4 mo., 1689, for one Moiety of the said 100 acres by Vertue of which the said Jacobson convey'd to Renier Peterson by Deed dated , who sold the same to Walter Faucet.

Upon which the Difference is:

That Pritchet by the Gov'rs Grant to Matson, and Maston's sale of all his Plantation to him, claims the whole Tract, To which Faucit pleads that 'tis true Matson sold all the Plantation that was then his, but that Jacobson's plantation was not included in that sale, that being sold by Matson to Jacobson several years before and by him seated and Improved, Notwithstanding there had no Deed past for the same (which in those early days was not much practised) till Jacobson had Occasion for one, to make Peterson a Title.

Before the opening of the case before this Board, Pritchet, who entered the Caveat and for whom this Hearing was assigned, pleaded by his Council that this Difference lay Neither before the Prop'ry nor his Commiss'rs but was to be determined by the law, and therefore craved that all further proceedings of ye Board in this affair should be stopt, Upon which J. M. Departed.

But Pritchet having in his Caveat desired a day for the Hearing of his Reasons that he had to aledge was required to produce them, and thereupon he gave in that part of the Matter relating to himself, as stated above, and as it had often been exhibited to the prop'ry and to the Secretary in his Office.

W. Faucet produced several Evidences to strengthen his allegations as follows: first, an affidavit of Hen. Jacobson, now very ancient, taken before Corn. Empson, Justice of New C. Coun., dated 25th 4 mo., 1701, declaring that the said Dep't about 27 years ago bought of Neals Matson half of his Tract of Land, Bounded upon Delaw. and Crum Creek, that the said Land was divided between them, and that he (the Dep't) had possessed it 14 years before he sold it to Renier, and 7 years before Edw'd Pritchet came into that Country. But here Jacobson is Evidence in his own Case.

Isaac Taylor, the Surveyor, declares that 16 years agoe Edw'd Pritchet, then his Neighbour, often told him going by his plantation that such a feild (pointing to it) was H. Jacobson's, and such an one was his, and that he had often Shewn him their Divisions, by which Information and knowledge only he had now made this Resurvey of the improved parts, and that he never understood Pritchet made any pretence to these fields reputed Jacobson's till very lately.

Rob't Barber declares that while this Land was in Peterson's possession Pritchet would have employed him and expressly desired him to buy it of Peterson for him, and a Writing is also produced from Thos. Howell declaring that Pritchet advised him, the said Thomas, to buy it of Peterson and so be his Neighbour.

Several others also affirm that Pritchet never till very lately pretended to the whole but confessed that W. Faucet had right to 50 acres, which Isa. Taylor also declares he heard both Pritchet and his Wife this Last Summer acknowledge.

Sam'l Levis, designed an Evidence for Pritchet, says that several years ago (viz: about 1684) he heard a discourse at Ja. Sandilands That Matson had acted a very ill thing for he had Convey'd all his Plantation to one man when he had sold half of it long before to another.

Several of the Neighbours present also affirm that Pritchet (which he himself acknowledges) has offered W. Ffaucet £50 for his right, but this Pritchet says was to buy peace, or to satisfy for the Improvements w'ch he owns he had no right to in equity.

All which alligations on both sides being duly weighed it appears that Walter Ffaucet has a right to one Moiety of the Tract first reputed an hundred acres, but there being so much Intricasy in the Division made by this last Resurvey the Confirmation is deferr'd till further Consideration, some thinking it Necessary to be done by a Writt de Partitione facienda.

At a Sessions of the Commissioners at Philad'a the 12th of the 11 Month, 1701.

Present, Edward Shippen, Griffith Owen, Thomas Story, James Logan, Secr'y.

Evan Powell having bought of Rich'd Taylor 300 acres of land in the County of Philad'a, who bought it of Thos. Fairman, being part of the Overpluss of the Manor of Moreland, laid

out as is said in Right of Stanly's purchase, to which 'tis feared the said T. F. can make no title, and if so, will prove the Prop'rs Land still, the said Evan therefore requests that if it be found Taylor and Fairman can make him no title to it, The Commiss'rs would grant him the previledge of purchasing it before any other, in Consideration of the Improvem'ts he has made thereon, which is granted. But T. F. offers to Clear the Title.

Nathaniel Allen having, by Deeds of Lease and Release dated 26th and 27th of July, 1681, Purchased of the Propr'y 2,000 acres of Land, of which there has been laid out to him 600 acres on Neshaminah and 750 in Warminst'r Township, both in Bucks, and 32 acres in the City Liberties, Nehemiah Allen, his son and Heir, requests warrants for the remaining 618 acres.

Ordered that Warr'ts be granted to take up the said 618 acres in two Tracts.

John Kinsey Produces an acc't Signed by Phin. Pemberton, taken out of James Harrison's Books, by which it appears he had bought and paid for 200 acres of Land of the Prop'ry, also a Copy of a Warrt out of the Surv'rs Office Signed by Ja. Claypoole and Robt. Turner, dated 4th 6 mo., 1684, for 200 acres bo't of Ja. Harrison and 100 more on rent to be laid out in the County of Philad'a, also a draught Under the Dav. Powell's hand of the said quantities, which the said David, Being present, affirms is located in the Welch Tract and thereupon the said John Kinsey requests a Resurvey in order to a Patent and to purchase of the rent of the 100 acres.

The arrears of rent on the 100 acres is £10 (viz: 16 years at 12s 6d p'r year) and the Purchase is £11 in all £21, which he agrees to pay.

Ordered thereupon a War't as requested and Patent, &ca.

John Walker's request made first Ult., entred pa. 10, for a Confirmation of a front Lott of 45 foot, being further inquired into and considered it is found that R'd Davis had no right nor pretence to either Lott or Liberty Land upon the acco't of his purchase of 5,000 ac'rs, he having made that purchase only in Trust and forthwith convey'd it all away to his employers, who have all taken up their Lotts in the several parts of the City according to their respective shares, as has fully appeared by that Purchase being Called over and Stated in the Minutes of the Welch Tract q. v., and Davies had a right only to 25 foot front appurten't to his own Purchase of 1,250 acres, part of the said 45 foot, which is allowed, but the other 20 foot is a Wrong grant and not to be Confirmed.

Ordered therefore that the Confirmation be deferr'd, and Jno. Walker is advised to buy some first purchaser's Right to

a Lott app't to 1,000 acres and to locate it there, seeing he cannot well part with it being Inventoried for parcel of Tho. Langston's Estate, whose widdow he Married. When this Lott is Confirmed, whether only 25 foot or the whole 45 foot, Joshua Tittery producing a Deed from Thomas Langston, dated 2d 7br., 1698, for the back part of the whole 45 foot fronting the 2d Street and in depth foot, is to have a Patent for the same.

And the rest to be Confirmed to Jno. Walker and his Wife Sarah, Relict of Thos. Lagnston, for the use of the s'd Sarah and her Daughter, Sarah Langston.

Francis Chadds' request, pa. 24 being further considered, especially upon his pleading an absolute Ruine to the Estate if they should be disappointed of that Lott for which they honestly paid without any Design of fraud, and had given bond to make a Title in a very considerable sum, also that it was Located by the Surveyor Gen'll, who had made a due return thereof in pursuance of a Warrant from the Prop'ry himself.

It is ordered that a Patent be granted, which was this day signed but dated the 29th Ult.

Francis Chadds having purchased of Daniel Smith 500 acres of Land upon Brandy Wine Creek, in Chester Coun., laid out in right of Hen. Bernard, first purchaser by the List, of 250 acres, and so it has been in ye Deeds, but now by a rasure is made 500 acres, which cannot be allowed.

And Dan'l having a Right to more land, He requests, together with Randal Spakeman, adm'ror Smith's Estate, that the whole 500 acres may be Confirmed to him, and that what is wanting in right of Hen. Bernard may be allowed out of some other purchase that Dan'l has a right to, and in Order thereunto Requests a Resurvey, which is granted and Patent.

Andrew Heath desires that when the land in Bucks, sold to him by the Gov'r for John Snowden and Peter Worral, in right of Will'm Venable, is to be Confirmed by Patent to him, the s'd Andrew and Elizabeth, his Wife, and to John Hutchinson and Joyce, his Wife, and Frances Venables, the said Elizabeth being Relict and Joyce and Frances Daughters of the said William, which is approved of.

The Prop'ry having, by Deeds of Lease and Release dated 11th and 12th of Aug't, 1682, sold to Benja. Furly, of Roterdam, five thousand acres of Land in this Province, Dan'l and Justus Falkner produce a Letter of attorney to themselves from the said Benjamin, dated 23 of April, 1700, N.S., Impowering them, the said attorneys, to enter upon, Lease out or sell the said Land. Also a paper wrote in the Prop'rs own hand directed to the Secretary in these Words:

JAMES:

Prepare a War't for 4,000 acres for Benjamin Furly, out of which 3 War'ts for 500 acres Each for Falkner and Brother and Dorothy and Brother and Sister, which recommend to the Commiss'rs of Propriety if not done before I goe; 25th 8br., 1701.

WILL'M PENN.

Which directions to the Secretary are in pursuance of Certain Powers and Orders exprest in the aforesaid power of attorney.

Upon this they request a War't of Resurvey on what Land there is already laid out to the said Benjamin in right of the said purchase and in the same war't to take up the remainder.

Ordered that a War't be granted as Requested.

There being a Vacant piece of Land in the Township of Bethel, in the County of Chester between Wm. Fleming's Land and ye line of the Manor of Rocklands, reputed to contain 150 acres, Wm. Garret requests a grant of one hundred acres thereof for which he has agreed to pay £30 on the 29th of 7br., next, which is granted in Case he think fitt to stand to the Bargain; has been setled 2 years.

P., James Logan.

Agreed with Jno. McDonald for a tract of Land Cont'g 200 acres in Christina Hundred, laid out formerly to Philemon Murfy at 1d p'r acre, but quitted, and now sold to s'd Jno. for £20 p'r C't and 1s Ster. Q't R't.

———

8 mo., 29th [1706.]

At a Session of the Comm'rs 29th.

Prst., E. Shippen, Griff. O. and Jas. Logan.

Agreed with Wm. Hudson for a Strip of Lotts lyeing Between the Ends of the High Str. and Mulberry Str. Lotts, between the 5th and 6th Str. from Del., Containing about 48 f't and in Length from 5th to 6th Str. for £12 10s, with Interest, to be Paid from the date of the Warrant, and 2s Sterling Q't R't p'r annum.

Jno. Eastborne laid before the Board at Cert. of Jos. Ashton's, whom the Gov'r, By a Dedimus and his hand and seal, had Impowered to attest the Evidences required by the Comm'rs Warrant, to be Called upon resur'g the s'd Jno's Land, in which Cert. the said Jos. declares, that being Present upon the Spott, at the res. he attested some Certain Evidences, who disposed that a Line they Shewed was the true Old Line which divided the Land Sold Wm. Waite, who first Purchased Jno. Nailor's 200 a. of Hugh Marsh from the Other 300 now held by J. Eastborne, but that the Surveyor would run no Other Line than the Same he had run before. A Paper under the Surv'r's hand was also Produced, in which he Owned that the Line shewed by the Evidences was the former Old Line of Wm.

Waite's Land, but that the whole tract being res'd, the Lines were altered by Consent between Hugh Marsh and Jos. Holden, the then Possessors and that the several tracts were Sold To Nailor and Eastborne by that New Line, and therefore that was the True One. The whole Matter being Largely debated, and it being made appear that the Line In Controversy was the Division Line Only Between J. Eastborne's 300 acres and J. Nailor's, formerly Holden's 200 acres, w'ch division Line was not returned nor touched within the resurvey made By Rob't Longshore by Virtue of the Comm'rs Warrant, and by him returned into the Sec'ry's Office, and the said Eastborne Grievously Complaining that the resurvey made by Jno. Cutler On Jno. Nailor's Land had Proved very Injurious To him in running that Division Line, which touched not the Overplus and in which the Prop'ry was no way Concerned. He therefore requests that his Land may be yet resurv'd according to the Tenour of Our former Warrants by Some Skillfull Surv'r of another County, who has never been Concerned in that tract, which request being Considered Together with the reasons urged, 'tis Ordered that a Warrant be directed To Isaac Taylor, Surv'r of the County of Chester, to res. ye said John Eastborne's Land.

9b'r, 16th [1706.]

Granted To Edward Beeson liberty to Settle On a tract near Nottingham, On which Tho. Taylor was settled, and the refusal of it is Promised him, given him for this under Ed. S., T. S. and J. L's hands.

Present, Omnes.

The Board Takeing into Consid'n the disposal of the Surv'rs Gen'ls Office, upon a full Consid'n of the Circumstances of the said Office, and the ability of Jacob Taylor, formerly revisor of the Same, think fit to appoint the said Jacob Surv'r Gener'l of the s'd Province and County of Newcastle, Kent and Sussex, and 'tis Ordered that a Commission be accordingly Granted to him for the Same, the Master of the Rolls takeing Security to the Prop'ry of himself, the Sec'ry, James Logan, and his Brother, Israel Taylor, who offer themselves to that Purpose for the said Jacob's Just discharge of the Trust reposed in him in the Sum of £500.

Rob't Wharton haveing long Sollicited the Board for a Confirmation of his Land in the great Valley, and now Complaining that Our Irregular Grant On a resurvey of 250 a's of Land to Barth. Rowles, in Right of Thomas Ellis (whereas there

was none ever Surv'd to him there, nor did the said Rowles Ever Purchase any of the Prop'ry), has Occasioned great Disturbance and Loss to the said Robert in Particular, and Owen Thomas, who has Taken Possession of the said Land in Behalf of B. Rowles, likewise appearing (upon an appointment made for them both this day), it was demanded of him Whether he would acquiesce in a Division of the 500 acres according to a former agreement made at this Board by him in behalf of B. Rowles, By which it was Ordered that 250 acres of Land should be sett apart out of T. Ellis's Purchase, notwithstanding no Conveyance or assignm't appears, if so, the Commr's would Confirm to Rob't Wharton Only 250 acres and let 250 acres more be sett apart for the said Rowles, but the s'd Owen refusing to Come to an accommodation and the said Robert Complaining that whereas his Father-in-Law, Thomas Ellis, had duely Purchased many years agoe and Paid for 500 acres of Land, w'ch were yet unconfirmed To him, he had been to this day kept out of it greatly To his Loss and Damage and with Great Injustice to his Particular Concerns, and to the Estate of the said Thomas Ellis, and this, Principally by means of the Comm'rs Takeing upon them to set apart Land for said Rowles Out of Thomas Ellis's Purchase, with which this Board is no way Concerned, nor has there Ever been any Privity between the Prop'ry and the said Rowles in Relation To the said 250 acres, and therefore he Craves Justice of the Board and a Confirmation of the whole Land aforesaid in Right of Thos. Ellis, which right he solely Claims to make good, which he produces a Deed from Humphrey Ellis, Son of the said Thomas Ellis, dat. 1, 1 mo., 1702, for 200 a's left by the said Thomas to the said Humphrey by will dat. 1, 11 mo., 1688, and Duely Proved. Whereupon 'tis Ord'd that the whole said 500 a's be Confirmed To Rob't Wharton upon the Foundation of the said Deed from Ellis Ellis, but that at the Same time a Bond be taken of the said Robert to grant 250 acres of the s'd Land, Including the House built by Owen Thomas, as soon as any p'rson Shall appear that is duely Qualifyed to receive the Same in the s'd Rowles' behalf, Provided that the Other 250 a's to be resurveyed by the said Robert shall be as valuable and Commodious in all respects as the 250 a's to be by him Granted to Rowles.

The said Owen Thomas Produced to the Board a Pat. signed by Wm. Markham and Thomas Ellis, dat. 30, 6 mo., 1688, Granting 100 acres of Land To Humphrey Thomas, late Purchaser, laid out 12, 5 mo., 1688, by a Warrant from the said Com'rs dated 22d 4 mo., '88, beginning at a Corner Post of Humphrey Ellis's Land, running N. N. W. 400 pr's to a Corner, then W. S. W. 40 p's To a post, then S. S. E. 400 p's, then E. N. E. 40 p's, which Land the said Owen Claims a right to and desires it may be laid Out On Part of the aboves'd 500 acres, but D. Powel, the Surveyor appearing, declared that the said Land, notwithstanding it was thus Granted, was never Surv'd nor marked Out, nor has Hum. Ellis any Land thereab'ts at that Time, So that the whole Boundaries were uncertain and unfixt, and that T. Ellis Procured this Patent in a hurry, as he well remembers, Just as he was leaving this Province and Embarqueing for England, but there was Land Enough very near adjoyning to Lay that Pat. upon. Ordered that Robert Wharton, as heir To Thomas Ellis, further Pay for 100 a's of Land at the Old rate of £5 p'r C't, w'th Interest from September, One thous'd Seven hund'd and One.

At a Session of the Comm'rs held the 14 September, 1709.

Prst., Edw'd Shippen, Griff. Owen and James Logan.

With Caleb Pusey, Rich'd Hill and Samuel Preston.

The Swedes, who Presented that abusive Petition to the assembly Concern'g their Lands, haveing desired a Meeting with the Comm'rs, divers of them met at the Sec'ry's Office, and being demanded what it is they Complain off, they said that the Prop'ry at his first Comeing Into this Province Promised them that he would be as a Father To Them, and that he Came not to Lessen Or Take away their Rights, but to Confirm them to them, but that Soon after he demanded a Sight of all their Pat's, which were delivered To him, that these had been detained from Them, and that many of Them had a Considerable P't of the Lands they hold by these Pat's taken from them, and that they were obliged To pay for the Lands they held Greater Q't R'ts than they had formerly Paid, which they Conceived to be greatly to their wrong. They were asked Concerning their allegation that they knew not they were Obliged to pay any Quit Rents to the Prop'ry, being Servants to the Crown. To this they answered that they knew not to whom they Ought to pay their Q't R'ts, that they were willing to Pay them to the Prop'ry if it appeared that he had a Right to them, which they said had not been hitherto made appear To Them. They were taxed hereupon with presumption in pleading Ignorance now in this Matter after they had lived 27 years under the Prop'ry's Government and Could not be but Sensible that the whole Country had been granted to the Prop'ry by a patent from King Charles the 2d, and that by all Men it had been acknowledged to be solely his, that he had the sole disposal of Lands in it and all the Queen's Subjects here had from that time acknowledged him their Land Lord and prop'ry, as well as Governor. They were told that when the Prop'ry took their patents he Intended a Kindness to them in it designing Nothing but to give Them Certain and Unquestionable Titles for what was very uncertain and doubtfull before. That all those who applyed To him had Such patents for all the Lands they Possessed before, and if Every One of them had not Procured the like it was Entirely their Own Faults That the Sec'ry, as he declared, neither now has nor never had One of their patents nor did he Ever demand any further Or greater Rents of them than a Bushel of Wheat for Every 100 a's of Land they held, that This was the Original Contract with the Government of York for their lands at first, and therefore no Pretence whatsoever, Should Excuse Or Ex-

empt them from the Obligation. That if any of their Lands had been Taken from any of them, as it was a private Injury to that Person, so it must be Considered.

Matthias Netzilius and Jno. Hendrickson Complained in particular that Rich'd Tucker and Wm. Smith had unjustly Obtained One-half of the said Land which was now the said Matthias's right, and that Charles Ashcomb had as unfairly taken Off 300 acres from His tract, for which they In Particular desired Reparation. And the Comm'rs promising them to hear and Consider their Particular Complaints at a Conven't Time next week, they all Withdrew without haveing any further to say.

Jno. Estough Desires a Warrant of Resurvey On the Lands of Wm. Shardlow, purchased Joyntly with Wm. Wood, but Since divided by a writt of Partition, w'ch Lands are half the Lib. Land, half of 500 acres On Skuylkill, half of 2,000 acres in East Town, in the Welch Tract, allow'd by the Welch, and half the Remainder of 138 acres adjoyning that, have not been disposed of, besides which they Sold 600 acres in Darby. Granted.

Edward Green, by Virtue of several Orders of Newcastle Court, Took up 2,500 acres of Land near the Road and not far from George's Creek, in the said County, and by Deeds, dat. , Sold ye Same To Jno. Scott, whose Son and Heir, Walter Scott, of Bohemia, in Maryland, by Deed dat. Granted the Same to Matthias Vanbebber, who requests resurvey and Patent. Rec'ts are Produced for Payments of Quitt Rents in full To 1691 at Old Rent. Granted.

These are to certify that the foregoing Sheets Contained in this Book, No. 16, in the whole, amounting to four hundred and eight-five Pages, are true Copies of the originals found in the office of the Secretary, and that the same were carefully compared with the said originals by me dureing my appointment as recorder of Warrants and Surveys under the act of assembly passed in the 33d Year of his late Majesties' Reign, entiutled "an act for recording Warrants and Surveys and for rendering the real estates and Properties within this Province more secure."

In Witness whereof I have hereunto sett my hand and Seal of my Office.

At a meeting of the Commissioners the Seventh of the 3d Month, 1712.

Present, Edward Shippen, Richard Hill, Isaac Norris, James Logan.

Joseph Growdon presented a petition to the Board Complaining that the Lotts due to his purchase of 5,000 Acres had not been regularly or duly laid out and thereupon Craved redress vide Petition.

He shews also that he brought into this Province 45 Servants, for each of whom he conceives he has a Right to take up 50 acres of Land. He requests also the Purchase of a small Piece of Vacant Land on Schuylkill River, next above the Cause'y, leading to B. Chambers' fferry, which Petition being read, the first and last were referred to farther Consideration, and upon the Second he is desired to produce his Right of Claim.

Thomas Story produces Deeds of L. and R. dated the 17th and 18th of 8ber, 1711, from Mary Coney, Daughter, devisee and Ex'rx of the last Will of Ann Coney, deceased, Sole daughter and heir to Henry Waddy, purchaser of 750 acres of Land in this Pro., by Deeds dated 25th and 26th of 7ber, 1681, Granting to the Said Thomas 188 acres of Land in Warminster, Coun. Bucks, also 12 Acres of Liberty Land in the city liberties, appurtenant to the s'd Purchase, together with one Second Street Lott of 51 foot in Breadth, bounding on Vine

Street, and one other lott further Back, 49 feet in Breadth and 198 feet in Length, both laid out in right of the Said Purchase of 750 acres, of all which he requests a Confirmation, but upon the Resurvey of the Land in Bucks 'tis found to Contain only 170 acres, and the Liberty Land being also resurveyed 'tis found to be deficient near two acres more; he therefore Craves a Warrant to take up those 20 Acres, which is Granted and this day Signed.

Ordered also a pattent for the Lib. Land and Lotts, including the Liberty Land of Richard Snead's purchase, lieing Contiguous to the other, and now Surveyed in a Tract. He also Craves a warrant of Survey on the Lotts belonging to Said Snead's purchase of 1,500 acres. Deeds from the Prop'r., dat. 26th and 27th 7ber, 1681.

Deeds from R. Snead to Th. Story, dat. , for his whole purchase. Granted.

T. Story also produces a writing in paper with the Proprietor's name and the lesser Seal of the Province affixed to it, dated the 8th 2d month, 1700, Granting to the said Thomas one thousand acres of Land upon Delaware, above the manner of Highlands, also a Receipt for £33 6s 8d, dated 24, 4 Month, 1700, wrote in Thomas's own hand, as is also the aforement'd Grant, which Land being in the Poss'ion of Purchasers and other settlers on the same, he craves an Equivalent for it elsewhere.

But the word Highlands Twice in the Grant and once in the Receipt, being in every place on a manifest Rasure, he was asked the Cause, and upon Some further Discourse he declared the Matter thus: that the Proprietor at his last arrivall finding him here after Some time pressed him to stay in this Government, to be assistant therein, and particularly at the Councill Board; that upon this Motion Thomas objected that it might be looked on as irregular and unreasonable by the people that a person who was a stranger amongst them and very lately Come into the Place, and had no Interest in the Country, nor was so much as a ffreeholder, Shou'd be concerned in its Gov't To obviate which the prop'rr proposed that he wou'd make him a Grant which wou'd Shew him to be a ffreeholder, and accordingly desired him to draw an Instrument for it, which was done and dated as above Said; that in the 4th Month following, being to Enter into the Councill, he represented to the Proprietor that it wou'd be loss of So much time to him, which having nothing but his own Industry to depend on, he Cou'd not spare, that he must be considered for it; That thereupon the Prop. Gave him the above mentioned receipt, tho' he confesses he never paid anything

upon it; That the Prop. in giving him directions at first for drawing the Grant, named two mannors to him, Gilberts and Highlands; that that on the river was pitched on, but that he mistook the name, Calling it Gilberts instead of Highlands, that this Mistake appearing it was rectified by a Rasure, as now appears.

[But here 'tis to be remembered that these rasures were made after, or at least not before the 24th of the 4th Month, the day the date of the Receipt, tho' the patent was Executed (as appears elsewhere) at least Ten Weeks before. 'Tis to be observed also that at the time T. S. was first introduced into the Councill his Commission was delivered to him and read at the Board, appointing him Keeper of the Great Seal, which was then put into his hands, and M'r of the Rolls, &c., as appears by the Minutes of the Councill of the 26th, 4th Month, 1700, p. P. Robinson.]

John Gumly, desiring to purchase a Piece of Vacant Land, formerly in the possession of one Francis Letts, in Bomboy-hook, being between the lands of John Pound and Samuel Bayard, reputed to contain about 70 acres, which for want of Special Heirs are now fallen to the Proprietor, 'tis agreed that in Case it Shall be duly escheated at his Charge (not exceeding 5ct in the whole, to him, and the rest to be born by the Prop', he shall have it at Ten Shillings p. acre, and on these Terms a Warrant is Granted, dated this day.

John Cartlidge, a small Piece of Vacant Land in the upper Side of the Main Branch of Duck Creek, opposite to Some Land he has lately purchased of the Widow Green. But being found to be Improved and a Mill built on it by William Burrows, 'tis denied him unless he first purchase those improvements.

Griffith Nicholas requests leave to take up about 500 Acres near Elk River, where the Bounds of the Provinces are uncertain, for which he wou'd pay Rent; he offers three Bushells of Wheat p. c. p. annum.

Randall therefore having by his purchase from Thomas Powell p. Deed dat. , a Right to 200 acres of Purchased Land, and to 100 in right of Sarah Dole, upon rent, there remains, besides the 30 acres allowed for Roads, &c., to these 300 acres there remains 200 acres to be purchased by him at £30 p. Cornwell, but upon Some Misunderstanding the patents were never delivered, nor ye overplus p'd for. William Hudson now agrees to pay 40 shillings for his 16 acres of over measure, being the

sum he agreed to give the Proprietor for it w'n here, but now makes it new money. Jno. Cornwell also agrees to the Same for his 16 acres, if in the Tract. They both represent to the Comm'rs that notwithstanding their Deeds are from Wm. Cornethwaite and E Atkinson, yet John Blakelin was the p'son of whom they purchased, he having (by agreement only) bought the land, but no Deeds being made to him from said Cornethwaite and Atkinson they were made as above, and that in their purchase Jno. Blakelin Gave them a positive promise of Town Lotts as belonging to that Purchase, for which they Suppose the s'd Jno. had a promise from the Prop'r, being his Intimate acquaintance, and now request that the Board wou'd accordingly Grant them. The late Commissioners having Granted their warr't, dated the 24th day of the 4 mo., 1708, for laying out to John Talbott

500 acres of Land in right of John Dwight, Purchaser, in the year 1685, of the Said quantity, as is entered in the Minutes of that time; the said John Talbott, by Ind. dat. the 18th of July, 1709, for £40 Consideration, Granted and Conveyed all the Said 500 ac's, with his right to the Said Warrant, To Thomas FFairman, of Shakamaxon, &c., and his heirs and assigns forever. Granted the Said 500 acres, located as aforesaid, to Bartho. Longstreth, of the County of Philadelphia, and his heirs, &c.

The Said Bartholomew having divers times applied to the Secretary for a Pattent on the Said Land, which has hitherto been deferred, Thomas Fairman not having as yet received the whole Consideration money, applies to the Board for the same. But the return being examined, and a due enquiry made into the location of the Said Land, it was found to be laid out on a Tract of Land near Southampton Township, which has hitherto been reputed to belong to one, John Rush, and is so entered in the printed Map of this Province. This Survey therefore proving irregular and indirect, the Board Cannott agree to Grant any Confirmation of the Same.

William Hudson renewing his application for Town Lotts, for which with J. Cornwell he applied last Session. The Board taking the Matter further into Consideration have thought fitt to agree that they shall have all the favour herein that can be Justly shewn, and that upon acco't of the Said Purchase Wm. Markham, applies to the Board for a Confirmation of the Same, and proposes a Consideration to the Prop'r for the Grant to be paid by the Severall persons Concerned in that Said part of the Lott. The Board thereupon thought fitt to agree that in case the Said persons would advance to the Prop'r Twenty pistoles, a Release and Confirmation of the Said part should be forthwith made to them, that is for that whole part which Coll. Markham Granted to Thomas Loyd.

Joseph Kirl having procured of the Commissioners in his lifetime two warrants, dated ye 6th 2d month, 1702, one for Surveying to Rich'd Wood and Will'm Lovell in right of Rich'd Collins, first purchaser of 1,250 acres, the proportion of Liberty Land due to them, viz't 25 acres, and the other for laying out 225 ac's, the remainder of the whole purchase. Is. Norris now produces Deeds of Lease and Rel., dated the 26th and 27th of March, 1711, from Betty Lovel, sole Daughter and heir of William Lovel, late of the City of Bristoll, mariner, for all that Moiety of the said purchase belonging to Said Lovel, entered in the minutes 5th 11 m., 1701, pa. 49 (Consid'n £25 for the 635 acres), And thereupon requests that a warr't may be Granted him for his part, both for Liberty Land and the remainder unsurveyed, viz't, which is accordingly ordered.

At the survey of Notingham, H. Hollingsworth, the Surv'r, having obtained a grant of 500 acres to be laid out adjoining on the same terms with the rest, but never having taken out a warrant for it, he now applies for one and 'tis Granted on Condition that he pay all the arrears of Rent from the date to this time.

Joyce Venables and FFrances Venables, Daughters and heirs of Wm., by Deed dated 21st Feb'ry, 1697, Granted all the Said Land belonging to their ffather by them Called 425 acres and ⅔, but is only 416⅔, to Andrew Heath, who by Deed Dated , Conveys the Same to Thomas Stevenson and Chas. By virtue of a warr't from the Commissioners, dated 8, 9ber, 1686, for 500 acres there was laid out a Tract in Bucks, but returned for only 450 acres, there not being land enough in the vacancy on which the Said Warrant was executed.

Willard's Land, which in reality was an overplus found in Willard's and thrown ont by him, Containing 73 acres. James Shattick, in behalf of Anthony Wheatly, requests that the whole purchase may be made up by means of that 73 acres, which at first ought to have been within their Survey and then they wou'd have had it as their due, but now he offers £5 Consideration for it, having by mistake actually sold 500 acres, as supposing the whole to have been in the Tract at the rate of £20 old Curr. p. C't and must now make it Good.

Granted as requested and ordered a Pattent to Anthony Wheatly for the whole 533 acres, being a Narrow slip of 1,256 perches long and but 68 perches wide in full of Wm. Lawrence's Purchase of 500 acres.

The former Commsisioners, by their warr'ts dated 25th 1st month, 1702, Granted to Jno. Willis 50 acres of Land in Bradford Township, surveyed to the Said Thomas about the year 1686, and was reputed to be his head right as a Serv't, but no Grant or warrant appearing nor any proof being made that he came in a Serv't in time it Cannott be allowed otherwise than at the full rent of a penny p. acre; and at those terms, J. Willis desires he may purchase off the Rent. There being a small vacant strip adjoining to this, Contain'g 36 acres, the Said John desires to purchase the Same, which is allowed him at 5s p. acre, and thereupon he desires a patent of Confirmation on all the Said three pattents, viz't 100 acres already paid for, 50 acres (which being resurveyed makes 55 acres, the odd 5 of which are allowed by Law) for the reducing of which to Common rent he agrees to pay £4 17s 9d and the 36 acres for which he pays £9 for, these two Sums together with £7 4s 5d for arrears of quitt rents he gives Bond, Payable 25th 10th mo. next.

released all the Said Land to the Said Jonathan Cowper. But the Said 200 acres being resurveyed they are found to Contain 355 acres, of which 20 acres being allowed by Law, Jonathan Cowper desiring to purchase the overplus he agrees to give after the rate of £20 p. C't, provided the Board will agree to deduct out of it so much as Shall be found deficient in his ffather, Wm. Cowper's Tract, mentioned in the last minute aforegoing, which is Granted and a pattent ordered thereupon.

The Proprietor, by Deeds dat. 1 and 2 of August, 1681, Granted to Edward Bezer 500 acres of Land, the Lott appurten. to which Edw'd Bezer, Son and heir to the first mentioned Edward, by Deed dat. 1 May, 1708, Granted to John Willis, who requests a warrant for the Same, ordered as requested.

The Heirs of Andrew Boon doe hereupon Complain to the Board alledging that the Said Andrew had always held the Said island, having first as they pretend purchased it of the Indians and afterw'ds obtained a Grant from Coll. Markham when L't Gov'r, to use it till the Prop'rs pleasure or that of his Comm'rs Shou'd be further known therein, and therefore Claim a Priority of Right or preference before all others. ———

At a meeting of the Commissioners 20th 6th mo., 1712.

Present, Samuel Carpenter, Rich'd Hill, Isaac Norris, James Logan.

The Proprietor having before his last departure granted to Patience Loyd, widow of Thomas Loyd, late of this Province, a Pension or allowance of Ten pounds p. annum, for which he gave her an order in these words, viz't:

To JAMES LOGAN, *my Secretary:*

These are to authorise and require thee to pay unto Patience Loyd, of Philadelphia, Widow, or her order or assigns, the Sum of Tenn pounds p. annum, by quarterly payments, viz't fifty Shill's a quarter, yearly, during her naturall life, and this Shall be thy Sufficient warrt. Give under my hand at Philadelphia the 27th day of October, 1701.

WM. PENN.

And the payment of the Said Money having been forbore for Some little time in the Said J. Logan's late absence from this Province, and not yet Complied with since his return, upon a Doubt arising whether the Proprietor's Transferring this Province, &c., and all Debts due to him therein to the Trustees does not Interfere with or make void the s'd order.

The Said Widow therenpon, by her friend, makes application to this Board praying that Since the Prop. has the Same Estate in the Province as formerly the Said order may be fully Complied with, &c.

And the Same being taken into Consideration 'tis the opinion of the Commissioners that the Said Order is as Valid and binding on the Secre'y as ever and therefore he is advised and directed to Comply with the Same.

Michael Rossel, formerly Miller at Bristol, in Bucks, by his last Will (of which he made Samuel Carpenter Executor) devised 400 ac's of Land then Surveyed in the upper part of the Said County and near the River to the Children of John Hough, and in pursuance of the Said Will the Said Ex'or, Samuell Carpenter, Granted the Said Children a Deed for the Same, But upon Inquiring into the Title of the Said 400 acres, tho' there are living witnesses that it was duly laid out to the

Said Rossell by the Surveyor and always accounted his, yet no Grant, warr't or order of any kind Can be produced for it, nor any proofs that it has been paid for or purchased, tho' the latter be no way doubted of, that is, that it was agreed for at least before Survey.

The Said Children wanting a Title, now apply to this Board sor the Same, and Since no proof Can be made of any payment the Said Land is allowed to them at the usual rate Lands were Sold at the time of the Said Survey, viz't £5 p. hund'd acres, with Interest for 25 years, w'ch triples the Said Sum and raise it to £15 p. ann.; this ought to be according to the present Currency and for divers Considerations 'tis allowed to them in the late Currency, and therefore upon their paying or Securing £60 of the Said Old Money, or £45 of the present, a Patent and Confirmation is ordered to them as they Shall desire.

David Brintnall producing Deeds dated the 31 of Aprill, 1682, for 250 acres Sold by the Proprietor to Alexand'r Mell, to which purchase the Said David is now by mesne Purchases invested with the Sole right and having obtained of the late Commissioners a warrant for the Said Land, dated ye 11th 8th month, 1710, he now requests a Lott in right of the Same. But the Said Alex'r not being named in the division of the City Lotts nor among the first purchasers, the Said request is referred to be further Considered.

At a Meeting of the Commissioners 10, 7ber, 1712.

Present, Samuell Carpenter, Rich'd Hill, Isaac Norris, James Logan.

John Maxwell (by his friend) desiring to purchase 200 acres of Vacant Land in the back parts of the County of Chester, adjoining or near to the Lands of D. Loyd and Thomas Davis, the Same is Granted to him at Tenn pounds p. hund'd, to be paid in three months, provided the Said Land be as is represented, viz't, but indifferent, of which the Surveyor is to Judge.

The Proprietor, by Deeds of L. and Rel., dat. 2 and 3d of March, 1681, Granted to John Clowes, of FFurnue Pool, in the Palatinate of Chester, Yeoman, a thousand acres of Land, and by like Deeds, dat. the 24 and 25th of Aprill, 1683. Granted to the Said Jno. 500 acres more, who by last will dated 29th of the 11th Month, 1686, devised the Said 500 acres to his 3 Daughters, Margery, Sarah Bainbridge and Rebecca Clowes, and their heirs and ass.. to be equally divided among them. The first mentioned thousand acres are all taken up, as also one hundred of the other 5 was taken up by Richard Hough,

husband to the Said Margery, by a late warr't, and the Said Devises now request a warrant (by John Chapman, of Bucks), which is Granted, no further Surveys appearing.

In the year 1683 or about that time John Hill, late of Sussex, obtained a Warrant or Grant for 500 acres of Land to be laid out in the Said County on old rent, part of which was executed on Some Marsh in Broad kill Neck. But this Interfering with the Survey the Proprietor designed for himself in that place. He by a warr't dated 1st 8ber, 1701, ord'd the Said Survey to be regulated, and there was laid in that place only 255 acres. The Surveyor of the County presuming that the rest was to be laid out elsewhere, as it might be found Vacant, accordingly Surveyed two Small parcells in the Same right, the one Containing 93 acres and the other 111 acres, in the whole 204 acres. John Hill, by his last Will devised his whole real Estate to his wife (now his widow) Elizabeth, who requests a Confirmation of the Same and a Warr't for the remainder. To this the Board finding Cause to make Some objections, yet Since the Proprietor had Seen and allowed the Said Warr't for 500 acres it was thought fit to Grant her request and accordingly a Pattent is order'd for the Said 2 Parcells, she paying rent for the Same from the year 1683, and a warr't to be issued for the remaining 41 acres.

The late Commissioners having Granted ten thousand acres of Land to the Palatines, by their warr't dated , 8ber, 1710; in pursuance thereof there was laid out to Martin Kindig (besides the 2,000 acres already confirmed to him and paid for) the like quantity of 2,000 acres towards Susquehannah, of which the Surveyor Generall has made a return.

The Said Martin now appearing, desires that the Said Land may be Granted and Confirmed by Pattent to Maria Warenbur, Widow, for whom the Same was taken up or intended and who is to pay the Consideration for it.

But upon further Consideration of the matter it is agreed among themselves that the said Land Shall be Confirmed to Daniel FFierre and Isaac Leffevre, two of the Said Widow's Sons, and the Consideration money, viz't £140, at £7 p. Hund'd, by agreement having been for Some time due, but is now to be paid down in one Sum; 'tis agreed that they shall pay only ten pounds for Interest, that is £150 in the whole.

Signed a Patent to Daniel FFierre and Isaac Leffevre for 2,000 acres, ordered to-day.

Signed a warrant to the heirs of John Hough, ordered to-day for 400 ac's.

Signed a warr't to John Maxwell for 200 acres, ordered to-day.

At a meeting of the Commissioners 20th 8ber, 1713.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

The Board having on the 16th of 5 mo. last agreed with James Cooper, Jun'r, and Richard Hill, Comm'rs, in behalf of themselves and others concerned in that part of the Great High Street Lott on the 2d Street (on which the meeting house Stands), which part Wm. Markham Granted to Some of the children of Tho. Loyd, deceased, that if they would advance Twenty Pistoles, to be paid down to the Proprietor's use, the Board would in Consideration of the merits of the said Thomas Loyd and his Services to this Governm't Grant and confirm the Same to Richard Hill, that the Purchas'rs under him might obtain a firm Title to the Severall Smaller parts which they Claim; the Said R. Hill represents that the Severall persons Concern'd in the Said Lott or Some of them have fallen so farr Short of the Contributions that were Expected from them that the Said Sum of 20 Pistoles Cannot be raised and therefore prays that an abatement may be made in the Said Consideration and that fifteen pistoles may be accepted in lieu thereof, as they among themselves at first proposed, tho' afterwards the Board raised to the number of twenty.

Which being taken into Consideration and fully debated it was at length resolved that upon the Said Richard's pay down Twenty pounds, Such regard should be had to the Said Thomas Loyd's Services that the Said part so Granted as aforesaid should be Confirmed, as desired, And accordingly the Said Rich'd Hill paying down the Said Sum of £20 a patent is forthwith ordered to him for the Said part, being one hundred foot on the 2d Street, bounded to the Southward with Strawberry Lane and in Depth 132 foot, bounded Eastward with the 2d street and Westw'd with Strawberry Alley.

The Proprieta'y, by L. and Release, dated 26th and 27th of July, 1681, Granted to James Hill, of Beckington, in the County of Somersett, Shoemaker, five hundred acres of Land in this Province, In right whereof there was Surveyed and laid out in Falls Township, in the county of Bucks, by virtue of a order from the Prop'r, dated 13th 9 mo , 1682, a Tract reputed to Contain 250 acres, which afterwards being by an order of the Commissioners, dat. 10, 10, 1694, Resurveyed was found to Contain 442 acres, and accordin'ly was returned into the Surveyor Generall's Office.

Richard Hill, Son of the Said James Hill, and his wife, by the name of (R'd Hill, of Bristoll, in the County of Bucks, in the Province of Pensilvania, Cordwainer, and Agnes his wife.

he being the only Son and heir of James Hill, late of Burlington, in the Province of West new Jersey, deceased), by Ind. dated the 7th 3d month, 1712, in Considera'on of £150 Granted to Rich'd Hill, of Philadelphia, Merchant, all the Said 500 acres of Land so Granted to his ffather, James Hill, as aforesaid, and the said Tract of 442 acres as part thereof to hold to him, his heirs and ass. forever. The Said Richard Hill, of Philadelphia, Requests a warr't ordering the Said Tract to be exactly Resurveyed and that so much as it falls Short of his right, vizt., 492 acres (tne Liberty land being deducted), may be laid out to him elsewhere; he also requests a warr't for the 8 acres of Liberty Land and the City Lott appurtenant to the Said Purchase, which were Granted.

Richard Halliwell, of Newcastle, by his friend J. Moore, of Philad'a, Esqr., applying to the Board, represents that the Proprietor having at his last departure from this Province Granted to the Said Richard a warr. for taking up in the County of Newcastle four hundred acres of Land, the Same was executed on a Tract the Greatest part of which (as 'tis said) is the Right of Richard Cantwell and Henry Garretson, and therefore he requests that upon his Surrendering the Patent of Confirma'on Granted him for the Said Land, another Tract in the Said County, which he has procured the Surveyor to lay out, may be Granted and confirmed to him in lieu of the first mentioned, and the Board having fully Considered the Said request they came to this resolution upon the Same:

That Seeing it has not yet appeared to the Board by any Surveys of R. Cantwell's and H. Garretson's Lands that the Said 400 acres as at first Located are included either in the whole or in part within their true Bounds; the Said Cantwell and Garretson, tho' near relations to the Petitioner, having above all others in that County obstructed the Survey'r in the Discharge of his Duty in the late Generall resurvey made by vertue of a Law for that purpose, and Seeing the Said Land has upon the petitioner's own application and request been confirmed to him by Patent, therefore the present Commissioners cannot think it fitt to concern themselves further in it. But whereas 'tis apprehended that the late Survey or Second Location of the Said Land now presented to the Board is part of that Tract which has been Sett apart for the Proprietor's p'per use, being about the Distance of 8 or ten miles from New Castle Town and between the line of the Welch Tract and the River Delaware, upon which or any other Land the Surveyor had no power to enter without fresh orders for the Same, he having made a return of the first warr't Directed to him into the Office as he was required. 'Tis ordered there-

fore that the Surveyor of the Said County be Severely proceeded against for his Great Presumption and manifest breach of his Duty, and 'tis ordered that the Said Survey be not admitted.

Joseph Growdon's Petition, entered in the first of these minutes, being upon a late Complaint of his to the Lieut. Gov'r, taken again into Consideration, The Board came to a full Conclusion upon two of three requests made in the Same, viz't:

To the first that the p'sent Commissioners have no right or Authority to make any Variation from the Plan of the city Philad'a as 'tis laid down in the printed Draughts and References to the Same, that having been the Generall foundation of the Surveys and Titles to all or most of the Valuable Lotts in the Said City from the first Location thereof to this time, That the Purchasers having no Right to any Lotts in the City from any Grants or Concessions made by the Proprietor by his Deeds of Sale or otherwise in England (those concessions relating only to what are now called Liberty Lands), but only from his Grant after his arrivall here, what he then concluded on ought to be the Established Rule without any variation from it, inconsistent with the Primary Design. That tho' the lotts laid out on Society Hill (so called) prove now to be of less value than others nearer the middle of the Town (as now built), yet at the first allotment of them 'tis conceived they were understood to be much otherwise, The Society having Chosen that place for themselves and for the Bulk of their business, who were then Considered as the most capable and likely to improve and render any part of the Town Valuable, That this was the place where the Proprietor laid his own Sons and Relations Lotts with others that he had the Greatest regard for, and that if a Disappointment has Since happened it must now be born with by those Concerned, as one-half of the first Purchasers are obliged to bear with theirs whose Lotts have faln on Schuylkill Side, and are thereby become of little or no value, tho' the contrary was at first expected.

As to the third request, which is for a small piece of vacant Marsh land on the Schuylkill, near B. Chambers' Ferry, 'tis the Resolution of the Board that the Said Vacancy cannot, according to the Rules always observed by the Commissioners in Such cases, be granted away from those that hold the Tract between which and the River Schuylkill the Same lies and of which this vacancy has formerly been reputed a part, especially since Andrew Sandall, the Swedish Minister, who has a large Interest in the Said Tract, has also Petitioned the Board

for the Same. As to the 2d Request, viz.. for Lands in right of 45 Serv'ts imported by the Petitioner, the matter is referred to be further discoursed w'th him.

A complaint being made to the Board against Wm. Garrett, of the Township of Darby, for that having procured a Warr't from the Commissioners in the year 1709 for taking up 42 acres, the remainder of his purchase, and carrying the Said warrant to the Surveyor Generall, to whom it was directed, he artfully got it from him again and prevailed with Israel Taylor without any Authority to him derived to Execute the Said Warrant upon certain Surveyed Lands belonging to the Proprietor in Chester County, taking up only one acre of meadow in one place and about a mile's distance from it the other 41 acres; and the Said Garrett's Proceedings herein being Considered by the Board 'Tis ordered that both he and the Surveyor be forthwith proceeded against accord'g to Law, but that because said Garrett is under the Same profession w'th us, therefore that Some persons of Darby meeting be wrote to in order in the first place to Deal with himself and then if he make not Satisfaction to lay it before the meeting, And the Secretary is ordered to prepare a Letter to be Signed by all the Board.

The Proprietor, by pat't dat. 28, 3 mo., 1684, Granted to Thomas Cross, of Philad'a, a Lott in Walnutt Street, Contain'g 49½ foot in breadth, being the next but one beyond the 3d Street and 220 foot in length, Rent 1 shill'g p. ann. T. Cross, by deed dated 20th 8ber, 1697, Sold the Same to John Martin, who by Deed Poll dat. 14, 7ber, 1702, Sold the Same for £15 to John Budd, Sen'r, who by Deed dated 4, 1 m., 1702-3, Granted the Same for £17 to James Swaffer, who having built thereon, granted the Same with the Improvements for £115, by deed dated 5, 7ber, 1704, to John Knowles.

John Knowles finding in the Said Lotts 15 Inches of overplus, on which part of his house is built, desires to purchase the Said overplus and agrees to give one Shilling for each Inch, viz't 15 sh., and desires a patent for the whole, together with another Lott of 50 foot adjoin'g to it and lieing between that and the 3d street, first Granted by the Proprietor to John Test, by a warrt' dat. 29, 1 m., 1683, in consideration of Seven foot of Ground resigned by him to the Proprietor out of his front Lott, and the Said John, by deed dated 23 Ap'l, 1683, Sold the Same for £7 10s to William East, Master of the Govern ship Gulielma, whose Relict Esther, and Sole Daughter and heiress Elizabeth, with their present Husbands, Richard Cary, Citizen and Merchant Taylor of London, who married widow, and Thomas Jackson, of Dartford, Coun. Kent, Car-

penter, Conveyed the Same by Deeds of L. and Release, dat. the 19th and 20th of 7ber, 1711, to James Logan for £10 sterl'g, who by Deed dated the 22d of September last granted the Same to the Said John Knowles. Granted and a Patent being prepared for the whole, dated the 30 of 7ber last; it was Signed by all the Commissioners.

The Proprietor, by L. and Release, dat. 1 and 2 of March, 1681, Granted to Wm. Smith, of Bromham House, in the County of Wilts, Yeoman, Twelve hundred and fifty acres of Land in this Province. Wm. Smith, by Deeds of Lease and Release, dat. 27 and 28 of April, 1683, for £10 Granted to Richard Hellyard, of Kingwood, in Hampshire, Yeoman, 500 acres, part of the Said 1,250, and to his heirs and assigns forever. In right of this 500 acres Richard Hellyard by warrt' dat. 29th 3m., 1683, took up in , 300 acres, which was Surveyed the 30, 12 m., 1687, and the remaining 200 his relict,—— ——, now the wife of Thomas Peart, being by her husband's Will.

James Logan having represented to the Board that the Proprietor having Impowered them, the rest of his Commissioners, to Settle all acco'ts with him, his receiver, he had for their Direction in a Paper wrote in his own hand and witnessed by divers p'sons in London (which paper was laid before the Board). The Proprietor had Expressed the allowances to be made to the Said J. L. for his Services, and particularly for the time Past before the date of the Said Paper in November last he had allowed one thousand pounds of the present Currency of this Province, together with ten pounds p. ann. for eight years towards house rent for the meeting of the Council Commissioners and Transacting the Proprietor's business. That J. L. at making up his acco'ts upon his late Departure for England (being resolved to keep within very moderate bounds, that no refflection might be cast on him on that acco't in case he had miscarried in his voyage) had Charged the Prop'r only with one thousand pounds of the late Currency, which being Equal to Seven hundred and fifty pounds only of the present, there remains due to him of the Same (viz't of the new Currency £330, of which he has not yet rece'd or taken to himself much above the odd £30, as by the Books will fully appear Hereupon. He further represents that there being so great occasion to remit to England all the Effects that can be gott in on the Proprietor's acco't, he is very unwill'g to take to himself what is due to him out of those Effects, but on the other hand thinks it unreasonable that he should be kept much longer out of it, and therefore proposes to have part of it at least Secured to him in land. But that no Exceptions may be taken, and to prevent all Suspicions of his makeing

himself advantages by this method, he proposes that having Sold out of the Rights to land, or originall Purchase which he lately bought in England, two thousand acres to two Severall persons here Since his arrivall, at a Price which he accounted the full value of it, viz't, at five pounds sterl'g or Six pounds thirteen Shillings and four pence of this Currency, for which Land he is to make a Title to the Purchasers out of his Said Rights. If, therefore, the Board in behalf of the Proprietor will be pleased to make the Said mesne Purchasers under him a Title to the Said Lands Directly from the Proprietor, discharging him from his obligation to make the Same Good to them out of those rights of his own he will take the Consideration money of the Said 2,000 acres, viz't, £133 6s 8d, as so much paid to him by the Proprietor.

Which proposal being taken into Consideration by the Board, and Particularly that this method wou'd be no hindrance to the Sale of the Proprietor's Lands, being only a Confirmation of Lands on the Proprietor's behalfe, which the mesne Purchasers without Such confirmation would otherwise as certainly hold, and that it is not in the Said J. L's Power to make any advantage to himself by this Method, 'Tis therefore fully agreed to, upon his further Proposall of giving his Bond for the Said Sum to pay the Same to the Proprietor in case so much Shall not upon a full Settlement of his acco'ts appear due to him, or Such part thereof as Shall not so appear due, which Bond upon Granting the Confirmations herein requested he is ordered to give accordingly.

The Proprietor, by his warrant dated 20th 1st mo., 1700–1, Granted to John Evans a hundred acres of Land on Mill Creek and the line of Rocklands upon Rent, which was Surveyed by H. Hollingsworth by order of the Surveyor Generall.

John Evans, by Deed Dated the 20th of August, 1708, Granted the Said Land to Evan Rees and his heirs for £20, who desiring a Confirma'on of the Same, the Secre'y has agreed with him that he Shall have a Grant thereof for £20 of the Present Currency, to be paid down in lieu of all past rents, and that the Quitt rent for the future shall be only one Bushell of Wheat yearly.

Signed a Patent to John Knowles, dat. 30th 7ber, but ordered this day.

Signed a Warrant to Elizabeth Hill 24th 7ber, ordered the 10th, 7ber.

Signed a Patent to John Beckingham for 100 acres in Birmingham, Chest'r Coun., Granted by warrant from the former Board, dat. 18, 12 mo., 1701, for £25, old Currency, and 25 shill'gs for arrears of rent, viz't, £26 5s, old Currency.

At a meeting of the Commissioners 27th 8ber, 1712.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

Maurice Lewellin produced a Deed, dat. , from Ja's Thomas, of Meirion, Granting to him one hundred acres of Land in the Said Township whereon the Said James' ffather and himself had been Seated, on which Tract there being found by a late Resurvey 137 acres, he desires to Purchase the 27 acres of overplus remaining after Tenn acres are allowed for the hundred by Law. And 'tis agreed with the Said Maurice that the Same Shall be Granted to him together with a Confirmation of the whole Tract and Such as he holds adjacent (proving a Good Title to the Same), provided there be no overplus, he paying for the Said 27 acres fifteen pounds at the next Spring fair of Phialdelphia, and so proportionably Should there be more or less of the Said overplus when duly returned, w'ch is not yet done.

James Steel, of Kent County, Complains that in a pattent Granted in the year 1705 unto Evan Jones, of the s'd County, for 410 acres, upon a Resurvey there is Contained within the bounds of it a considerable quantity of the Tract he now lives on, called Whitwell's Chance, that the Said resurvey is altogether Irregular, the Surveyor having pretended to make up the addition to the 300 acres which Evan first held out of Certain broken points of Vacant Land and Marsh, when in reality it was made of Some of the best parts of the Said Tract, which he proves by producing the Originall Draught and return of the next adjacent Tract to the West, Called Benefield, and the old and first Courses of Whitwell's Chance, which are made to meet at the Creek and both Join at an old white Oake. He complains also that the Commissioners having issued an order, dated 23d of the 6th Month, 1703, directed to Geo. Dekeyne and Jonas Greenw'd for Examining the lines then Controverted between Whitwell's Chance and Evan Jones' Land; the Said order was kept from Geo. Dekeyne, who never was admitted to the knowledge of it, but that if the Said order had been executed it wou'd have fully discovered the mistakes that have been made, and therefore he prays that the Same order may Still be renewed; Which being taken into Consideration and the irregularity of Evan Jones' and the Surveyor's proceedings in his favour appearing fully to the Board, 'Tis ordered that the Said order of the 23d, 6 mo., 1703, may be renewed and revived and discited, with a warrant for that purpose to the Surveyors of the Counties of Chester, New Castle and Kent Jointly.

The Said J. Steel further represents in behalf of the heirs of Patrick Word, late of the Said County, that he, the Said Patrick, having about 30 years ago obtained a Grant (for which a warr't is now found in the Office) to take up land in Kent; he then Seated himself on a Tract called 600 ac's, That tho' they have no Evidence of the Survey of it, yet 'tis believed 'twas actually Surveyed by that warrant.

P. Word, by his last Will, left this Land to two Grand dau'rs, one of which is Dead without Issue, but the husband of the other (who also has not as yet any Issue) proposes to pay off the Quitt rents, which are almost all in arrear, if he may obtain a Patent of Confirma'on thereupon.

But an objection arising in favour of the next heirs by Blood in Case the p'sent Should die without Issue, 'tis proposed that the Petitioners obtain from under the hands of all Such p'sumptive heirs and those who may be Such their full Consent that a Patent Shou'd be so Granted, and upon producing Such a Certificate and paying the rents for the whole the land Contains from the first Grant of the warr't, a Pattent is ordered. See page 58.

J. Steel having been appointed by this Board Collect'r of the Prop'rs Quitt r'ts in the County of Kent, where he appears as an Agent for the Prop'r, by the Direction of the Sec'ry, &c. He represents that Timothy Hansen, Joshua Clayton and divers others have applied to him that they might take up upon Rent or Purchase Certain Parcells of vacant Marshes and fast Lands in Divers parts of the Counties, for which he desires the direction of the Board and to be Informed in Generall what encouragem't he may give to Such as Shall hereafter apply to him to take up Land. But the Board thought fitt only to give him one Generall Direction, viz't, to make the best Terms he cou'd with Such as wanted Such Lands or Marshes as are free to be disposed of.

Signed a Patent to Richard Hill for 100 feet in 2d Street, ordered 20th Inst.

Signed a Patt't to Rob't Pyle for 212 acres out of Rocklands, Granted by a Warr't dat. 1, 4 mo., 1709, for 200 acres at £30, old Currency, p. C., and now confirmed.

Signed a Warr't to Rich'd Hill for Resurveying 442 acres in Bucks, ord'd the 20th.

Signed a Warr't to Rich'd Hill for James Hill's Lotts and Lib. Land, order'd 20th.

Signed a Warrt' to Thomas FFairman for 200 acres, ordered 20th.

Signed a Warrant Renewing the order of the 23d 6 m., 1703, for J. Steel, order'd this day.

At a meeting of the Commissioners the 12th 9ber, 1712.

Present, Richard Hill, Isaac Norris, James Logan.

William Garrett, of Darby, appearing at the Board (by the Direction of the friends of that meeting to whom the Commissioners lately wrote Concerning him) in order to make Satisfaction for the offence for which he was complained against, Does before the Board acknowledge his Error and Condemn his Proceedings in taking up those 42 acres of Land mentioned in the Said Complaint in the manner he did it, To which Said Land, as located within the Said Surveyed Tract of the Proprietor's or within any part thereof, he renounces all manner of Claim for the future, directly or indirectly, Resolving to take up the Said Land elsewhere according to the Tenor of the warr't, and thereupon he desires the Commissioners to pass by his offence herein. In witness whereof he Signs this Minute with his own hand.

WM. GARRETT.

Hans Peterson, near Brandywine, producing the Copy of a Warrant from the former Commiss'rs, dat. 1st 6 mo., 1689, directed to Ja. Bradsh'w, Survey'r of Newcastle, for laying out to the Said Hans upon old rent 300 acres of Land where vacant near his own, in Consideration of the Indian Purch's, which he had made of a Tract on Brandywine before the Prop'rs time, of which 300 acres he says H. Hollingsworth, the Deputy Surveyor of that County, laid out to him only 150 acres of the Proprietor's Land, the rest being made up to him by 150 acres of the Mill Land, w'ch was his own many years before; he therefore desires this Board to grant him other 150 acres of the Prop'rs Land in lieu thereof, together with a Resurvey on all he holds.

But his Titles not appearing, Geo. Dakeyne is ordered by the Secret'y's Lett'r to Inquire fully into all his Claims, and Resurvey his Land as requested.

Signed a Pattent to Evan Rees, ordered 20th of Oct'r, for 100 ac's, Dat. ye 1st Inst.

At a meeting of the Commissioners the 19th of Nov'r, 1712

Present, Richard Hill, Isaac Norris, James Logan.

Herman Groethousen, who a few years agoe came into this Prov., having had Deeds from the Prop'r for 500 acres of Land, applied to the late Commissioners (as Some of them inform) for the s'd, upon which a warr't was prepared for him, but instead of Calling for it he Seated himself on the Mannor of Springfield, in the County of Philad'a, which being rep-'sented to the Board the Said Herman was Summoned to appear this day and produce his Authority for so Settling.

And for this he produces a Lease under the Proprietor's hand and Seall, bearing date the 30th of the 10th, 1709, for a thousand years, and a Release dated the next day, Granting to the Said Herman for ever five hundred acres of Land Clear of all Indian Incumbrances in the Province of Pensilvania, between the Rivers of Susquehannah and Delaware, there together, w'th all and every the Proffitts, Commodities and Hereditaments whatsoever unto the Same belonging, every acre to be admeasured and computed according to the Statute, 33d Edw'd 1st, Royall mines and all others excepted [This is the whole Grant], paying yearly, and the s'd Herman doth for himself and his heirs Covenant and Grant to pay yearly as a Chief or quitt rent for every acre that Shall be taken up one penny Sterl'g, to Commence within 3 years after Seating. But in another Paper Signed by the Prop'r, dated the 30th of December, the Payment of the Said Rent is released till Seven years after Seating, and by an Indorsement on the Release of the Said 30th of 10, the Proprietor further Grants one-Twentieth part of all Royall Mines and two-fifth parts of all other Mines, they paying a Proportionable part of the Charge. The Proprietor also Reserves to himself, &c., free Liberty to Search for Mines in the Said Lands, and further by the Said Indorsement grants Liberty to Hawk, Hunt, Fish and fowl, &c.

This being the Sum of the whole Grant, in which no Particular Priveledge is mentioned, He is required to remove off from the Said Land, otherwise he must be proceeded against and ejected without Delay.

Because the Said Herman appears a stranger to our Constitution and he has laid out most of what he had on a Settlement made upon it, The Board has Considered and are willing to grant that he may enjoy his Improvements for Some years on a Reasonable Rent, He taking up his own 500 acres elsewhere.

At a meeting of the Commissioners the 10, 10 m., 1712.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

Divers of the Inhabitants of the City of Phialdelphia and those of Northern Liberties, having this last Fall, by a Petition Represented to the Govern'r and Councill, that an order having been lately passed at that Board for laying out a new Road from the Northern end of the Town to Germantown, The S'd Road might much more commodiously be laid out from the End of the Front street to pass over the Mill Creek

at the Gov'rs Mill Landing. w'ch wou'd Serve for the Road as well to Frankford as Germantown, and that divers Persons, viz't, The Petitioners and others, were so very Sensible of the Advantage of Such a Road that they had Subscribed Considerably towards the building of a Stone Bridge over the said Mill Creek at their Proper Charge, which Bridge is now very farr advanced.

But the undertakers Still wanting further Subscriptions it is Represented to this Board that Such a Bridge will be very much for the Int. and conveniency of the Govern'rs Mill, and therefore it is pray'd:

That the Commissioners would in the Proprietor's behalf Contribute Something towards the finishing of the Said Bridge, as the Gener'ty of those who have any Interest in that Road have already done, Which be'g taken into Consideration and the Proposall thereupon approved of and concurred with, 'Tis ordered that the Receiv'r pay Three pounds fifteen shill'gs of the Present Currency (divers others hav'g Subscribed the Same Sum), to the Said undertakers to promote so Good a work.

William Rakestraw, Jun'r, applying to ye Board for the Grant of a Small piece of Ground at the North End of the Town and about Eight or Nine streets back from Delaware for Erecting a Brick kill and Digging of Clay, 'tis agreed that he Shall be accommodated upon a Reasonable Consideratin, as well of Improvements to be made, as of yearly Rent, and is referred to the Secretary to fix the place, and after a full agreement 'tis allowed that he Shall have a Grant.

John Roads, near the mannor of Springfield, in the County of Philad'a, requests that the Board wou'd be pleased to grant him two acres of Ground in the Said Mannor for a short Term of years for building a School house for the accommodation of the Neighbourhood, wh'h is Granted.

Phinehas Pemberton having on his Death Bed the 1st of 1 mo., 1701-2, moved to the Secretary, who was then present with him, that he would procure a Grant to him from the Proprietor (which he had been given to Except) of that Small quantity of overplus which he Judged wou'd be found in his Tract of 800 acres in Wrights Town, in the County of Bucks, in Consideration of his attendance on the Proprietary's Gov'r in Council at Newcastle, in the 9th and 10th m'ths, 1700, at which time his absence from his Family and affairs proved Injurious to him, As also that the Quitt rents of his Lands Should be remitted to him during the time that Samuell Jennings was Rece'r Gen'll, in Consideration of his Perpetual assistance Given to the Said Samuel in Executing that Trust.

And Israel Pemberton, Son and heir to the Said Phinehas, having applied for a confirma'on of the Said Tract of 800 acres in Wrights Town, which Tract is now found by a Strict Resurvey to Contain only 896 acres, viz't, but 16 acres above his Right, and the allowance of Ten p. C. made by Law, he desires the Same may be Granted to him, and accordingly the Said 16 acres are granted as also the other part of the Said Phinehas's request, viz't, that the Quittrents of his Lands be remitted for the time herein before mentioned.

And a pattent being p'pared for ye s'd 896 a's, the Same is now Sig'd, dat. 8, 4m., 1713.

Geo. Smedley, of the County of Chester, desiring to Purchase 200 acres of that Vacant Land where Wm. Garrett took up those 41 acres, mentioned and Released by Wm. the 12th ult.; his request is referred to furth'r consid'n.

At a meeting of the Commissioners the 31st 10ber, 1712.

Present, Samuell Carpenter, Rich'd Hill, Isaac Norris, James Logan.

John Carter, Brickmaker, being Possessed of those 5 Squares at the North End of the Town and about the 7th and 8th streets from Dela., which were formerly granted to B. Chambers for the Term of 21 years at 50 shill'gs p. ann., which Term expires the next first month, John Mifflin requests a Grant of them, the Said John Carter being at Present disabled to follow that Business. But the Said John having Still hopes of Conti'ng it (as he has informed Some of this Board), the matter is referred to further consideration, with a Promise notwithstanding to Said Mifflin that in Case Carter has them not he Shall have the Preference of all others upon Such reasonable Terms as he may hereafter be agreed on.

Jonas Potts having obtained of the late Commissioners a Grant of 300 acres in Gilberts mannor for Seven years under a Certain Rent, applies to the Board for the Priviledge of Purchasing it. But he is first ordered to pay the arrears due on his Lease, and after an Exact return of Survey of the who'e mannor has been made, he may further apply for it and is to have the Preference of it before all others, he paying as good a price for it

The Prop'r having many years ago Sent over into this Province one Martha Durant, a Relation of his own, with her husband, John Durant, and Children, She now, by her Petition to the Board Represents that being left a Widow and wholly destitute of all manner of Support She must of necessity perish for want or come upon the Publick, unless the Pro-

prietor, upon whose Encouragement She and her family Transported themselves, shall think fitt to relieve and assist her, and being discoursed She Expresses a Great Inclan'on to do any manner of Business that She is Capable of for a Subsistance, if She cou'd be put into a way for it, adding that her Cousin, R. Assheton, was willing to advance Something for her if the Proprietor woud' do the Same.

And the Present miserable Circumstances of the woman being taken into Consideration, 'tis the opinion of the Board that She ought immediately to be relieved and Supported above want, that being a Relation of the Proprietor's, Sent over by him, She may not become a charge to the Publick; 'tis ordered therefore that R. Assheton be Treated with, and as She is desirous to keep a small Shop for Drams and Hucksters ware, that five pounds be immediately advanced to her by the Receiver, and that he use his best Care that She may not want.

Ordered that Robert Edwards, who is Seated on the mannor of Gilberts, be forthwith called on to know on what Right he pretends to hold that Land, having never hitherto paid any Consideration for it.

Ordered that the Business of overplus Lands be forthwith inquired into, in pursuance of the Late Law for Confirming Grants and Pattents, That a Copy of that Law be provided for the use of the Board and accounts of the overplus Lands found by the Late Resurvey be put into order, to be proceeded upon as the Said Law Directs.

Present, Samuell Carpenter, I'ac Norris, James Logan.

Andrew Morton, Jno. Morton and Geo. Vanculin, of Ridly Township, in the County of Chester, being of the old Swedish settlers there, produce a Deed of Gift, dat. , 170 , from their Uncle, Jno. Bartleson, Granting them 300 acres of Land, near Stone Creek and Crum Creek, which by Mutual Bonds between Jno. Hendrickson and ye S'd Jno. Bartleson are agreed to be cut off and divided as in the s'd Bonds is Expressed, together with a Parcell of Marsh lieing between the fast land, one of the Creeks and the River, which Marsh they also Claim a Right to to make up the Deficiency which is in their other Lands, as they pretend.

The Said Persons request Pattents of confirma'on on the Said Land and their Share of the Marsh; Geo. Vanculin also desires a Pattent on 60 acres left him by his Father in the Said

Township, which was formerly held for 50 acres, but as he alledges from Some affidavits made of a Grant from Upland Court, Shou'd have been one hundred acres.

But the Board taking into Consideration the uncertainty of the pres't Division of the Lands that were Bartlesons' from those of Hendrickson, and the Danger there may be of Disputes hereafter Concerning the Said Division, unless better settled, think fitt to defer Granting any Such Pattents untill a full Division be made and agreed to under their hands and Seals respectively for a foundation for the Pattents, and they are Directed forthwith to make Such a Division, after which their Claims of the Marsh, &c., are to be Considered.

William Fisher, of the County of Sussex, arriving from thence this morning, brings an acco't, as well Verbally as by Letters from Thomas Fisher, Collector of the Proprietor's quitt rents in the said County; that the Said Collector having last week distrained on a Parcell of Wheat belonging to Berkly Codd, who married the Widow of Luke Watson, Junior, deceased, for the Quittrents due from that Plantation, the Said Codd had Replevined it and Sent it up to Philadelphia for Sale, Boasting that now he would trythe Proprietor's Title, &c.

J. Logan also informed that he had Early in the morning been with the Lawyers to take advice whether the Said Wheat con'd be Seized here [advice having been brought to him of it before day] and had retained J. Moore in the Cause by Giving him a Guinea for a ffee, to prevent Co.dd's doing it by his fr'd here, to whom the Wheat is Sent, but that he found the Said Wheat Could not regularly be touched again in the Proprietor's behalf, Security having been Given at Lewis to answer for it at the Court, as by the Replevin (a copy of which is Sent up) appears.

The Board approved of the Said J. L's Early Care of giving the s'd Fee and thinking it adviseable and necessary that this affair be Carefully managed and the best Defence that Possible Can be made and in order thereunto 'tis concluded that an Express be immediately Sent to Andrew Hamilton, a Lawyer in Cecil County, in Maryland, who Generally attends our Courts below, to Engage him in the Cause.

William Fisher, of Sussex, by his Petition, requests a Grant of one hundred acres of Land on Hog Hammock, in the Bottom of Slaughter Neck, in the Said County, lieing Convenient to his other Land, as also of Fifty acres of Land in the Marsh of Parsymmon Hammock, adjoin'g to one hund'd acres, of which he is possessed. But the Board being unacquainted with the nature and Value of what is requested, think fit to defer it till further Information Can be had. In the mean-

time, as the Petit'r, by his Fidelity to the Proprietor, is Instituted to his Favour, 'tis Resolved that he Shall have the Refusall of these Lands (if free and Vacant) upon as reasonable Terms as they may be conven'ly Granted.

Ordered a Warr't to David Brintnall for a City Lott in right of Alexander Mell's Purchase, entered 20 of 6 mo. last; the Title is as follows:

The Proprietor, by Deeds of Lease and Release, dat. 31st March and 1st of Aprill, 1682, Granted to Alexander Mell, Son of Alexander Mell, late of Martin le Grand, in the County of Middlesex, Perfumer, 250 acres of Land in this Province. Alexander Mell, by a short Deed, dated the 22d of August, 1693, Granted the Said 250 acres of Land (for 20 shill'gs) unto Tho's Gibson, of the City of Lond'n, Pattenmaker, and his heirs, &c., who by Deed dated the 15th July, 1709 (for £3), Conveys the Same to David Brintnall, of Philadelphia, Shop keeper, his heirs and assigns for ever.

At a meeting of the Commissioners the 21st 11 mo., 1712–3.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

Morris Lewellin Solliciting that a Pattent for the Land mentioned and the overplus agreed for the 27th of 8ber may be Issued, and having been Informed that D. Powell, of Philad'a, had desired to be heard by the Board before the Same was Granted, for which hearing this day was appointed by the Secretary; the Said Morris accordingly Came together with James Thomas, who Conveyed the Said Land, but D. Powell being prevented by Sickness from attend'g, James Thomas declares as follows, viz't: that upon his first Sale of that Land to Morris Lewellin, the Bargain was Drawn up in writeing, dated the last day of the 7th Month, 1705, that D. Powell, after this applying to him, told him he cou'd put him in a way to gett £8 or £10 by it and then proposed to purchase of him his Right to the overplus, that James Shewed David the Written Agreem't, upon w'ch David told him he had by that made over all his right and he would meddle no further in it, that afterwards David Sent him word he had thought of a way how he might Still Grant that overplus Safely, which was then or afterwards proposed to be by antidating a Deed for it to the other agreement with M. Lewellin, that accordingly a Deed was drawn which he Signed to D. Powell, and has his Bond for £8 Consideration, but avers the agreement was first made with M. Lewellin for the whole.

The Board notwithstanding think fitt to order that D. Powell may be heard before the Pattent is Granted.

M. Lewellin produces a Return of Survey of the Said Hundred acres made by his Brother, David Lewellin, Surveyor, by the Secretary's Direction, by which the Said overplus is found to contain 30 acres, besides the allowance for Roads, &c., and therefore if the Same be granted to Morris he is to pay for the whole, accord'g to his first Agreement £16 13s 4d.

He produces the following Titles to his Lands, viz't: The Proprietary, by Deeds of L. and Release, dat. ye 16 and 17th days of June, 1682, granted to Rich'd Davies, of Welchpool, in the Co'ty of Montgom'ry, Gent., his Heirs, &c., 1,250 a's of Land in this Province. R'd Davies, by Ind. Tripartite, dated 19, 6 mo., 1686, granted for £32 16s to Stel, late of the Parish of Llancilis, Coun. Caemarthen, Yeoman, and Ellis Ellis, of Haverford, in Pensilvania, 410 acres, Part of a Tract laid (in Meirion) near the Township of Haverford, to hold to them and their heirs, &c., Ten Acres thereof to the use of Thomas Ellis; 100 acres to the use of Frances Howel and his Heirs, &c.: 100 acres to the use of Morgan David, his Heirs, &c.; 100 acres to the use of Francis Loyd, his Heirs, &c., and the other 100 acres to the use of James Thomas, &c.

Thomas. of ye Township of Whitland, in the Co'ty of Chest'r, Yeoman, by Ind. dat. 9th FFebbr'y, 1708, in Consid'n of £110 granted the same (including ye overplus) to Mor's Lewellin, of Haverf'd, his Heirs, &c.

Francis Howell, by his last Will, dat. 15th 1 mo., 1695, granted those Hundred acres alloted to him to his Son, Tho. Howell, &c., who by Deed Ind., dat. 17th June, 1708, in Considera'on of 5 sh. and Natural Affection, &c., granted the Said 100 acres, Messuage, &c., to the Said Morris, w'ch being Resurveyed is found to be Bare Measure.

The Prop'ry, by Deeds of L. and Rel., dat. 14 and 15th 6 mo., 1682, granted to Joshua Holland, of Chatham, in the County of Kent, Mariner, in England, Five thousand Acres of Land in this Province, and to his Heirs, &c. Joshua Holland, by his Power of Att'ry, dated 19th May, 1683, granted irrevocably to his Son John Holland, of Chatham, aforesaid, Shipwright, full Power to take up and dispose of to his own use and behoofe one Thousand Acres of the Said Land, who accordingly took up the Same near upper Meirion, and by Deed dat. 13, 3 mo., 1685, Conveyed 500 Acres, part thereof, to Geo. Collet, of Philad'a, Glover, his Heirs, &c., who by his Nuncupative Will in 10ber, 1685, gave the same to his Nephew, Nathaniel Pennock

his Heirs, &c. Nath'll dying without Issue, his ffather, Chr. Pennock, administered on his Estate, and by Consent of Court Sold the Said Lands for Payment of his Son's Debts, and by Deed dat. 1, 1 mo., 1697-8, for £100 conveyed all the Said 500 Acres of Land to Morris Lewellin, of the Township of Haverford, Yeom'n, who by his Deed dat. 5 June, 1708 granted 400 thereof to his Son Morris Lewellin aforesaid.

The Said M. Lewellin, Jun'r, being possessed of 100 Acres from Ja. Thomas, with the Overplus included, sold by the Board 100 Acres from T. Howell, and these 400 Acres from his ffather, desires a Pattent of Confirmation on the whole, which is granted, when it appears that the 400 Acres have no Overplus.

A Warrt' of Resurvey, dat. 27, 12 mo., 1702, was granted on the whole 500 Acres from Holland, and 'tis found to contain Acres, but M. Lewellin's grant, his Son is said to Contain barely 400 Acres.

The Comm'rs, by their Warr't dated ye 28th of Jan'ry, 1701-2, granted to Paul Garretson, of the County of New C., one Moiety of a Vacant Tract of Land inclosed by the New Welch Line and the Lands of Judge Guest and Jno. Ogle, near White Clay Creek, provided the whole did not contain above 500 acres, in Pursuance whereof there was Surveyed to him a Tract of 230 acres, the other Moiety being at the Same time granted to James Harland, and about 60 Acres of the Same Vacancy to Sam'l Lowman at £12 10s p. C. and a Bushell of Wheat Yearly.

Paul Garretson, by Deed dat. the 28 of October last (having paid none of the consideration money) granted his Right to the Said Land and the Improvements made thereon to James Armitage and his Heirs, who offers to pay the Said Consideration money and ye Int. due thereon, and Requests a Patt't. Granted.

John Carter, Brickmaker, having had in his Poss'ion five Squares of Ground in Philad'a City, at the Northern Side thereof, w'ch were first granted to B. Chambers, in his Possession, on Part of which Brick kilns were erected, and the Lease having been for Some time expired, Jno. Mifflin, who last had the Last Kilns in his Possession under John Carter, desires to take ye Same on Rent, And by an Agreement with the Said John Mifflin the Said Kilns and Yard are now Granted him (with Ground Sufficient for digging of Clay) and all the Buildings erected thereon, to hold to him, his Executors, administrators and Assigns, for the space of Five Years from the First day of March next ensuing, for which he is to pay to the Prop'ry and Trustees use Five and Twenty Pounds on the

First Day of the third Month or May next and Five Pounds Yearly on the First day of the First Month in Every Year during the said Term, and the s'd John is to have Liberty to carry off anything that Shall be Standing thereon at the Expiration of the s'd Term, but proposes further to agree for a Piece of Ground near the Same Place for a Pasture, to be cleared and turned into Grass, to be held upon Rent for a Longer Term, the Priviledige of which is Promised him on such Terms as may be Agreed on.

The late Commissioners, by their Warr't dat. 23 of FFebr'y, 1702, granted to Thomas Jones and Cadwallader Jones, Executors of the last Will of Catharine Thomas, late of the Township of Meirion, their Mother, to take up in the Welch Tract one hundred Acres of Land, Part of 200 acres Sold by the former Comm'rs to Hugh Roberts, whereof one moiety was for the Said Catharine's use, In Pursuance of which Warr't there was Surveyed and laid out to the Said Executors in the said Welch Tract, Joining on the Lands of Mordecai Moore, John David, James Atkinson and Owen Roberts, the Said quantity of one hundred acres.

Thomas Jones and Cadwallader Jones, by their Deed Poll, dated the 14th of this Instant, in consideration of £20 granted the Said 100 acres to Thomas Rees, of Meirion, his Heirs and Assigns, who requests a Pattent thereon.

Ja. Logan having formerly produced to the Board an Order from the Proprietary, bearing date the 5th Day of December, A. D., 1711, directing y't those hundred acres of Land recovered Some Years agoe at the County Court of Philad'a, from the Estate of Robert Longshore, Should be deemed as City Liberty Land, &c., which order is in these Words, viz't:

To my Commiss'rs of Property for the Province of Pensilvania, &c.:

Whereas, Robert Longshore, late of the Said Province, obtained of Some of my former Comm'rs a Grant of Eighty acres of Land within the Liberties of the city of Philad'a, between Delaware and Schuylkill, and passed his Obligation to me for a Certain Sum that he wou'd restore the "like quantity within the Said Liberties, to be for the use of the Original Purchasers for whom those Liberties were alloted or intended.

"And Whereas, the said Rob't dying before he made good his said Contract, the Penalty of the Said Obligation (as it has been made known to me) was levied by Execution upon a certain Tract of Land then belonging to the Estate of the said Robert, adjoining or near to the said Liberties beyond Schuylkill, and Whereas the Liberty Lands of the Said city by Means of Such Practices have faln short and proved so defi-

cient that divers Original Purchasers, as I am inform'd, cannot obtain their Right therein. I do therefore hereby order and direct you to all the said Land recovered of the Estate of Robert Longshore to be accounted as Liberty Land, in lieu of which it was taken and that my Secretary, James Logan, may be admitted if he desire it to take any Such Liberty Lands, as by Purchase he has a Right to, out of the Same. Given under my hand at London the 5th Day of Dece'r, 1711.

Wm. Penn.

And the Board having by their Warrant, bearing date the 30th 5 month last, in Pursuance of the Said Ord'r directed the Surveyor Generall to lay out the Said Land to the said J. Logan in Right of the Purchases Mentioned in the said Warr't if there shou'd be Occasion for the same. He accordingly returned it as Liberty Land Surveyed to J. Logan in right of Hugh Lamb's Purchase of 2,500 Acres, Edw'd Bettris's Purchase of 2,000 acres, and Samuell Noyes' Purchase of 500 Acres, Compleating in the whole 5,000 Acres, to all which the said J. L. formerly proved his Right. At the Request therefore of the s'd J. Logan that the said Land might be confirmed to him by Pattent, the Commissioners have ordered that the Sheriff of Philad'a (from whom the Title to the Said Land must upon the aforesaid Execution be derived) do forthwith grant the said Hundred acres of Land to the s'd Ja. Logan, or to any other p'son or Persons for his use, and to his Heirs and assigns, without requiring in the Proprietor's behalfe, in whose Name the Action was commenced, any consideration for the Same, further than that he Shall be obliged to pay the arrears of Quitt rents heretofore due thereon, and a Warr't is Ordered to be drawn directed to the sheriff of Philad'a for this Purpose.

A Warr't in Pursuance of the Said Order was drawn and signed by Three of the Commissioners, dated the 24th Instant.

At a meeting of the Commissioners at Philad'a 11th 1st month, 1712–3.

Present, Richard Hill, Isaac Norris, James Logan.

The Proprietary, by Lease and Release, dated (as p. attested Copies produced by John Estaugh) the 21st and 22d of December, 1681, granted to Gilbert Mace, Citizen and Weaver, of London, and to his Heirs and ass's forever 500 acres of Land in this Province. Gilbert Mace, by Ind. of L. and Release, dated the 12th and 13th Days of May, 1684, for £5 5s granted 250 acres, Part of the said 500 acres, to John Marlow, of St.

Katherine's, in the County of Middlesex, Mariner, and to his Heirs, &c., forever, and by like Inds., dated the 23d and 24th of April, 1711, the said Gilbert (for £5 3s) granted the other 250 acres, with all Liberty Lands, Town Lotts, &c., thereunto belonging to the said John Marlow, his Heirs and ass's forever. Jno. Marlow, by like Ind's, bearing Date the 23d and 24th Days of May, 1709 (for £5), granted all those 250 acres first Purchased by him to Eliza Pace, of St. Katherine's aforesaid, Spinster, her Heirs and assigns forever. John Estaugh, in behalf of the Said El. Pace, requests a Warrant for taking up the said 250 acres of Land.

And in behalf of the said John Marlow he also requests a Warrant for taking up the other 250 acres, as also the Town Lott belonging to the whole 500 acres Purchased by Mace, which Lott falls on Delaware side, Numb'r . Ordered that warr's be granted accordingly.

	Acres.
Chr. Pennock, deceased, having proved a Right in his Son, Jos. Pennock, of 500 acres of Land in this Province, as by ye Minute of the Secretary's Office of Property, dat. 17th 12th mo., 1700-1, appears, one moiety of the said Land being the Orig'all Purchase of Francis Rogers, and the others the Purchase of Wm. Rogers, who granted their whole Right to Geo. Collet, Uncle to the said Joseph, and there being found upon a search in the Surveyor's Office that there is taken up in the Said Right in the City Liberties, ...	100
Beyond Brandiwine, in 5 Tracts, p. H. Holl., ...	2,300
Ibid, in 2 Tracts, by H. Taylor, ...	1,250
On Schuylkill, an old Survey, ...	1,000
In the whole, ...	4,650

So that there Seems yet to remain untaken up 350 acres. The said Joseph Pennock Requests a Warr't for taking up the said quantity of Land, and Whereas the Proprietor, by his Warr't in the Year 1709, granted to Chr. Pennock to take up 200 Acres in the said Right out of the Overplus found to be in the last mentioned Tract of one thousand acres beyond Schuylkill, which Warr't notwithstanding was never Executed; the Said Joseph requests that he may be allowed to decline the said 200 acres and leaving the same to the Proprietor's Use, he now having no Interest in the said Originall Tract, and that the Board wou'd grant him to take up the whole Remainder of his Purchase, to be laid out in Chester County, according to the Common Method, which wou'd suit his occasions better than the Said overplus, tho' that in itself be more valuable

than any that he can so take. Which request being Considered by the Board, 'tis granted that he Shall have a Warr't for what shall appear to be realy due to him, he resigning all Manner of Claim to the said grant of 200 acres in the aforesaid Overplus.

The Proprietor's Mill in the Northern Liberties, near Phila'd'a, having for Severall years past proved only a charge to him, without any Manner of Profitt, and none of the Severall Millars who have undertaken it having been able even to Subsist upon it, but have generally either failed or run away from it in Debt. It was Some time agoe thought advisable by the Comm'rs to dispose of it if a chapman sho'd Offer, and Tho. Masters, the nearest Neighb'r to it, having been treated with, the Commissioners at a casual meeting with the said Thomas lately, came to a full agreement with him for the Same, viz't, that the said Mill in the condition it now is, with the Thirteen acres of Land belonging to it and that Slip of Land which he has taken into his Plantation out of Springetsbury, now found to contain Eight acres, shou'd be granted to him in Consideration of Two Hundred and Fifty Pounds of the present Currency, one Hundred Pounds thereof to be paid in Hand and the other one Hundred and Fifty Pounds at next Philadelphia Fair, in Flour (that being at Present more Valuable than Money), at the Markett Price, and a Pattent is accordingly to be granted to him for the Same.

Joseph Growdon renewing his application to the Board, requests (by his Letter now read) That in Consideration of the Proprietor's Encouragm't given him at First to transport himself and of his Severall Services in the Government Since his arrivall to this Time, the Board wou'd grant him Fifty Acres of Land for Each Servant imported by him (which were about 45 in Number), under the Common Yearly Quitt rent of one shill'g sterling p. Hund'd, But there being Nothing to be found in any of the Proprietor's grants that may Justify this, the said Request is Dismiss'd.

A Pattent to James Logan for 100 acres Liberty Land recovered from R. Longshore's Estate in Kinsess., was signed, Dated the 29th 11 mo. last, Rent 1 shill'g Sterling.

A Pattent to Joseph Cloud for 150 acres out of Rocklands, sold him by the former Comm'rs in 1703, was signed, dated 30. 11 m. last.

Signed a Warr't to Eliza Pace for 250 acres in Right of Gilbert Mace, dat. 12th Inst.

A warrant to Jno. Marlow for 250 acres in the same Right, dat. id.

A Warrant to John Marlow for a city Lott in the same Right, dat. id.

Richard James having by Geo. Dakeyne Requested a Grant of 150 or 200 acres of Land in the Forest, at the Lower End of Newcastle County, at a Penny p. acre, he having Seated on the same, 'tis granted him, he paying the Rent from the Time he Entered upon it, which is about Two Years agoe, and a warrant is Signed, dated 12th 1 month.

Joshua Clayton, of Kent County, desiring to purchase one Hundred a's of Salt Marsh, he agrees to pay Fifteen Pounds for the same within Three Months, and his Request being granted, a Warrant is signed for the same, date Id.

———

At a meeting of the Commissioners 6, 2d month, 1713.

Present, Richard Hill, Isaac Norris, James Logan.

James Steel and Thomas Sharp having discovered that the Bounds of the Tract of Land they bought of Jos. Growdon, called Whitwell's Chance, in Kent County, have been broke in upon as well by a Survey made by Evan Jones, already complained of, as by another made in Favour of Geo. Martin; they by Means of the Warrant or Order from this Board, dated the 28th 8ber last, recovered the True Bounds of the Said Tract, and they now hold one Hundred acres of that Tract granted to the said Evan Jones and 130 acres granted to Geo. Martin (for 100 acres only) on the Northern side, whereupon the children of the said George being dispossessed of the said Land crave a warr't for taking up the like quantity in the Forest, which is granted to William Annand in Right of his Wife, Daughter to the said George, and her Brothers, they paying Rent from the First Survey of the aforesaid Land granted to the said George Martin, viz't for 30 years.

John Gumly having refused to hold that Land on Bombay Hook, for which he agreed and obtained a Warrant last 3d Month, John Pain, of Kent County (by James Steel), applies for the same and agrees to take in as much broken Marsh and Cripples adjoining as will make up the whole one Hundred acres, for which he is to pay Twenty Pounds in Three Months, and to be at all the charge of Escheating it if there be Occasion [that B. Gumly refused this Land as being rated, as they alledge, at double its value.]

Timothy Hansen, of Kent County, requesiting (by J. Steel) a quantity of Salt Marsh on the North Side of Litle Creek, fitt to accommodate his Plantation, 'tis granted that he may have any quantity there, not exceeding 250 acres, at Fifteen Pounds Purchase and a Bushell of Wheat Yearly p. Hundred.

John Dawson, of Kent County, requesting one Hundred acres of Land on Bradshaw's Branch, in the said County, where he has ventured to seat himself, 'tis granted him at a Penny Sterling p. acre p. ann., to be paid from the Time he Entered upon it.

By a Warrant from the Commissioners in 1687 there was surveyed in the Latter End of the Year 1689, to John Allen, a Tract reputed to contain 90 acres, but was granted for a Hundred, Situate in Bristol Township, in Bucks, at a Penny p. acre.

John Allen's Heirs granted all their Rights in this Land, being now found on the late Resurvey to contain 116 acres, to John Hall, of Bristoll, Cooper, and his Heirs. The Secretary last Summer agreed with J. Hall that they Should hold the whole said 116 acres, they paying Rent for the same from the Beginning, and so to continue without any Abatement for the allowance of 10 p. C., and accordingly J. Hall then paid all the arrears due on 87 acres thereof, and Ralp. Boon, by Discount for Work done at Pennsbury in 1700-1, paid the arrears also of the other 29 acres to the Year 1709 Exclusive.

'Tis hereupon ordered that Jno. Hall have a Pattent on the Said 116 acres.

Signed a Pattent to Caleb Prew for 160 acres in Rocklands on New Rent, formerly granted his Father, John Prew, dated this Day.

Signed a Pattent to John Hall for 116 acres, Ordered this day, dated the 9th.

Signed a Warrant to William Annand for 100 acres in Kent, ordered and dated this day. A Warrant to Timothy Hansen for 250 acres of Marsh in Kent, ordered and dated this day. A Warr't to John Pain for 100 acres in Bombay Hook, ordered and dated this day. A Warrant to John Dawson for 100 acres of Land on Kent, ordered and dated this day.

Jacob Stauber, late of Zurick, in Switzerland, applying to the Secretary to purchase 500 acres between the River Schuylkill and the French Creek, on the West Side of the said River, they agreed for the Same at £12 p. C., viz., £60, of which Tenn Pounds is to be paid in Hand upon the Warrant, £25 on the Tenth Day of October next and the remaining £25, with 6 months Interest, on the 10th of April, 1714.

Signed a Warrant to Jacob Stauber for the s'd 500 acres, dated 8th Instant.

At a Meeting of the Commissioners the 15th 2d Month, 1713. Present, Samuell Carpenter, Is. Norris, James Logan.

Edward Farmer having long pleaded in Bar of the Payment of his Quitr'ts, a Debt due to him for a Serv't of his Fathr's that went to Pennsbury, now applies to the Board and represents the Case as follows, viz't:

That the Proprietor in the year 1683, or thereabouts, desired of Edw'd's Uncle, Maj'r Jasper FFarmer, to assist him with a skilfull Carpenter for the building of Pennsbury, that accordingly he sent him one of his Serv'ts, named Geo. Booth, with a Large chest of Carpenter's Tools, belonging to his Said Master, that not long after this Serv't run away, and all the Tools being left at Pennsbury or disposed of by the Serv't, were also lost to their owner, his said Uncle, or more properly to him, the said Edward to whom upon his Father's Decease they belonged, being his Estate. Edward hereupon desires that some Allowance may be made him in his Rent, which being considered, 'Tis agreed and ordered that the Receiver Gener'll Discount w'th him Five Pounds out of the Rents due from his Lands, to be further consid'd [but it being since Discovered that Jasper FFarmer died in the Prop'rs debt, as appears by his Bond for £50, this Grant is Vacated. J. L.]

Edward Farmer obtained of the Former Commissioners a Grant of and Warrant for one Hund'd acres in the Mann'r of Springfield, adjoining on his other Lands, for which he was to pay Ten Pounds, but the Prop'rs Lett'rs forbid'g all Sales of his Mannor Lands arriving immediately after, he never had any Pattent or Confirmation of the same, But now desires it, together with one Hundred acres adjoining to be added to the other, for which he agrees to pay one Hundred Pounds of the Present Currency, one-half thereof the 25th of Nov'r next and the other half at the May ffair of Philad'a, A. D. 1714, And a Warrant is ordered thereupon.

The Assembly having last Summer passed an act Granting the fferry over Schuylkill to Benja. Chambers, his Executors and Assigns, for the Term of 21 years, for the Proprietor's consent to which by his Commissioners, he then paid £50; he now requests a Confirmation of the said Grant by Pattent from the Commissioners, an further prays that he may have an Addition of one acre on each Side of the Road out of the Vacancy betw'n the Swedes Land and the River.

Ordered that a Pattent be granted as requested for so much as is granted by the said act of assembly, but the Vacancy lieing between the Swedes Tract and the River being, as it appears, casually left out of the said Tract at the First Survey, is not (as yet) to be alienated from them.

Matthias Nitzilius, of Darby Township, having often complained to the Board, now renews the same as follows, viz., Sir

Edmond Andros, by Patent dated 25th March, 1676, granted to Henry Coleman and Peter Putcon a Tract on the Mill Creek, called one Hundred acres in the Patent, by the Courses and Distances as Expressed in the Said Patent contained at least Two Hundred acres out of the Bounds of this Tract. By some Mistake of the Surveyors the Proprietor granted to Richard Tucker one Hundred acres in Lieu of some Land that he had a Right to in the Tract laid out for the Mannor of Springetsbury, which is since come into the Hands of Sarah Smith, Widow of Thomas Smith, of Darby. M. Nitzilius having now, by Divers mesne Conveyances, the Sole Right to the whole originall Grant from S'r Edmond Andros, requests that this Board would in the Proprietor's behalf do him Justice, and either restore the Land his Predecessors have been deprived of Contrary to all Right, or grant him a Reasonable Satisfaction for it.

But the first of these being impracticable, the Board think fitt to propose to him that in Case he can Shew a Clear and full Right to all the Origin'll Grant, as is alledged, that then he Shall be favoured in any other Tract that he shall choose, the same being Vacant and Free to be disposed off.

Matthias Nitzilius' Title is as follows:

Sir Edm'd Andros, by Pat't dated 25th March, 1676, granted to Henry Colem'n and Peter Putcon a Parcell of Land on the West side of Delaware River, on the Northwest side of a Creek called the Mill Creek, over against Carraconks Hook, beginning at a Corner White Oak on the Creek between this and Calcoon Hook, N. N. W. by Calcoon hook Land 290 Perches to a Marked Red Oak, thence N. E. by a Line of Marked Trees 128 p. to a corner Marked Black Oak on a Branch running into Mohorhoottink Creek, now Darby Creek, thence by the Branch and Creek to the Place of Beginning, containing and laid out for 100 acres of Land, as by the Return of the Survey, &c. The Rent one Bushell of Good Winter Wheat to his Highness's use to Such Person or Persons as Shall have Authority, &c. Recorded at Upland.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

John Frost, of the County of Bucks, having purchased that Tract in Newtown that was granted to Jonathan Eldridge, desires the Priviledge of Buying a small Vacancy lieing between his Land and the Creek, for which he agreed with the Secre'y at Pensbury to give Eight shillings p. acre, and now being found upon Survey to contain Six acres, 'tis granted at the said Price.

Jonas Arskin, of Newcastle, having requested the Priviledge of taking up Three hundred acres on North side of Otteraroe, about 3 or 4 miles from the Mouth of it, where a Small Improvement has been made, and having passed thro' sev'll Hands without any Right, is now purchased by the said Jonas, who desires to have a Survey thereon on a Grant from this Province, that he may assert the Proprietor's Right there. 'Tis granted as requested, at the yearly Rent of Two Bushells of Wheat for Each Hundred.

John Budd laid before the Board a Lett'r he had now rece'd from Hen. Hollingsworth, dated 3d Inst., informing that one John Bristow, with some others, who had seated themselves on that Tract called the Lond. Companie's, had obtained from Cha. Carroll, the Lord Baltimore's agent, an order to the s'd Henry (being lately made Surveyor of Cecil County, in Maryland), to Survey to them Two thousand acres of the said Land where they are now Seated, that he, the said Henry, was loth to be concerned in the Survey of any Lands formerly taken up by Rights of this Province, &c., that this Land being to the Northward of Otteraroe falls, not within Maryland, according to the Agent, C. Carroll's Claim, &c., and the said Henry desires that S. Carpenter and T. FFairman, Agents for the London Company, may be applied to, that Measures may be taken to prevent an further proceedings of the same kind.

'Tis ordered hereupon that the Secretary immediately Write to the said Surv'r, H. Holl., desiring him for the Reasons he has advanced in his own Letter to desist till he hear further from the agent, to whom the Matter is now to be represented, and the Secretary is further ordered to draw up a Lett'r to the said agent to be signed by all the Commissioners, a Copy of which is to be inserted in the Minutes of this day.

Jonathan Couper, of Bucks County, having purchased two hundred acres, Part of those thousand acres in Wrights Town, laid out to James Harrison, who first sold the s'd 200 acres to Will'm Couper, Father to the said Jonathan, and Phin's Pemberton, Son, and Israel Pemb., Grandson, to the said James, afterwards granted and confirmed the same. There was found by John Cutter's Resurvey of the said 200 Acres, made by order of Phinehas Pemberton, and in his Life time, 135 acres of Overplus, besides the Allowance for Roads, &c., which overplus the said Jonathan desires to purchase, and

'tis allowed to him at £20 p. C., and thereupon a Pattent ordered for the whole to him, in whom the Title from Wm. Couper shall appear to be duly invested. A Tract of Vacant Land adjoining, cont. 145 acres, is also allowed him at 15 p. C.

The Proprietary, by Deeds of L. and Release, dated 12th and 13th 7ber, 1681, granted to James Claypoole 5,000 acres of Land, which is wholly taken up and 80 acres over. To the End that the said J. Claypoole might be qualified for the office of Treasurer of the Society of Trade, he further agreed for 5,000 acres more, for which he gave Bond in the Year 1683, or thereabouts, in the Penalty of Two Hundred Pounds for the Payment of one Hundred sterl'g in Pensylvania, but not desiring to make use of the said last Purchase, he took five Severall Deeds for the same, Each for one thousand acres, in order to dispose of it to others, for 2 Thousand of which finding

Chapmen immediately, he took the Original Deeds in their names and the other 3 he took in his own, viz:

Deeds of L. and Release, dat. 29th and 30th of Aprill, 1683, to John Turner, Junior, of London, Merchant, for one thousand acres. Deeds of L. and Rel., of the same date, for the like quantity to Will'm Puryor, of Lond., Glazier. Like Deeds to the said Ja. Clayp. for the like quantity to himself, dat. 9 and 10th of March., 1682-3, And by like Deeds to the said James for the like quantity, dat. 29th and 30 Aprill, 1683, all which said Deeds are Recorded in the Rolls Office at Philad'a, in Book A., Vol 1, folio 171, &c., folio 122, &., folio 33, &., and fol. 140, &. They also produce the Originall Deeds, which bear date the 9th and 10th of March, 1682-3, but for the 5th Thousand acres they can produce neither originall nor Record.

Turner and Puryor, or their assigns, have already had their Lands. The late Commissioners, by their Warr'ts, dated , granted to FFra. Cook, Executor or adm'r of the said Estate, to take up one Thousand in Ja. Claypool's own Right, which Grant the said Francis sold to Dav'd Loyd.

To 2 thousand acres more, abating the 80 acres granted above, their Right upon their first 5,000 the said adm'rs, w'th J. Claypoole's Heirs, account they have a Right, but being unable to produce anything for it, 'tis believed that Ja. Claypoole sold one thousand acres and parted thereupon with the Originall Deeds for it, otherwise either they or their Record might be found with the Rest, and therefor untill the Said Deeds be produced no Grant can be made. But 'Tis Ordered that a Warr't be granted for what appears due, viz., 920 acres, Francis Cook, his Wife Mary Cook, Natha'll Claypoole and Joseph Claypoooie, the Surviving Children of the Said James, by Deeds of L. and Rel., dated the 6th and 7th Inst't Grant and Release all the said 920 acres to George Claypoole, their Brother, in Consid'n of £36 9s 6d Sterl'g, which FFra. Growdon. 'Tis ordered that J. A Pattent to John FFrost for 6 acres in Newtown, granted 13th ult., 22d 3 mo. last.

———

At a Meeting of the Commissioners 22d 5 mo. 1713.

Present, Samuell Carpenter, Isaac Norris, Jam's Logan.

Daniel Pastorius being, by Deeds dat. 18 and 19 Jan'ry, 1682, from the Prop'r to Johan Wilhelm Uberfelt for one thousand acres of Land, and by Deeds from the said Uberfelt to himself, dated 11th July, 1683, Intituled to the said Quantity of Land in this Province, he had in the German Township, 107 acres thereof, and at the Propr'rs last arrivall there remained 893 ac. in part to be taken up. At the Sollicitation of Johannes Jawert and Daniel FFalkner, att'rys to those called the Frankfort Company, who purchased 25,000 acres in the whole, of w'ch the said Uberfelt's purchase was Part, there was surveyed to the said Company near Mahanatawny two and twenty thousand acres of Land in one Tract, in which the said Daniel's Part untaken up in right of Uberfelt, viz't, 893 acres, was laid with the rest, but without any Direction or Authority from the said Daniel, and was Confirmed by the Proprietor to the Survivors and Heirs of the FFranckford Company, all excepting Daniel, who notwithstanding he never alienated his Right to the said thousand acres which make a Part of the said 25,000 acres, is made no party to the said Grant or Pattent.

The said Daniel therefore desires of this Board a Warr't to take his remaining 893 acres, his Right to that quantity in the said Pattent not being granted to him but to others.

But his said Right being actually laid out in the said great Tract of 22,200 acres and granted from the Proprietor, 'tis objected that there he ought to take it and procure a Division upon it.

To this, by his Petition or Letter, dat. 28. 3 mo. last, now laid before the Board, he answers by Divers allegations that the Land was laid out there without his Application or Knowledge, and that it was never Granted to him but to others, and further insists that 'tis unreasonable to oblige him to take to Land that he cannot obtain but by a Course of Law, w'ch he is not capable to manage, and therefore desires a Warr't to take up what is due to him where he can find it.

But seeing those 893 acres laid out in his Right in the said great Tract must not be lost to the Proprietor, nor ought the Petitioner to be Disappointed of his Due, 'Tis ordered that a Warr't shall be granted him for the S'd quantity at the Rate of Seven pounds p. Hund'd acres, the Price at which the Palatines purchased theirs, and Some of the Board, viz't, I. N. and J. L., undertake to procure a Division as also to answer the Prop'r for the s'd Purchase Money, being £62 10s.

The Minister and Vestry, &c., of the Town of Newcastle, by their Petition, presented by Coll. FFrench, sett forth that they having been at Great Charge in Erecting a Church in the said Town find themselves at a Loss for want of a Convenient place for a Burying Ground or Churchyard, and therefore request this Board to Grant them one Hundred and Seventy ffoot Square of Ground Circumjacent to the said Church, to the Necessity of which the said Coll. FFrench Spoke, being authorized thereunto by ye s'd Petition, But the Matter being considered, 'tis referred.

George Smedley requesting to purchase two Hundred acres of Land adjoining to his Own, out of that Vacancy in Willistown (left by Gr. Jones throwing up 1,500 acres formerly surveyed to him there), in which he wou'd include the Survey of Forty-one acres, made by Will'm Garrett, which he resigned under his Hand in these Minutes the 12 of 9ber last, upon a Hearing of him and Wm. Garrett, who also desires the Privildege of Purchasing there. His Request is granted, he paying this ffall £45 for the same, and a Warrant is ordered to the said George thereupon.

Moses Musgrove desiring to purchase Three hundred beyond the Surveys in the County of Chester, 'tis granted him at Ten pounds p. Hund'd. Part to be paid immediately after Survey and the Rest in 9 Months with 6 Months Intr'st.

William Fisher renewing by his Petition the same Request he made the 7, 11 mo. last, 'Tis ordered that he shall have the

Preference in what he desires before all others, but the Grant is for some Time suspended.

Jacob Kolluck, of Lewis, requests a warr't to resurvey a Parcell of Land in the Bottom of Angola Neck, containing about 80 acres, sold by Wm. Clark, deceased, to Jno. West, and by him to s'd Kolluck, with Liberty to take up what Vacant Land is bounding upon it, for which he is willing to pay a Reasonable Rate, also to take up on the same Terms one Hundred acres at the Head of Stuckberry Neck, of Both which the Preference is granted him, but no Warr't as yet ordered nor Agreement made.

William Garrett is allowed to take up the 42 acres due to him on his Original Purchase, out of that Vacant Land mentioned in the Grant this day to Geo. Smedley, provided he purchase as much as will make it up one Hundred, on the same Terms with the other Purchasers there, to be laid out adjoining to his Son Samuell Garrett's Land.

Signed a Pattent to B. Chambers for his fferry, dat. 20th 10ber last, pursuant to the Act of Assembly, together with an acre and halfe of Marsh on this side Schuylkill for accommodating his fferry in Landing Cattle, to hold for the Term for w'ch the fferry itself is granted, viz't, 21 Years, from 4 mo., 1712, and a Warr't is ordered for the Survey of the said Marsh.

Signed a Pattent to Jeremiah Cloud for 500 acres, besides the Allowance in Naaman's Creek, ordered 12th month, 1703, dat. 20, 5 mo. Instant.

Signed a Patt't to Jno. Key for a Lott in Sassafras str., ord'd 10ber, 1705, dat. 20 Inst.

Signed a Pat't to Jonathan Cowper for 638 a., ordered 13, 3 mo. last, dat. 20 Inst., Consid'n £74.

At a meeting of the Commissioners at Philadelphia, 29th 5 mo., 1713.

Present, Samuell Carpenter, Richard Hill, Isaac Norris, James Logan.

A Letter from Cha. Carrol, agent to the Lord Baltimore, directed to the Commissioners, bearing date the 9th of June last, in answer to that from them, dated 18th 3d mo., was read. The Comm'rs Lett'r was as follows:

PHILAD'A, 18, 3 *mo.*, 1713.

CHA. CARROL, *Esteemed fr'd:*

The Proprietor of this Province having thought fitt to Constitute us his Proprietary Deputies to transact in his behalf

the Affairs relating to his Estate here, we find ourselves oblidged to represent to thee, as principally concern'd for the Proprietor of Maryland, That notwithstanding there has been great Caution used on our Side not to break in on any Part of the Lands to the Southw'd to what you of that Province have always, as we understand, accounted yo'r Northern Bounds, yet lately (we are informed) Warrants have been issued to Survey not only Vacant to the Northw'd of those Bounds, but such as have for many Years been surveyed upon Old Purchases of Land in this Province, and entered upon by the Purchasers as an indisputable and unquestioned Right.

Since the first misunderstanding were over, upon the Grant of this Prov. to our Proprietor, as well those in Power as the Inhabitants in Generall, both in that and this, have lived amicably with each other, tho' the Boundaries were not certainly fixed, and now, seeing your Prop'r is, as we are informed, about surrendering his Gover't, as well as ours, we cann't but be of Opinion that it will be most adviseable to defer all such further Proceedings in these Cases till the Division can upon this Surrender be made by a Joynt Consent, and by the Intervention of the Authority of the Crown, which will then be Equally concerned in both.

This we believe cannot but be allowed as the Prudentest and most likely method to have it effectually settled, and for this Reason it must be not only the friendliest but the safest Part on both sides to forbear all further Surveys where there is Danger of Incroachm't, which we are apt to believe may at this Time be owing more to the private Views of Particular Persons than any Design in the or in such as are immediately concerned for ye L'd Baltimore.

We request thy Answer upon this Head, that nothing but what is amicable may be transacted on either side, which is heartily desired by

thy Real Loving ffriends,

Sa. Carp'r,
R. Hill,
I. Norris,
J. L.

In Answer to the said Letter C. Carrol returned that he had rece'd the Commissioners Civil and amicable Lett'r, That from the Caution they Expressed he must believe it could not be they who had Granted large Tracts to the Southw'd of Octararoe, upon Lands granted from Maryland as Antient as that of this Province from the Crown, or that they were privy to or advising in seizing the Sheriff of Cecil County when in his Duty in the Execution of his Office on Lands many miles

to the Southw'd of their Northern Bounds, but promises himself that no such Violence will be offered for the future, till affixed Settlement of their Northern and our Southern Bounds be made, which in his Opinion may with ease be done by the Rules of Art and Proper Instrum'ts to find the 40th Degree of Latitude without giving the Crown any Trouble, which he is informed has been heretofore done by able Artists and indisputably found to be a Great deal farther Northw'd than any of their Surveys, That the Information given as to their Issuing Warr'ts cannot be true, for that they Still follow their Antient, Constant Practice in granting Warrants without mention'g so much as the County, and leave it to, of him who purchases the Warrant, to direct the Survey, w'ch it may be rationally supposed he will do most for his own Safety by not runing out of the Bounds of the Province.

That he hopes it is not expected he should shutt up his Master's Office, but that while concerned it shall be his Chief Care to study all means that may lead him to act as well the just Part to his L'ps Interest as the friendliest and safest in Refere'ce to us and our People, their good Neighbours, with whom he has always been of Opinion it was necessary for our mutual Interest to cultivate a Sincere and Good understanding, that he is oblidged to us for our Belief, that what has been lately done may be owing more to the Private Views of Particular Persons than any Design in him, &c., but that he can see no further into this than that the People are willing to take their Titles from them who can make the most unquestionable, which he takes to be the Case of those Persons, that we may depend that as much Caution as we use to prevent misunderstandings shall Constantly be observed by him, &c.

Which answer containing nothing particular that is necessary to be replied to by the Board, 'Tis left to the Secretary.

Ordered that a Lett'r be wrote in answ'r to the Petition of the Minister and Vestry of New Castle informing them of the Objections made against their Request and the Inconveniences of it, for which this Board cannot grant it.

John Budd having before informed the Board of the Encroachm't made by Surveys from Maryland on a Tract of one thousand acres survey'd to him near the Boundaries, requests that another Warr't may be granted him to take up the same quantity elsewhere, that he may not be quite disappointed of his Right in case he cannott hold it where first surveyed, but this is referred to be further considered.

The Grant of Geo. Smedley, as mentioned in the Minutes of the last Meet'g, is this day fully concluded for 200 a's at £22 10s

p. C., and that Wm. Garrett be accommodated as before expressed.

Signed a Warr't to B. Chambers for surveying an Acre and a halfe of Marsh, dated this day, in pursuance of the Grant in his Patt't and order of the 22d Inst't.

At a meeting of the Commissioners at Philadelphia, 30, 7ber, 1713.

Ordered that Warrants be granted to William Hudson and John Cornwell for a Lott to Each as usual, upon their former Requests. Entered in these Minutes, pa. 10.

Jones's Bond to the Proprietor for about £30, to whose Estate he is Indebted, may be delivered to him, and his own Bond, on which some Interest is due, upon which he promises to Collect the Remaind'r of the s'd Tax.

To this the Board agrees upon his Performance of that Condition, and making Good all he rece'd, but otherwise the Matter is to be further Consid'd.

John Longworthy produces a Paper wrote by the Proprietor's own Hand in these Words, viz., 25th 8ber, 1701:

Lett the Commissioners grant to John Longworthy, for his Three children, each one Hundred acres, to pay quittrent till able to purchase it off at a Settled rate.

At a Meeting of the Commissioners of Property the 8th 2 month, 1717.

Present, Richard Hill, Isaac Norris, James Logan.

William Lawrence, of Philadelphia, preferred a Petition to the Board Setting forth that about the Year 1690 he purchased severall Lotts on Schulkill side of Philad'a, where he seated himself about the same Time, and that there lies a Parcell of Ground between the said Lotts and the River, which he desires might be now granted to him, because (as he says) other Persons holding Lotts thereabouts had the Priveledge to the said River.

But those Lotts held by the said William are located and patented, and that he hath no other Grant for any other Land there, nor hath it been a General Rule or Priviledge to others as he alledges, therefore his Petition is Dismissed.

William Carter, Wm. Lawrence and Michael Walton requests Confirma'ons on three Parcells of Land formerly (as they say) laid out by warrants from the fformer Commissioners on that side of Springetsbury Mannor, which Joyns to the City Philad'a.

That Claimed by W. Carter is said to be first laid out to one Lewis Thomas, for 9 years, the other Two Parcells to W. Lawrence and M. Walton; is said to be 6 acres in each of them.

But their pretended Grants being so very Short and Weak, and that the Prop'r always forbid the granting away any Part of the said Mannor, their Request is refferred to further Consideration.

Biles, to answer the Debts due to Griffith Jones and Hugh Lowden, Sells the said Land by Deed the 9, Xber, 1712, to one William Jones, who by Deed dated the 13th FFeb., 1713-4, Conveys the said Land to Joseph Jones, now of Philad'a. Whereas there is a Vacancy of about 70 acres Joyning to the s'd 200 acres, the said Joseph desires a Grant of it, and that the whole might be confirmed to him by Patent. It is agreed that upon his paying off the arrearage of quitrent due on the 200 acres and paying 10sh p. acre for the 70 a's he shall have a Patent for the whole. Signed, dat. 10, 6 mo., 1717.

The Commissioners then ordered that the said Land Shou'd be Resurveyed and the Bounds of 250 acres fixed and then a Patent Should be provided, But a Certain Writing being brought to this Office, which was found in the Hands of Eliz'th, late Wife of Patrick Robinson (which here follows Verbatim), the Business is referred to a full hearing of the Com missioners:

Samuel Preston, in behalf of Corn's Wiltband, desires that the 100 acres of Marsh laid out to the said Cornelius below Walton Huling's, in the Broad Kill Marsh in Sussex County, might be confirmed to him, w'ch has been delayed upon the Complaint of Margery FFisher, who alledged that the granting of the said Marsh to Corn's would be very Injurious if not ruinous to herself and Children, upon which enquiry being made by James Steel, who was lately in that Neighbourhood, and upon the same Marsh, says that it is surveyed at some distance from any of her Lines and that her Clamour is Groundless, and therefore a Patent to Cornelius is now signed, dated the 10th 8ber last.

22, 9ber, 1717.

Pr'sent, only I. N. and J. L.

Martin Kundigg, Hans Heer and Hans FFunk, with severall others of the Palatines, their Countrymen, having applied to purchase Land near Conestogo and Pequea Creeks to accommodate those of them that are lately arrived in this Province, who are their Relations, ffriends or acquaintances, and whom they assure the Board are Honest, Conscientious People.

Their Request being Considered and the Circumstance of those People in Relation to their Holding of Lands in the Dominions of Great Britain were asked if they understood the Disadvantage they were under by their being born aliens, that therefore their Children could not inherit nor they themselves convey to others the Lands they purchase, according to the Laws of England, which may in such Case be extended hither. They answered that they were informed thereof before, however inasmuch as they had removed themselves and ffamilies into this Province they were, notwithstanding the s'd Disadvantage, willing to purchase Lands for their own Dwelling. It was further said by the Commissioners that it was their Business to sell and dispose of the Proprietors' Land to Such as would purchase it, yet at the same time they were willing to let them know, as they are aliens, the Danger that might ensue if not in Time prevented, also that some Years ago a Law was Enacted here and afterwards passed by the late Queen Ann, for enabling Divers aliens, particularly named therein, to hold and enjoy Lands in this Province, and that the like advantage might probably be obtained for those amongst themselves that were of good Report if a Petition were preferred to this present Assembly when they sit to do Business. With this advice they seemed pleaséd and desired to be informed with such a sitting of the Assembly would be, that they might preferr a Petition to them for such a Law as is above mentioned.

Application being made by Israel Pemberton, for himself and some others, that Edm'd Lovet, of Bucks County, for more than Thirty Years Since hath concealed a Patent that was granted him (as is p'sumed) by the Prop'r before his first

Departure from this Province, for a Certain Tract of Land near Pennsbury Mannor, which the Proprietor afterward gave him other Land in Exchange for and Confirmed the same to him by another Patent without taking up the fformer.

Edmund Lovet being in Town it was thought fit to send for him and know the Reason why he detained and kept in his Hands a Patent for which he had so long ago rece'd an Equivalent, who appearing at the Board it was further told him that the Land ment'd in the first being now in the Possession of sundry honest People they might in Time to come be disturbed in their Just Rights.

He confessed that he had such a Patent in his Keeping, but wou'd not give it up till Satisfaction Shou'd be made him for Exchang'g. The Commissioners told him that he had never made any Demands as was known to them, and in case anything was his due he shou'd make his Demand and it would be considered, but if he persisted to keep the Patent without Setting forth his Reasons for so doing, The Monthly Meeting whereunto he belongs Shou'd be applyed to, and if he refuse to submitt his Demand and deliver up the Patent to them if required, a due Course of law wou'd be taken to recover the same out of his Hands.

To which he only replied that he wou'd Consider of it.

'Tis much more likely one Shilling for each acre, w'ch it wou'd be were the word Hundred left out. Lancelot Loyd, by Indenture dated 29th 2 mo., 1692, for £5 granted all the said 2 acres to Hector Dicks, of West New Jersey, Tanner, who by a like Deed, dated ye 6th Jan'y 1695–6, for £8 13s granted the said 2 acres to Pat. Robinson, who by another like Deed, dated the 4th of June, 1696, for £9 Granted the same 2 acres to Robert Hawkes.

The Same Comm'rs, W. M., R. T. and J G., by Patent dated the 25th 4th month, 1694, Granted to Gr. Lloyd's Lott and Westw'd with the ffront street; the quitr't not legiable.

Griffith Owen, by Sundry Deeds dated in the 4 mo., 1694,

granted the 7 acres of Land, the Lott of John Eckly and a Lott of Phillip James's, unto the s'd Rob't Hawkes, who granted the same to Ruth Haddock together with the 2 acres first mentioned, who afterwards granted the whole to George Roach, who again granted to William Trent.

Alsop, who by Deed dated ye 19th July, 1684, granted and conveyed the same to Tho. Tunnecliff, whose Kinsman and Heir at Law, James Tunnecliff, now possesses acres in Makefield Township and desires a Confirmation on the same.

Peter Chamberlain having often applyed for a City Lott in Right of Joseph Jones, of Southampton, his Original Purchase of 500 a's of Land in this Province, w'ch has hitherto been refused him because J. Jones's Deeds from the Prop'r are dated about two Months after the Time the first Purchases expired, but John Swift affirming that J. Jones's Purchase was made and the Money paid at the Same Time with his, who was accounted one of the first Purchasers, The Comm'rs agree that P. Chamberlain Shall have Liberty to take up a Lott in the Back streets of Nine and forty ffoot and a half in Front and the Depth and Length the same with the adjoyning Lotts, which is to be in full Satisfaction of any further Demand on the said Purchase.

Bickley's ffield or Orchard, and that the Commissioners wou'd grant him to hold the same for the Term of one and thirty Years under the

Same Rent in Proportion to the quantity which is mentioned in the said Minutes or otherwise, as they shall think expedient.

Hendricks hath since purchased the Right to the 100 acres granted to James Williams, of his Widow (that was), now the wife of William Grimson, and has paid the arrearage of Rent and taken up J. At a Meeting of the Commissioners the 22d of Xber, 1719.

Present, Richard Hill, Isaac Norris, James Logan.

The Commissioners having been informed that the assembly of the Provinces of New York and the Jerseys had passed Severall acts for runing Division Lines between those Provinces and for finding out and fixing of the most Northerly Branch of Delaware River, the doing of which Concerns this Province very much, because that Branch is the Eastern bounds thereof; Whereupon the Comm'rs thought it expedient to order James Steel and Jacob Taylor to repair to Mackhackamack (a Dutch Town on the East Side of Delaware River), where certain Commissioners and Surv'rs from the above mentioned Provinces were appointed to meet, for which Purpose a Commission was provided, dated the 19th of the fourth month (last under the Seal of the Province and signed by the Comm'rs) and delivered to ye s'd James and Jacob, who thereupon Sett out on their Journey (in order to be present at the fixing of the most Northern Branch of Delaware) on the 20th day of the same Month, and returned again the 2d of the 6th Month following, an account of whose Journey and of the affair they went about is as followeth:

To the Commissioners of Property:

Whereas, by your Commission to us, directed under the Seal of the Province, bearing date the 19th of the 4th M'th, 1719, we were appointed to sett out on a Journey to Mackhackamack in Order to meet with Certain Persons who were appointed by the Goverm'ts of New York and New Jerseys, to repair to the said Place to find out and fix the Lat. of 41 degr. 40 m. on the Most Northerly Branch of Delaware River, and from thence to run a Division Line between those Goverm'ts over to Hudson's River.

In Pursuance whereof we sett out from Philad'a on the 20th day of the same Month and on the 24th day thereof we reached Mackhackamack, being Joined in our way by Jos. Kirkbride, John Reading, Tho. Wetherel and John Chapman. On the 27th day the Gentlemen from N. York (Viz't), Dr. Johnston, Coll. Isaac Hicks, Coll. John Hamilton, Captain R. Walter, Alane Jarret and James Alexander arrived there also (George Wilcox and John Harrison having been there some Days before). We mett with them at their Lodging, where the Business depending was debated. Their Commissions were Read, as was ours afterward, and enquiry having been made of Sev'll Indians, but more Particularly of Solomon Davis and Jacob Keykendal (two Indian Traders), about the Branches of the River Delaware that were between the s'd River, there called the ffishkill and Susquehannah. They all agreed in their Information that there were only some Small Brooks and Branches between the said Rivers, which they easily passed over as they Travelled, But no Branch any ways to Compare with the ffishkill, as they Call it. The said Solomon Davis and Jacob having, as well as those Indians, often Travelled between those two Rivers from one to the other, and therefore perfectly knew what Branches were to be found proceeding out of Delaware. Yet notwithstanding these Informations, which all the Commissioners and Surveyors seemed to believe to put the Matter beyond Dispute, they appointed Major John Harrison to travel over from the ffishkill to Susquehannah, who took with him Jacob Keykendal and an Indian for Guides, and soon after went on his Journey, which he undertook on foot.

In the mean while two or three Observations were taken by the Quadrant at Mackhackamack, by w'ch it was found we were about 17 Miles to the Southward of the Latitude, wherefore the Surveyors were ordered to proceed further Northward, which they did at some Distance from the River Delaware and Chained along as they went, and on the 7th day of the 5th Month we arrived at an Indian Town, Cashetang, which is Situate on both sides of the River about 37 miles to the Northwest of Mackhackamack. Here the quadrant was erected and daily plyed, but the Weather proving so very Wett and ffoggy that two Weeks were Spent before the Latitude was fixed, which was done about the 22d day, after which the Survey'rs returned to Mackhackamack; the Rest of the Company returned a few days before for want of Provisions. Here we found Jno. Harrison returned from Susquehannah, who soon applyed himself to make a Draught of his Journey, and when the whole Company were returned from Cashetang

and met together at Mackhackamack they were all of them so fully satisfied with the Report and Draught which he made of his Journey (on his Oath as we remember) and particularly of the Branches of Delaware, that not one Objection from any of them was further made against the ffishkill being the most Northerly Branch of Delaware River. Whereupon the same was so taken and deemed, and Indentures Tripartite were drawn, Certifying the same thing with a Draught of that Part of Delaware River where the Lat. of 41 deg. and 40 m. fell and was Settled, affixed to each Indenture, which were executed by all the Commissioners and Surveyors, (viz't), Coll. Isaac Hicks, Capt'n Rob't Walter and Alane Jarret for New York; Dr. Johnston, George Wilcox and James Alexander for East Jersey; Joseph Kirkbride and John Reading for West Jersey, on the 27th day of the said 5th Month and Witnessed by us, and then delivered to the Custody of each Party to be put on Record in the respective Provinces. These Instruments were executed as afores'd at the House of Thomas Swartwood, at the upper end of Mackhackamack, after which John Chapman, with some Chainmen, were imployed to run a random Line from Mackhackamack to Hudson's River, while the York and Jersey Gentlemen returned Home, and we on the same day (viz't), the 28th of ye 5th mo., left y't Place and arrived at Philad'a the 2d of the 6 month.

While we were upon this Journey we crossed the River Delaware at severall Places and Should have searched further into Pensylvania had not the Extremity of the Weather prevented us, so that we cannot give so Satisfactory account thereof as Cou'd be desired, yet as often as we had any View or Prospect from the Mountains over which we passed into Pensylvania we noted in what Manner it appeared to our Sight, which was continually Mountaineous, Rocky, and Variety of Hills, and but little low and Level Ground was seen by us on either side of the River after we passed Pahaquelan Mountains.

Truly Copied from the account delivered to the Commissioners of Property at their Meeting p.

JAMES STEEL,
JACOB TAYLOR.

Ordered that a Warrant be made out for Surveying to James Steel and Jacob Taylor four Hundred acres of Vacant Land, which is to be the Gratuity for their Journey to Mackhackamack and Cashetang

David Powel, Surveyor, having agreed for 3,000 acres of Va't Land to be take up back of the late Surveys on which he has Settled divers ffamilies of Palatines, to whom he has sold the whole 3,000 acres. The agreement was made with D. Powel in Sept., 1717, for three hundred Pounds, the Whole to be paid in three sev'll Paym'ts within one year, one hundred Pounds whereof he was to pay down, upon Which the Warrant was to be signed, but he not minding his Part of the agreem't proceeded to dispose of the Land and having learned the Date of the Warr't (tho' not Signed) made and executed Deeds to those Palatines and rece'd of them their ready money and Obliga'ons for what they Cou'd not pay down. The ready money (being at least one-half of what he sold the Land for) he converted to his own Use, and having nothing left to pay for the Land but those Palatines' Obligations, he earnestly requests that the Comm'rs wou'd be pleased to take those Obligations for Pay of those 3,000 acres of Land, who taking into their Consideration the Circumstances of those People to whom he has sold the said Land who are Settled thereon, and that they are an Honest, Industrious People, Do order J. Steel to take those Obligations into his Custody and give Notice to those Palatines that they do forthwith come in and alter the Property of those Obligations from D. Powel to the Trustees, upon their doing of w'ch the Warr't Granted to D. Powel is ordered to be Sealed and delivered to the Survey'r Gen'll, who is thereupon to deliver to each Person to whom the said D. Powel has Sold off the s'd Land, Returns or Certificates to the quantity of 3,000 acres and no more, in Order whereunto the said David Powel is to deliver to James Steel Exact and Distinct Draughts of each Man's quantity of Land, together with his Name, that he may be the Better able to settle this Crooked affair.

Thomas Shute Sets forth that he, together w'th Wm. Allen, having some Time agoe purchased 100 acres of Land, the remaining Part of James Claypool's last Purchase of 5,000 acres, entered Page 48, and having now found a parcell of Land on this Side Parkeawming, left unsurveyed by T. FFairman when he laid out the sev'll Purchases made by J. Shattick and E. Lane, desires that the said 1,000 acres may be Surveyed on the same Consideration, whereof he agrees to pay to the use of the Trustees ffifty Pounds.

Signed a Warr't to James Steel and Jacob Taylor for 400 acres of Land, ordered to them Page 137. James Steel having reported to the Commissioners that pursuant to their Order he has taken into his Hands the sev'll Palatines' Bonds from

David Powel, which amount to near the sum of money he stands indebted for the 3,000 acres of Land, and has sent Word to those People to come in and give other Obligations to the Trustees instead of those given to D. Powel, which are to be delivered cancelled to them upon their so doing, whereupon the Comm'rs have signed the Warr't to D. Powel for the 3,000 acres, and have ordered the same to be Sealed, which is according done. The Warrant bears date at the Time of the agreement, viz, 10, 7ber, 1717.

The three Swansons, Wm. Tidmarsh, who is an under Purchaser, appeared and brought John Moor as Council to Speak for them, who asserted that the Swansons had an early Grant for the said Cripple and Meadow, included with 800 acres of Land granted to their ancestors in the year 1664, and was Survey'd anno 1675, but did not produce it. He further alledged that the Crown had excepted all former Grants and Possessions out of the Royal charter granted to the Prop'r, to which he affirmed with a great Deal of assurance, but Sec'y Logan producing that Charter und'r the Great Seal of England, Challenged John Moor to find out or produce any such Exception in that Grant, which when John Moor perceived was not in it, he then frankly confessed that he had never read it, tho' before he said that he had. The Swedes were told that there cou'd be no Grant of 1664, but what must be then taken under the Dutch Goverment, which afterw'ds became a Conquest and then a Surrender to England. Whereupon all the Inhabitants upon Delaware renewed their Grants from N. York, then Subject to the Crown of England, or upon our Prop'rs arrivall immediately addressed themselves to him for the same Purpose, who well knowing the little advantage the Country wou'd be to him with't Inhab'ts gave all necessary Encouragem't as well to those he found settled here as those that arrived during his Stay, and renewed their Grants as Application was made to him. They were further told that if they wou'd readily accept of the quantity of Mead'w and Cripple granted by the Prop'r to the 3 Widows of the Swansons (some of their mother's) and cause the same to be regularly Surveyed and returned into the Surveyor Gen'lls Office and pay off the quitr'ts due on the same, they might yet have it, otherwise it wou'd be granted to some other Persons (two of those Widows being Dead to whom the Propr'rs Warrant was granted). To this they made no Direct answer but went Muttering out of the House.

About a Week before this Meeting John Swanson and Peter Swanson went with Jacob Taylor and James Steel into the Cripple below Wickaco and not only consented but ffreely assisted in runing and cutting a Line through the Same from the Bridge over Hollanders Creek to the River Delaw., upon a Course East 10 Degrees North.

Thomas Stevenson having in his life Time purchased of Jno. Talmon, of FFlushing, on Long Island, 1,500 acres of Land by Deed Poll, dated ye 11th of June, 1719, Part of 5,000 acres

Sold by Will. Biles, attorney of Tho. Hudson, to Will'm Lawrence, Jno. Talmon, Sam'l Thorn, Joseph Thorn and Benj. FField, all of the same Island. The said Benj. FField, by Deed Poll dated ye 10th of the 4th mo., 1719, for £89, York Money, conveyed to the said T. Stevenson 1,000 acres, being his, the said Benjamin's, share of the said 5,000.

The said Joseph Thorne, by another Deed Poll dated the 11th of June, 1719, for £60, money of N. York, conveyed unto the said T. Stevenson other 500 acres, which with what is above by him conveyed, makes his full Share of the said 5,000 acres granted to them by the s'd William Biles, as aforesaid.

By the above said Deeds it appears that T. Stevenson in his life Time was intituled to 4,000 acres of Land in the afore mentioned Right, and some Time after dyed, leaving his Wife and Joseph Kirkbride his Executors.

The whole 5,000 acres were formerly laid out in Bucks County, on the Line which divides that County and Philad'a County, but the Greater Part thereof being within the Lines of an Earlier Survey made to Dennis Rockford, entered at large in Pag. 105, the said Ex'ors desire Warr'ts to lay out so much as yet remains clear of the Claimants under D. Rockford and the Remainder of the said 4,000 acres where it can be found in the nearest Vacancy.

Samuel Allen, late of this Province, dece'd, Purchaser of 2,000 acres of Land in the said Province, had in his life Time Taken up in severall p'cells 1,840 acres, so that at the Time of his Death there remained untaken up 160 acres, which by his last Will and Testament in Writing, dated the 14th 10 mo., 1699, he bequeathed to his Grandson, Samnel Sisom, who about 10 y'rs since went to Sea in a small Sloop to Antequa, which was taken out of the Harbor in the Night and never was heard of Since.

John Sisom, only Brother to the said Sam'l, by Deeds Dated ye 21 and 22 days of the 1st mo., 1719-20, for £15 Conveyed ye s'd 160 acres to Tho. Shute, who now desires a Warrant to take up the same.

The Commissioners, S Carpenter, Wm. Markham and John Goodson, by Pat. dated 25th 4 m., 1690, confirmed to Hugh

Marsh, Renter, a Lott of Ground on the N. side of Mulberry Street, in Length 306 foot and in Breadth 49 f't and a half, bounded N'd w'th Back Lotts, Eastw'd with Rob't Marsh, his Lott, S. w'd w'th Mulb. Street and West'd with James Potter's Lott, Rent five English Silver Shillings. The same Comm'rs, by another Patent bearing the same date with the foregoing, confirmed to Sarah and Hugh Marsh, in Right of Rob't Marsh's Purchase, one other Lott of Ground of the same dimensions of the foregoing, situate on the East side thereof and joyning thereto, quitr't one English Silver Shill. ye [one] Shill. being on a Rasure, yet seems to be right because Rob't Marsh was Purchaser of 500 acres.

Hugh Marsh ,by assignments on the said Patent, dated the 1st of the 6 mo., 1692, did bargain, Sell and assign both the said Lotts unto James Poulters, who by Deed dated the last Day of the 12th mo'th, 1695-6. granted the above said two Lotts, together with one other Lott laid out to himself of the same Demensions with the fformer and Joyning on the West side of them, to Obadiah Holt, who by Deed Poll dated the 4th day of March, 1698-9, granted the said three Lots of Ground to Mary Shepard, who Still possesses them. The Prop'r, by (large) Deeds of Lease and Release, dated ye 8th 7ber, 1681, Granted to Ann Cawley, of Rowde, in the County of Wilts, 500 acres of Land. The said Ann, by her last Will and Testam't Gave and bequeathed the same to Rich'd Webb, of the same place, who by like Deeds of lease and Release, dated the 30th day of October, 1707, granted the said 500 to Charles Mutell and John Child, who by their Indenture tripartite, date ye 4th 9b'r, 1707, Conveys the s'd 500 acres to Samuel Perry and Abraham Allyss in Trust for the Children of Francis Gaudonet, now of Philad'a, Doct'r of Physick, who desires a warr't for laying out 492 acres, the 8 acres of lib'y Land and Lott being granted and laid out to Richard Hill, of Philadelphia.

The Prop'r, by Deeds of L. and Rel., dated 21, 22 days of 8b'r, 1681, Granted to George FFox 1,259 ac. of Land in this Province, who by his last will and Testament bequeathed the Lotts and Lib'y Land to Friends here, and was confirmed to S. Carpent'r, Rich'd Hill and Anthony Morris, for their use, by Patent dated the 26th 6 mo., 1705, and the Remainder (viz.), 1,230 a's, he by the s'd Testament gave to Tho's Lower, John Rouse and Daniel Abraham.

The said Daniel Abraham and Nath'l Rouse, Son and Heir of the s'd Jno. Rouse, by their Deed (a copy) Ind'rs, dated ye 21 day of June, 1715, for £8 Grants and Releases there shares of the said Land to the said Tho. Lower, who now by his friend David Lloyd, requests a warrant for laying it out.

[This Minute should be entered before the following on the other leaf.] Cornelius Wiltbank, of the County of Sussex, having formerly applyed for 100 acres of Marsh next below Walton Haling's line, in the broad Kill Marshes, obtained a Warr't and Survey on the same, whereupon Margery Green, then Widdow of Thomas Fisher, who dwells at some distance from the s'd marsh laid out to Cornelius, Came up to Philadelphia and made a grievous Complaint (or noise) that the marsh so laid out to him would be very injurious, if not ruinous to

her and her Children, upon which it was ordered that enquiry should be made concerning its situation, which was done by James Steel, who was since the Survey upon the Spot, and says that the 100 acres of Marsh is laid out at some Considerable Distance from any part of her lines, so that her Clamour is groundless, and a Patent is ordered to Cornelius Wiltbank and now signed.

At a meeting of the Commissioners the 21, 9b'r, 1717.

Present, Rich'd Hill, Is. Norris, James Logan.

Martin Kundigg, Hans Heer and Hans FFunk, with several others of their Countrymen, the Palatines, having often applyed to purchase Land to accommodate those of them that are lately arrived in this Province and are their Relations, Friends or Acquaintance, who they assure the Board are honest, Conscientious People.

22d, 9b'r, 1717.

Present, only J. W. and J. L.

The Board taking into Consideration the Circumstances of those People in Relation to their holding of Lands in the Dominions of Great Britain, were asked if they understood the disadvantage they were under by Reason of their being born Aliens, that therefore their Children were uncapable of Inheriting what they purchased, according to the English laws, which in such Cases may be extended hither. They answered they were informed of it before, however inasmuch as they had removed themselves and families hither they were, notwithstanding the s'd Disadvantage, willing to purchase Lands.

It was, further told them by the Commiss'rs that it was their Business to sell the Prop'rs Land to such as would purchase it, but were at the same time willing to let them know, as they (ye s'd persons) were aliens, the Danger that might ensue if not prevented, also that some years agoe a Law was here enacted and passed by the late Queen Ann for enabling Divers aliens, particularly named in the Law, to hold and enjoy Lands in this Province, and that the like advantage might be probably obtained for those amongst themselves that were of good report if a Petition were preferred to this present Assembly when they sit to goe upon Business. With this advice they seem'd pleased and desired to be informed when such a sitting of the Assembly was likely to be.

Signed the following warrants to the Palatines:

The Prop'r, by Indent'rs of L. and Rel., dated 19, 20 Janu'ry, 1681, granted to Tho. Symyns, of the County of Pembrook, Gent., 500 acres of Land, 300 acres whereof was laid out in Haverford, which upon a Resurvey makes 372 acres, the other 200 acres was laid out in ye great Valley. Tho. Symyns, Grandson of the aforesaid Tho., desires a Resurvey on the last and that he may purchase the overplus. Granted.

The Prop'r, by Indent'rs of Lease and Release, dated ye 26th and 27th days of FFeb., 1681, granted to Richard Adams, of upper Hayford, in Worth'n Shier, 500 acres of Land, quitrent one shill. every Hundred acres, as appears by Copies of the s'd L. and Rel., and rec't for Consideration money (viz.), £10, attested by John Vaston. John Adams, Son and Heir of the s'd Rich'd Adams, by his Power of Attorney proved here, authorizes and appoints Hugh Sharp, of the County of Burlington, in West Jersey, to take up the s'd 500 a's. The s'd Hugh thereupon Requests a warr't to lay out the same.

At a meeting of the Commissioners the 2d 11 mo., 1717-8.

Present, Richard Hill, Isaac Norris, James Logan.

Andrew Hamilton having often applyed for a piece of broken low ground at Some distance Northward of the Town line for the Conveniency of a Pasture, which being now taken into Consideration, the Comm'rs agree he shall have about twenty acres laid out to him for the Term of 21 years, under the rent of one shilling sterling for each acre, and to be delivered up at the Expiration of the said Term under a good Fence, and the whole to be well improved at such delivery.

The Comm'rs being informed that M. V. Bebber, from Maryland, taking Henry Hollinsworth with him, he surveyed Land near the head of Pecquea Creek, in this Province, including within the same the old Shawana Town, by Virtue of warrants from Maryland, offering to the People settled under this Governm't to sell Land to them in Right of Maryland and make them good Titles for the same. To prevent any further proceedings of the like Kind for the future it is proposed that speedy measures be forthwith taken to disposses all persons claiming Lands there under the said right, also that a Reward of ten Pounds be publickly offered to any person who shall apprehend any Surveyor coming into those parts to lay out Land on a Maryland right, and deliver him to the Sheriffs or Officers impowered for the like purposes in those parts, that they may be brought to Justice, and therefore James Steel is ordered without delay to be ready to goe to Conestogo with such Instructions as will be necessary to prevent the like disorders for the time to come.

Ordered a War'rt to Peter Chartier for 300 a's of Land where his Father is now settled, being on his father's request, at £10 p. C.

A Warr't to Moses Comb for 200 a's among the other surveys.

Ordered that five hundred acres of Land be granted to Coll. John FFrench in or near the Sawanah old fields, on Pequea Creek, as a Consideration of his Services to the Proprietor and his interest, done and to be done in preventing the Incroachments of Maryland on the Lands of this Province, and that five guineas be paid to said Coll. French for his Expenses in his last Journey to Nottingham and attending the Maryland Jury of Northeast, who were directed by the Commissioners from England for forfeited Lands to make a Return of Coll. Talbot's Mannor between Northeast and Delaware.

Jonathan Dickinson having long applied to this Board to purchase ye Northern Part of Springetsbury Mannor, and Terms having been proposed to him last Winter in order to the same, it is now agreed and concluded that all that part of the said Mannor which lies to the Northw'd of a line to be drawn from the Cove below the Vineyard Tract to the northwest Corner of Abraham Bickley's field, shall be forthwith granted him at one pound Six Shillings and eight Pence Sterling p. acre, to be paid on his Bills in London, together with Interest for the same from the 24th day of the 4th Month last past, in Consideration of which Interest money arising from former Proposals made to him, all those 137½ acres of the Vineyard Tract which he claims, together with the rest, shall be confirmed to him. But that out of the measure of the whole so much shall be allowed to him as the great Road passing through the said Land shall be found to take up, computed at sixty foot in breadth, and the s'd Jonathan is to allow out of his Purchase a smaller Road leading out of the s'd great Road to the Remainder of the Mannor, to be laid near the said Corner of Ab. Bickley's field.

The late Settlements on and near Conestogo Creek, hath made it necessary that the Indian fields about the Town should be inclosed by a good fence to secure the Indians' corn from the Creatures that would otherwise destroy it and thereby cause an uneasiness in those Indians.

Ordered that the said fence be forthwith made and that James Logan pay for the same, provided it exceed not Twenty pounds.

At a meeting of the Comm'rs of Property the 14th Day of the 11 month, 1717-8.

Present, Richard Hill, Isaac Norris, James Logan.

Thomas Stevenson, of the County of Bucks, Attorney to William Lawrence, Joseph Thorn, Benj. Field, Jno. Talmon and Sam'l Thorn, of Long Island, Setts forth that the s'd William Lawrence and others about the year 169 , purchased of William Biles, late of the s'd County, five thousand acres of Land in the said County, belonging to one Tho. Hudson, whose Attorney he then was, and that the said Wm. Lawrence, &c., had never yet had the s'd Land confirmed to them, and therefore desires a Pat. may be now granted for the same. But Thomas Shute, Andrew Hamilton, George Fitzwater and James Steel being invested with the right of the like Quantity of Land, the original Purchase of one Thomas Heriot, made of the Prop'r by Deeds indented of L. and R., dated ye , 1681, objected that in the said right of Heriot there was laid out in the year 1685 unto Dennis Rochford by the Surv'r General's order on 2 Warr'ts, one for 1,200 and the other for 3,000 acres, a tract of Land Containing 4,200 acres, which upon the running of the line that divides the County of Philad'a and Bucks, was found part in the County of Philadelphia and part in the County of Bucks; that part which fell in Bucks County prov'd to be about 3,000 acres, but the whole was returned in one Tract, which said 3,000 acres Sometime afterwards is supposed to be taken in by a Survey, presumed to be made by J's Taylor, of whole said five Thousand acres of Thomas Hudson.

Whereupon the s'd Tho. Stephenson produced a power of Attorney from the s'd Wm. Lawrence and others, and also certain Instructions ordering him to lay the whole matter in Difference before the Commissioners, desiring them to grant a full hearing and then to determine to whom the s'd 3,000 acres should be confirmed, and also that in case the Comm'rs should not think fitt to take that Charge on them, that then the s'd Tho. Stevenson might leave the s'd Matter in Difference to other Honest men, to be chosen on both parts, and that they, the s'd Wm. Lawrence and others, would be concluded by the Judgment of those men.

The Comm'rs not thinking it proper for themselves to undertake the Decision of the matter, advises the parties to choose other Persons as arbitrators and leave the Difference to their Determination.

At a meeting of the Comm'rs of Property ye 29th 11 mo., 1717-8.

Present, Rich'd Hill, Isaac Norris, James Logan.

Pursuant to what Thomas Stevenson, in behalf of Wm. Lawrence, Jos. Thorn, Benj. Field, John Talmon and Sam Thorn. laid before the Commissioners the 14th Instant, He, the said Thomas Stevenson, on behalf of the s'd Persons, did then nominate and choose Jonathan Dickinson and Jeremiah Langhorn, and that Thomas Shute and partners did choose Clement Plumsted and Israel Pemberton on their part and behalf, to hear and Determine the difference of ye 3,000 acres of Land in Controversie, both parties obliging themselves under their hands to stand to the award of those men, who after having fully heard the allegations on both sides and viewed the several writings, precepts, Surveys and Returns laid before them, unanimously agreed that the s'd 3,000 acres in Controversie, lying in Bucks County, of right belongs to Thomas Shute and Partners, as Claimants under Dennis Rochford, to whom it was first laid out, and that the same ought to be Patented to them. The award, under the Hands and Seals of the s'd J. D., J. L., C. P. and J. P., being lodged in this Office, as also a full state of the case affixed thereunto by the said Persons, whereupon the s'd Thomas Shute, George Fitzwater, Andrew Hamilton and James Steel having divided the whole 4,200 acres into several Lotts or shares, desires a Confirmation to each of them for so much as they respectively hold (the 200 acres taken out of the same by an Execution at the suit of Andrew Robeson excepted). To which the Comm'rs agree that upon paying the quitrents due upon the whole and for the overplus Land found in each Lott over and above ye ten p. Cent., that Patents be according granted, but find the Mesne deeds from the Heirs of Rochford are to be laid before J. Logan, that the right to those Claimants may appear to be good.

A Petition from George Dakeyne to the Comm'rs was read, setting forth that he had often requested some part of the marsh and Cripple below N. Castle Town, about 116 acres, and that he had together with his house and Lotts in that Town mortgaged 6 acres of the s'd Marsh to G. Falconar, which unless he can have the Grant and liberty to sell the said marsh and Cripple to pay off the said Mortgage, he expects to be entirely ruined by G. F. J. L. intends to answer the Petition by a Letter.

Joseph Wood, of New Castle, sent up an Information of several Tracts of Land in that County which are valuable and might be disposed off to advantage, which he would either do for the Prop'r or take to them himself at a Price that might be worth his while, which is left to be further Considered.

Abr. Bickley setts forth by his request in writing that there was 500 acres of Land formerly laid out to Wm. Framton in Right of Tho. Bowmans near the Tract called Pickering's Mines, and since upon a resurvey and Division of that Tract the said 500 acres was taken in and Confirmed to John Moor and Jos. Wilcox, and the right to that 500 acres being now vested in the said Abraham, he desires it may be laid to him in the nearest Vacancy. It is ordered that he produce his Right, which if good, his request may be granted.

Jos. Jones requests that two bank Lotts formerly laid out to his Father below Anthony Morrisses Brew house, one of them containing 20 f't front, the other 16 foot, might be confirmed to him by Patent; he alledges that there was formerly a Patent for them both, but it is lost.

The Prop'r, by Deeds of L. and Release, dated the 8th and 9th days of 7b'r, 1681, granted to Ann Olliffe, of the City of Oxon, Widdow, 500 a's of Land in this Province, quitrent one Shill. Sterlin. Middl'x, Baker, and Anna his wife, who is the only Daughter of the said Robert Clarke, and Jane his wife, by Deeds of Lease and Release, dated 14th and 15th Decemb'r, 1716, Granted the said 500 a's of Land, with the appertenances, unto James Robins, of Queenhill, London, Meal factor (to hold, &c.).

The said James Robins, by a Power of attorney, under his hand and Seal certifyed by a notary Publick and witnessed by Tho. Nickson and Richd' Murrey, appoints Capt. John Annis and his Brother Samuel Robins, here in this Province, or either of them, to take up the same, &c. Samuel Robins requests Warrants to take up the said Land and Lotts, with the Lott and Liberty.

The Prop'r, by Deeds Indented of Lease and Release, dated the 26th and 27th days of 7b'r, 1681, granted to Thomas Bayly, of Bristol, in Great Britain, 250 acres of Land in this Province, quit. 1s Sterling p. C't.

The said Thomas Bayly, by like Deeds dated the 8th and 9th days of May, 1713, for £5 granted the said 250 acres to Edward Roberts, of Philad'a, who now desires warr'ts to take up the same, with the Lott and Liberty Land.

Abrah'm Bickley pursuant to the above order produced a transcript from the Records of a grant by Indenture, dated ye 5th 5 mo., 1686, for 1,500 acres of Land made by Sam'l Rich

ardson to Wm. Frampton, being part of Wm. Bowman's purchase of 5,000 acres, whose son, Tho. Bowman, sold the whole to the said Samuel Richardson, 1,000 a's (I suppose) Jno. Budd took in execution for a Debt due from Frampton, the other 500 acres was laid near the tract called Pickering's Mines, as above said.

At a meeting of the Commissioners the 18th 1st month, 1717-8.

Present, Rich'd Hill, Isaac Norris, James Logan.

Application being made to the Comm'rs by Israel Pemberton himself, and that Edmund Lovet, of the County of Bucks, for above thirty years since hath concealed a Patent that was granted him (as is presum'd) by the Prop'r before his first Departure from this Province, for a certain Tract of Land near Pensbury Mannor, which the proprietor afterwards gave him other Land in Exchange and confirmed the same to him by another Patent without taking up the former.

Edmund Lovet being in Town, it was thought fit to send for him and know the Reason why he detained and kept in his hands a Patent for which he had so long agoe receiv'd an equivalent, and to let him know that the Land therein contain'd being in the Possession of Sundry honest People, they might in time to come be disturbed in their just Right. He confessed that he had such a Patent in his keeping, but that he would not give it up till he had satisfaction made him for exchanging those Lands. It was told him that he had never made any demand as was known to them, viz., the Commissioners, and that he ought in case he had any just claim to refer it to friends, if not, the meeting where he belonged to was to be next applied to, and in case he refused to submit his Demand to friends, that then a due course of Law should be taken to recover the said Patent out of his hand.

To which he only answered that he would consider of it.

Ruben Pownal desires the grant of a small Island or two in Delaware River, lying over against his land in Makefield, for conveniency of Range for his Cattle. This lies before C. Read's Land.

John Henry Kuirson having purchased 1,000 acres, part of ye 10,000 acres granted by the Prop'r to Coll. Rhedegelt, formerly obtained a warr't for laying out the same and afterwards a Patent, but the grant to Rhedegelt being disputed, a Bond was taken from Kuirson to Pay £ if this grant from Rhedegelt did not appear Good, and now the said Kuirson supposing the s'd grant to be sufficient, desires his bond may be delivered to him cancell'd, which is left to the Consideration off the Commissioners next meeting.

The right of Rich'd Whitpain's deed to 7,000 a's of Land in this Province, as well as certain Lotts in ye City Philad'a, being entered at large in the Minutes of 30th 6 mo., 1703. Resurveys on ye Land were then requested and granted but not executed, but the said Lands being since sold by the surviving Trustee, mentioned in the said Minutes, to Wm. Aubrey, of London, who conveyed the same to Rees Thomas and Anthony Morris, Jun'r, the whole affair has laid dormant a considerable time by the claim of Jno. Whitpain as heir at Law to the s'd Rich'd. But the said John, sometime before his disease, came to an agreement with ye said R. T and A. M. for a certain divident of the Lands and Lotts, or of the Money that should be made by sale thereof, and thereupon certain Deeds were executed to each other, and soon after the said J. W. made his last Will and Testam't in writing, of which he appointed his wife Ann Whitpain sole Execut'x, giving to her full power to act and do all things requisite in that Affair, whereupon the said A. Whitpain, R. T. and A. M. desires that a certain Tract of Land in West Town, County Chester, might be resurveyed in Order to be Patented. The Deeds of L. and Release from Jno. Blackall, the abovesaid surviving Trustee, to Wm. Aubrey are dated ye 27th and 28th days of 9b'r, 1712, Consideration of the whole purchase, £300 Sterl.

Deeds of Lease and Release from Wm. Aubrey to Rees Thomas and A. Morris are dated ye 24 and 25 days of April, 1713, granting the whole to them (ye 500 a's all along excepted) for £500 Sterling.

Jno. Whitpain, upon certain Articles made between himself and Rees Thomas and Anthony Morris, dated ye 29th May, 1718, agrees with them to pay as soon as money can be raised by the sales of the premises £222 4s 5d, money of Pensylvania, and to Release ye whole grant to them, except so much as his father Zak'a Whitpain disposed of in his life time, upon their securing to him one full third part of the money arising from the sale thereof, the Release is executed by him and Ann his wife, dated the 26th May aforesaid.

PHILADELPHIA, 18*th*, 1 *mo.*, 1718-9.

William Hanby, of Notingham Township, is permitted to settle on the Proprietary's Lott in that Township, and is to have the preterrence of purchasing two hundred Acres thereof in a Regular Piece when the same is to be sold.

Creek.

George Strodd, by Ind'r of L. and Rel., dated 21st and 22d of March, 1686-87, granted 200 acres, part thereof, untaken up unto the said Henry Reynolds. Thomas Pierson, by a return under his hand, Dated the 10th 12 mo., 1685-6, Certifies that he has Resurveyed a Tract of Land for Henry Reynolds on Naaman's Creek, containing 519 a's. Henry Reynolds says the above parcells make up that Tract, but the Deeds from Geo. Strodd are dated a year after the said resurvey and mentions Land untaken up.

Henry Reynolds Petitioned the Commissioners for a resurvey on 250 acres of Land laid out to George Andrews and John Hickman in Chester County, in Order that he might lay a Warr't of 200 acres on the overplus supposed to be in that Tract, which was granted by J. Claypoole and Robert Turner, and ordered to be done by Thomas Holme, dated 6, 9 mo. 1685.

The Prop'r, by Indentures of Lease and Release, dated ye 11 and 12 days of 8b'r, 1681 (as p. attested Copies under Tho. Grew's hand before chief Justice Pratt), granted to Wm. John Milner, Son and heir of Joseph Milner, late of Makefield, in Bucks County, applys for a Patent on his Father's and Uncle D. Milner's Land in that Township, but there being a Sister of his yet living and a Son of another Sister (dece'd), and some sort of Division of the Tract made among themselves, it must be referred till the lines and quantities of the dividends are known before Patents can be made for it.

E. 23 p's to the Beginning, quitrent one Shilling, Silver Money of Pensilv'a, for each Hundred acres (so it is in ye Patent), which must be a mistake, 'tis more likely one shilling for each acre, which it would be were ye word hundred left out. The same Comm'rs, W. M., R. T. and J. G., by Patent dated ye 25, 4 mo., 1694, granted to Griff. Owen, in right of Jno. Eckly,

Edmund Grubb and his Brothers, together with the Heirs of Isaac Savoy and Daniel Herrick, came up to settle their Land, but J. Steel being just setting out on his Journey to Mackhackamock could not attend that Business, wherefore at his return the Office must be searched and those persons sent to when to attend again. They bring a Draught of their Land, called 600 a's, laid out by order of N. C. Court in 7b'r, 1682, by Eph. Harmen to J. Grub, Isaac Savoy and David Henrick in equal shares and proportions, as the Draught calls it.

At a meeting of the Comm'rs ye 4th 6 mo., 1719.

Andrew Hamilton having purchased of Richard Woodworth the back part of his Lot in Chestnut street, adjoyning to his Garden, petitions the Comm'rs for a grant to him of a small piece of vacant ground at the lower end of the same being about 26 foot and about 30 foot deep, or from the lower end of the said lot to the end of Walnut Street Lotts, which is granted in Consideration of twenty Shillings, Curr't Money, and Six pence Sterling quitr't and a Warr't ordered for the same.

At a meeting of the Comm'rs the 22d Xb'r, 1719.

Present, Rich'd Hill, Isaac Norris, James Logan.

The Comm'rs having been informed that the Governments of N. York and of the Jerseys had Passed several Acts for running a division line between those Provinces and fixing the most Northerly branch of the River Delaware, which concern'd this Province very much to see that branch rightly fixed.

Therefore they concluded it expedient to Order J. Steel and J. Taylor to repair to Mackhackamack, a Dutch Township on the E. side of Delaware River, where certain Comm'rs and Surveyors from the above mentioned Provinces were appointed to meet, for which Purpose a Commission was provided, dated ye 19th of ye 4 mo. last, and the said James and Jacob set out on their Journey the 20th of the same Month, and returned again the 2d of the 6 mo. following, an Account of whose Journey is as follows.

In Consideration of J. S. and J. T.'s Expence and Service in their Journey to Mackhackamack and Cacheetang, a Warr't is Ordered to lay out to them Six hundred acres of Land back in the Province, which is to be in full Satisfaction for the same.

David Powel having applied to ye Comm'rs that sundry bonds might be taken for his Debt of £300 to the Trustees for 3,000 acres of Land which he agreed with J. Steel for, and having since sold it to sundry Persons desires that they may have their Land confirmed to them, whereupon J. Steel is ordered to take the said bonds into his Custody and give notice thereof to the People concerned that they may come in and alter the property of those Bonds and take titles for their Land, and David Powel is ordered without Delay to give and deliver to James Steel exact and distinct Draughts and Accounts of every man's quantity of Land so far as will make up ye 3,000 acres. Isaac Norris sets forth that he has purchased the Rights of Charles Marshall and Jonas Smith, laid out for 1,000 acres each, but upon examining the lines and

trying the quantities, he finds a deficiency of a's in Marshall's, which he desires may be laid out to him in the nearest Vacancy.

John Budd and Humphry Murry having purchased a Right of 5,000 a's of Land, the original Purchase of William Bacon, of London, 2,000 a's being already surveyed or secured to be laid out, desires to have the Remainder laid out on the low Ground a little below Mackhackamack, which being considered was thought not convenient to be allowed and therefore they are ordered to take it up elsewhere in the Province where vacant.

Tho. Shute, &c., Sets forth that he, together with W. Allen, having sometime ago purchased of one Wm. Chadwick 1,000 acres, the remaining part of James Claypoole's last purchase of 5,000 acres, and having now found a parcel of Land that cannot well be called vacant, near Parkeoming Creek, craves that he may take the same in that Vacancy, and for that Liberty agrees to pay to the Prop'rs use Fifty pounds.

Abraham Bickly, whose right to 500 acres entered before, is also permitted to take up the same in the Vacancy near Parkeoming.

At a meeting of the Comm'rs of Property 21st 11 mo., 1719-20.

Present, Rich'd Hill, Isaac Norris, James Logan.

The Meadow, Marsh and Cripple below the Town being exactly resurvey'd and a draught thereof laid before the Comm'rs,and the several Grants made heretofore by the Prop'r to sundry Persons being laid down on the same, and there being yet a claim from the Swedes and Wm. Carter from the Moyamensen Patent for 2 Parcels of Meadow of 32 and 31 acres, which together make 63 Acres, which being in their Grant described in such Figures as don't suit with the place, It is thought expedient if those Swedes think fit to lay out those two parcels of Meadow in a regular Manner, which may be much more to their advantage than it now is, their present Bounds being uncertain.

The Comm'rs (viz.), Wm. Markham and Jno. Goodson, confirmed to Joseph Walker a piece of Ground in Philad'a, beginning at Corn'r post standing on the North side of a Swamp which parteth this Lot from Thomas Minshal's and Jno. Tibby's Lot. Thence N. 18 d. E. 40 foot, Then South 72 d. by Jane Blanchard's and Mary Southworth's Lots 80 f't to a Corn'r post standing by the aforementioned Swamp, from thence up the several Courses thereof to the place of Beginning, granted by a Warr't from ourselves, dated the 13th of

7b'r, 1689, and laid out by the Surveyor General's Ord'r ye same day and year to Jos. Walker, Renter, and the said J. W. requesting, &c., Know ye, &c., To have, hold and Enjoy the said Lot, &c., of the Mann'r of Springetsbury, Yielding and Paying, &c., five English Silver Shillings, or value thereof in Coin Curr't, upon the first day of the first Month, dated the 3d day of 8b'r, 1689.

The late Prop'r, by short Deeds of Lease and Release, dated the 10th and 11th days of the first Month, 1694, for £40 Sterl., granted to Joseph Peckover and partners (so expressed) 1,200 acres of Land in Pensylv'a, clear of Indian Incumbrancy, between the Rivers Delaware and Susquehannah, Quitr 1 Shill. Sterl. p. C't, to commence 7 years after taking up.

The said Joseph Peckover and Katherine his wife, Jno. Hichcock and Mary his wife (the said Mary and Katherine being Sisters, who together with one Sarah Long, also another Sister, advanced some part of the purchase Money, and were to have some Shares of the said Land, and therefore were in the original Deeds called partners), by large Deeds of Lease and Release, dated the 12th and 13th days of the 1st Month, 1715-6 for £30 Sterling granted and released the said 1,200 acres to Thomas Story, his Heirs and assigns forever, who by his Attorney, Wm. Fishborn, desires warr'ts to take up the same.

At a meeting of the Comm'rs of Property ye 27th 11 mo., 1719-20.

Present, Rich'd Hill, Isaac Norris, James Logan.

Jno. Swanson, Christ'r Swanson, Peter Swanson having procured a Cavet to be put into the Survey'r Gen'ls Office against any further proceedings in running out of the Meadow and Cripple at Weccoco till their Rights for the same should be audited and Contested.

The Comm'rs (for such are the words of the Cavet) ordered that the Swansons should have notice of the meeting, who

with their Council, Jno. Moor, appeared. He asserted that the Swansons had an early Grant for the said Cripple and Meadow, included with 800 acres granted their ancestors in the year 1664, and was Survey'd anno 1675, but did not produce it. He further alledged that the Crown had excepted all former grants and Possessions out of the Royal Charter granted to the late Prop'r, to which Sec'ry Logan producing the Royall Charter under the great Seal of England, challenged Jno. Moor or any other to find out that exception, which he nor none else could do because there was no such exception therein.

The Swedes were further told that if they would readily accept of the quantity of Meadow and Cripple granted by the Prop'rs Warr't, they should have it, otherwise it would be granted to other Persons, to which they made no direct answer but went muttering out of the House.

Thomas Stevenson having in his life time purchased of John Talman, of Flushing, on Long Island, 1,500 acres of Land, by Deed Poll dated ye 11th of June, anno 1719, part of 5,000 acres sold by Wm. Biles as attorney of Tho. Hudson, to William Lawrence, John Talman, Samuel Thorn, Joseph Thorn and Benj. Field, all of the same Island.

The said Benjamin Field, by his Deed Poll dated the 10th day of the 4th Month, 1719, for £89, York Money, granted and conveyed one thousand acres to the said Tho. Stevenson, being his, the said Benjamin, Share of the said 5,000 acres.

Joseph Thorn, of Flushing aforesaid, by his Deed Poll dated the 25th day of July, 1718, for £30, Curr't Money of America, granted and conveyed unto the said Tho. Stevenson 500 a's, being also part of the above 5,000 acres.

William Lawrence, of Flushing aforesaid, by his Deed Poll dated the 11th of June, 1719, for £57 10s, Money of New York, granted and conveyed 500 acres, a further part of the said 5,000 acres, to the said Tho. Stevenson.

The abovesaid Joseph Thorn, by another Deed Poll dated the 11th day of June, 1719, for £60, Money of N. York, granted unto the said Tho. Stevenson 500 acres, which with what he granted to him before makes his full share of the 5,000 acres first granted to them by Wm. Biles.

By the aforementioned Deeds it appears that the said Tho. Stevenson in his life time was intitled to 4,000 acres of Land, and soon after dyed, leaving his wife and Joseph Kirkbride his Exec'rs, who now requests Warr'ts for laying out the whole. NOTE. The whole 5,000 acres was formerly survey'd and sold to the above Persons of Long Island by Wm. Biles, under certain Bounds, but the greater part being under an earlier Survey to Dennis Rochford, is taken by his assignees.

The Comm'rs, S. Carp., W. Mark. and J. G., by Pat. dated 25th 4 mo., 1690, confirmed to Hugh Marsh, Renter, a Lot of Ground on the North side of Mulb. Street, in length 306 f't, in breadth 49, bounded N. with back Lots, E. with R. Marsh, his Lot, Southward with Mulb. Street, and to the Westward with James Potter's lot, quitrent five English Silver Shillings.

The same Comm'rs by another patent dated the same day and year with the former, confirmed to Sarah and Hugh Marsh (in right of Robert Marsh's purchase) one other lot of Ground of the same dimentions with the foregoing, Situate on ye E. side thereof and joyning thereto, quitrent one English Silver Shilling, the (one) shilling being on a resurvey, yet seems to be right because Robert Marsh was a Purchaser of 500 acres. Hugh Marsh, by an assignment on each of the above Patents, dated the first day of the Sixth Month, 1692, Did Bargain, sell and assign the aforesaid Lotts to James Poulter, who by Deed the last day of the 12 Mo., 1695-6, granted the abovesaid 2 Lotts, with one other Lot laid out to himself, of the same Dimentions with the former and joyning on the West side of them, to Obediah Holt, who by Deed Poll dated the 4 day of March, 1698-9, Granted the said 3 Lotts to Mary Shepard, who now holds them.

The Lot laid out to James Poulter is a rent Lot, viz., 5 English Shillings.

Samuel Allen (late of this Province, dece'd), purchaser of 2,000 acres of Land, had in his life time taken up in several Parcells 1,840 acres, so that at the time of his Death there remained 160 acres untaken up, which by his last will and Testament in writing, dated the 14th of the 10th Month, 1699, he bequeathed to his Grandson, Samuel Sisom, who about 10 years since went to Sea in a small Sloop to Antequa, which was stolen and run away with in the night and never heard of since. Jno. Sisom, Brother to the said Samuel, as heir to him, by Deed dated ye day of the first Month, 1719-20, for £15 Granted the said 160 acres to Thomas Shute, who now desires a warr't to take up the same.

which leads to Wissahiconk and joyning to J. Logan's Pasture, for 14 years from the 1st day of the 1st Month, at the yearly rent of £6, and to level the Ground where he diggs his Clay every year, and surrend'r the whole so levelled and the Killns.

C. Court. The 600 acres are laid out to John Grub, Isaac Savoy and David Hendricks in equal shares. Is. Savoy and David Hendricks dying, Jno. Grub, Sen'r, in his life time claimed the whole by Survivorship when the Prop'r was last here, but the Prop'r having when first here granted to Savoy and Hendricks two Tracts in West Jersey, in the place called Penny Neck, in Exchange for their Lands on this side of Delaware, which was always understood to be in full Satisfaction for their whole claim, wherefore the said Jacob Savoy, Jno. Savoy and P. Poilderbeck were told that if they should make any Grant of the 400 acres, part of the 600 acres, their Lands which they enjoy in Penn's Neck will be called in Question, and that the Proprietary will insist upon holding the Lands on the side the River. Jacob Savoy says they have absolute Deeds without any Conditions of Exchange, which he says he will produce, till then the affair is referred.

Can by the Prop'rs Warr't, who assigned to Jos. Cookson, the Rent 1 bush'l of Wheat for every 100 acres, to be paid at N. C. The words (one bush'l winter wheat) are on a Rasure, but seems to be writ in the same hand as the Patent. The present owner's name is Wm. Hughes.

Isaac Norris being at Burlington when E. Powel and the other Nottingham People requested the Grant of the above strip of Land, so that the Commr's could not meet about it, wherefore it was thought expedient by Secret'y Logan that J. The said Jno. Buckly, Jos. Grub and B. Moulder therefore desire that they may hold the same Land at and under the priec they agreed with Jno. Estaugh, which is Granted, they paying two years Interest, which is from the time of their said agreement.

Agreed with Jno. Buckly for the old Plantation of Stockdel's at £3 p. ann. for 5 or 7 years.

Jno. Buckly says that Isaac Savoy and David Bilderbeck were seated on the Land where Stockdel's Plantation as 'tis called, when he first came into the Country in the year 1682, That they had but 50 acres each of them on the River's side, That soon after the Prop'r happening to come to Savoy's and Bilderbeck's House, they complained to him for want of Marsh, whereupon the Prop'r told them that he had Land and Marsh on the other side of the River which he would exchange with them for their Land on this side of Dellaware, which they were willing to do, and in order to which Rob't Wade and some other person were appointed to view their Land on this side and allow them so much on the other side ye River, and the Prop'r was to pay them for their improvements besides the Land as would Satisfy them, which was ac-

cording done, whereupon the said Isaac and David removed over the River and had their Land confirmed to them there and never to his Knowledge made any claims to any Lands on this side Dellaware during their lives.

Songhurst alleges that there has been but part of the Land mentioned in the above Deeds yet laid out, therefore requests that a Warr't for the remainder may be granted to him.
